Page Left Intentionally Blank

Transportation & Storm Water

The Transportation and Storm Water Department's Capital Improvements Program includes roadway infrastructure and drainage improvements within the public right-of-way. The Department's Traffic Engineering Operations Division manages the City's roadway infrastructure of 2,659 centerline miles of asphalt streets and 115 centerline miles of concrete streets. The Division is also responsible for the planning and programming of capital improvement projects which include resurfacing, reconstruction, and replacement of streets and sidewalks, in addition to the engineering of traffic systems to improve traffic flow and safety for motorists, pedestrians, and cyclists.

The Department's Storm Water Division leads the City's efforts to protect and improve water quality through capital improvement projects focused on providing the most efficient storm drain system and meeting Best Management Practices (BMPs) to capture or treat storm water runoff.

The Utilities Undergrounding Program plans for the removal of utility lines (electric, phone, cable) and affiliated poles from overhead for relocation underground. Although the City has been undergrounding overhead utility lines since 1970, the City's program expanded in 2003 following the California Public Utilities Commission approval of an undergrounding surcharge on San Diego residents' electricity bills. This surcharge is the primary funding source for the program. The expanded program has undergrounded 359 miles of utility lines out of a total of 1,439 miles.

Funding for the Department's projects comes from a variety of sources such as development impact fees, facilities benefit assessments, deferred capital project bond financing, TransNet and grants.

2012 CIP Accomplishments

In Fiscal Year 2012, the Transportation and Storm Water Department saw the completion of a number of capital projects which included the construction of 59 pedestrian, roadway, and traffic improvement projects in addition to resurfacing approximately 75 miles of streets.

Completed transportation projects include the following:

- La Jolla Village Drive and I-805 Ramp project widened the overpass, added auxiliary lanes, bike lanes and reconfigured the interchange to provide greater capacity and traffic circulation improvements to this heavily used interchange.
- Carroll Canyon Road Extension project, constructed jointly with Caltrans, improved traffic circulation by providing a collector street with bike lanes and direct access ramps to the freeways.
- Aldine Drive and Fairmount Avenue Slope project constructed stability improvements to a slope impacted by heavy rain events. The project ensured that traffic on the affected roadways would no longer be impaired
- Rose Creek Bikeway project constructed a pedestrian and bicycle bridge across Rose Creek and closed a gap in the existing network of bike lanes and paths in Mission Bay Park.

To improve storm drain infrastructure, the Department completed the construction of 11 projects that included:

- Mission Bay Sewage Interceptor System upgraded low flow diversion sites which redirect storm water runoff from the storm drains to the sewer systems during low flow conditions.

Transportation & Storm Water

- The Memorial Park Infiltration Basin was the City's first large scale water quality improvement project. The construction of this project was designed to remove pollutants from storm water before it entered the public waterways. Projects of this type satisfy watershed-based water quality activity requirements.
- The Department also completed storm drain repairs at the following locations that were local emergencies: 5670 Bounty, Via Esprillo, Carmel Mountain Road, and 47th Street and Market.

The Utilities Undergrounding Program will relocate between 15 and 20 miles of overhead utilities in Fiscal Year 2012.

2013 CIP Goals

In Fiscal Year 2013, the Department plans to resurface 80 miles of roads; complete the construction of 41 pedestrian, roadway, and traffic improvements projects; and establish new transportation projects including sidewalks, traffic calming, signal modifications, street lights, bridge rehabilitation, and bike facilities.

Projects scheduled to be completed in Fiscal Year 2013 include:

- Talbot Street Slope Restoration project will stabilize the eroded slope and protect houses at the top of the slope.
- Azalea Park Artistic Enhancement is part of a community revitalization effort including pedestrian and vehicular enhancements as well as community identification signage.
- San Diego River Multi-Use Path provides increased mobility and safety for bicyclists and pedestrians along the north side of the San Diego River from Hazard Center Drive to Fashion Valley.
- Skyline Drive Improvements will provide for enhanced traffic flow and corridor walkability.
- Ted Williams Pedestrian Bridge will provide for increased pedestrian safety to fulfill a community request.
- University Avenue Mobility Project will improve safety and mobility along the corridor for pedestrians, bicyclists, transit and automobile traffic.
- Palm Avenue Roadway Improvements project provides for vehicular and traffic safety improvements on Pam Avenue from Beyer Way to Interstate 805.
- 25th Street Renaissance Project will construct pedestrian amenities, traffic calming, and streetscape improvements.

In addition, the Storm Water Division is scheduled to complete the construction of seven pipeline replacement and water quality projects. Projects in design and/or construction include the Kellogg Park Green Lot Infiltration System, Nye Street Storm Drain Replacement, Arden Way Storm Drain Replacement, 46th Slope Restoration, La Cresta Storm Drain Pipe Replacement, Judy Lee Storm Drain, and the Maryland Street Storm Drain Replacement.

The Utilities Undergrounding Program plans to relocate 17 miles of overhead utilities in Fiscal Year 2013.

Transportation & Storm Water

Trans - Signals - Calming/Speed Abatement

25th Street Renaissance Project / S00985

Council District:	3, 8, 9	Priority Score:	61
Community Plan:	Golden Hill	Priority Category:	High
Project Status:	Released	Contact Information:	Johnson, Brad
Duration:	2009 - 2013		619-533-5120
Improv Type:	New		bjohnson@sandiego.gov

Description: This project provides for the construction of pedestrian amenities, traffic calming, streetscape improvements and parking along 25th Street from Highway 94 to Balboa Park. The focus of the improvements is between E Street and B Street.

Justification: This project will provide traffic calming and improve pedestrian safety.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Golden Hill Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary design began in Fiscal Year 2009 and was completed in Fiscal Year 2011. Design began in Fiscal Year 2011 and was completed in Fiscal Year 2012. Project construction is scheduled to begin and to be completed in Fiscal Year 2013.

Summary of Project Changes: In Fiscal Year 2012, an additional \$1,500,000 in TransNet funding was allocated to this project per City Council Resolution R-307150, dated November 30, 2011. There are no significant changes to the project for Fiscal Year 2013.

Drainage - Storm Drain Pipes

34th Street Storm Drain / S11001

Council District: 3	Priority Score: 48
Community Plan: Golden Hill	Priority Category: High
Project Status: Created	Contact Information: Batta, Jamal
Duration: 2011 - 2014	619-533-7982
Improv Type: Replacement	jbatta@sanidiego.gov

Description: This project provides for improved flood control by upgrading the existing pipe and outfall along 34th Street.

Justification: This project will alleviate frequent flooding during normal storm events as a result of failure at the discharge end of the pipe.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Golden Hill Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2011 and is anticipated to end in Fiscal Year 2013. Construction is scheduled to begin in Fiscal Year 2013 and is anticipated to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant changes have been made to this project for Fiscal Year 2013.

35th & 34th at Madison Avenue Improvements / S00922

Council District: 3	Priority Score: 76
Community Plan: Normal Heights (Mid-City)	Priority Category: High
Project Status: Released	Contact Information: Johnson, Brad
Duration: 2008 - 2016	619-533-5120
Improv Type: Betterment	bjohnson@sandiego.gov

Description: This project provides for the reconstruction of the curb, gutter and sidewalk on 34th and 35th Streets from Adams Avenue to Madison Avenue, and on Madison Avenue from Felton Street to 35th Street.

Justification: This project is required in order to mitigate drainage problems and reduce flooding.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mid-City: Normal Heights Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary work on this project was completed in Fiscal Year 2009. Design is scheduled to be completed in Fiscal Year 2013. Construction is scheduled for Fiscal Year 2015.

Summary of Project Changes: TransNet funding in the amount of \$46,235 has been allocated to this project for Fiscal Year 2013.

Project Status: Released	Contact Information: Medina, Camille
Duration: 2006 - 2012	619-533-6742
Improv Type: Betterment	cmedina@sandiego.gov

Description: This project is the result of a relinquishment agreement between the City of San Diego and Caltrans and provides for the landscape maintenance of 36th Street between Imperial Avenue and Market Street.

Justification: This project was approved by the City Council Resolution No. R-300154 and will provide for plant establishment as defined in the standard specifications for the construction of local street and roads.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mid-City: Eastern Area Community Plan and is in conformance with the City's General Plan.

Schedule: Plant establishment began in Fiscal Year 2010 and was completed in Fiscal Year 2012.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Trans - Roadway

38th Street Improvements / S00930

Council District: 3	Priority Score: 81
Community Plan: City Heights	Priority Category: High
Project Status: Released	Contact Information: Johnson, Brad
Duration: 2008 - 2013	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides full street improvements on 38th Street from Dwight Street north to terminus. Improvements will include curb, gutter, driveways, sidewalk, pedestrian ramps, pavement, drainage facilities, angled on-street parking, etc. The improvements will comply with current local, State and federal safety and accessibility codes and regulations.

Justification: Street improvements are needed to comply with the City's design guides for the improvement of public right-of-way.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: The project is consistent with the Mid-City: City Heights Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2010 and was completed in Fiscal Year 2012. Construction is scheduled to begin in Fiscal Year 2013.

Summary of Project Changes: Schedule has been revised due to design issues with storm water improvements.

Trans - Roadway

43rd Street Widening / S00845

Council District: 4	Priority Score: 55
Community Plan: Southeastern San Diego	Priority Category: Medium
Project Status: Released	Contact Information: Palaseyed, Abi
Duration: 1989 - 2013	619-533-4654
Improv Type: Betterment	apalaseyed@sandiego.gov

Description: This project provides for realigning the intersection at 43rd Street and National Avenue. This project will make necessary traffic enhancements to handle the increased daily traffic associated with the residential, industrial and commercial development of the State Route 252 Corridor (approximately 66 acres).

Justification: This project is a major component in the development of the State Route 252 Corridor within the Southcrest Project. The street currently handles approximately 12,000 weekday trips. Once development on the corridor is complete, the number of trips will increase significantly. The Southeastern San Diego Community Plan recommends improvement to four lanes to handle the current capacity.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Southeastern San Diego Community Plan and is in conformance with the City's General Plan.

Schedule: Design and land acquisition began in Fiscal Year 2002 and was completed in Fiscal Year 2009. Construction began in Fiscal Year 2011 and is scheduled to be completed in Fiscal Year 2013.

Summary of Project Changes: The Transportation and Storm Water Department is allocating \$60,000 to this project in Fiscal Year 2013 for the purpose of constructing storm water biofiltration features. General fund contributions for this purpose had previously been appropriated to the project but were deappropriated as part of the Fiscal Year 2010 Year-End General Fund Solution. Part of the funding shortfall created by the deappropriation was addressed through project cost reductions due to lower bids coming in under the engineer's estimate, therefore only \$60,000 is needed to complete construction.

54th Street/Euclid Avenue Bikeways / S00956

Council District: 3, 4	Priority Score: 91
Community Plan: Southeastern San Diego, College Area	Priority Category: High
Project Status: Released	Contact Information: Martedi Gaetano
Duration: 2008 - 2012	619-533-5410
Improv Type: New	gmartedi@sandiego.gov

Description: This project provides for the installation of Class II Bike Lanes on 54th Street between Trojan and Euclid Avenues and for Class III Bike Route signage and pavement markings along Euclid Avenue between 54th Street and Market Street.

Justification: This project will close a gap in bicycle routes between the College Area and Southeastern San Diego and its neighborhoods and provide a safer route for bicyclists.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Southeastern San Diego and College Area Community Plans and is in conformance with the City's General Plan.

Schedule: Design and construction began in Fiscal Year 2010. Construction was completed in Fiscal Year 2012.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Aldine Drive and Fairmount Drive Slope Restoration / S00865

Council District: 3	Priority Score: 78
Community Plan: Kensington - Talmadge (Mid-City)	Priority Category: High
Project Status: Released	Contact Information: Batta, Jamal
Duration: 2006 - 2015	619-533-7482
Improv Type: Betterment	jbatta@sandiego.gov

Description: This project provides for the evaluation, design and construction of slope stability improvements along the south side of Aldine Drive between Fairmont Avenue and Van Dyke Avenue. Located in the Kensington Community Area of Council District 3.

Justification: The inordinate amount of rainfall from the 2004/2005 rainy season caused erosion of sections of the slope along the south side of Aldine Drive between Fairmont Avenue and Van Dyke Avenue.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project implements the Mid-City: Kensington-Talmadge Community Plan and is in conformance with the City's General Plan.

Schedule: Design began and was completed in Fiscal Year 2010. Construction began in Fiscal Year 2011 and was completed in Fiscal Year 2012. There will be 25 months of maintenance after the completion of construction. It is anticipated that the project will be closed in Fiscal Year 2014.

Summary of Project Changes: TransNet funding in the amount of \$300,000 has been allocated to this project for Fiscal Year 2013.

Project Status: Released	Contact Information: Handal, Mike
Duration: 2010 - 2016	619-533-7588
Improv Type: Betterment	mhandal@sandiego.gov

Description: This project will repair the erosion and damage to the lower La Jolla Canyon bounded by Alta La Jolla Drive and the cul-de-sac at Vickie Drive.

Justification: This project is part of the settlement agreement and limited release entered into by the La Jolla Alta Master Council and the City of San Diego.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Schedule: Design will be completed in Fiscal Year 2013. Construction schedule is subject to receipt of State and federal permits. It is anticipated that construction will begin in Fiscal Year 2014.

Summary of Project Changes: Funding for construction has not been received. Construction funds will be received from the insurance provider. No significant change has been made to this project for Fiscal Year 2013.

Alvarado Canyon Road Realignment / S00894

Council District: 7	Priority Score: 59
Community Plan: Navajo	Priority Category: High
Project Status: Released	Contact Information: Johnson, Brad
Duration: 2006 - 2015	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for the realignment of Alvarado Canyon Road from 380 feet east of the Fairmount Avenue and Camino Del Rio North intersection to the Fairmount Avenue and Mission Gorge Road intersection. Improvements for this two-lane collector street will include a structure over the existing concrete drainage channel, removal of some existing pavement, re-grading of affected private parcels and traffic signal modifications.

Justification: This project will improve the traffic flow at the Interstate 8, Fairmount Avenue and Mission Gorge Road interchange.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is in conformance with the City's General Plan. The proposed realignment requires an amendment to the Navajo Community Plan.

Schedule: Preliminary engineering began in Fiscal Year 2009 and continued through Fiscal Year 2010. Design will begin once the Navajo Community Plan Amendment is finalized.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Azalea Park Neighborhood Identification / S00699

Council District: 3	Priority Score: N/A
Community Plan: City Heights (Mid-City)	Priority Category: N/A
Project Status: Released	Contact Information: Johnson, Brad
Duration: 2004 - 2012	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for the construction of new vehicular and pedestrian improvements, including raised medians, sidewalks and curb ramps, enhanced crosswalks and curb-extensions, (which are to be funded by Development Impact Fees), neighborhood identification signs (which are to be funded by Community Development Block Grants), and seating areas. This project is part of a community revitalization effort outlined in the Azalea Park-Hollywood Park Revitalization Action Program. The specific locations of this portion of the project are the intersections of Poplar Street and Fairmount Avenue and Poplar Street and Tulip Street.

Justification: These improvements will benefit the community by increasing safety, improving the flow of traffic, enhancing pedestrian access, and promoting community identification.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation and Storm Water budget.

Relationship to General and Community Plans: This project implements the recommendations found in the Mid-City Community Plan and the Azalea Park-Hollywood Park Revitalization Action Program and is in conformance with the City's General Plan.

Schedule: The preliminary design process for the raised medians, neighborhood identification signs and seating areas, which included neighborhood residents' involvement, was completed. Design began in Fiscal Year 2007 and was completed in Fiscal Year 2011. Construction of vehicular and pedestrian improvements began in Fiscal Year 2011 and was completed in Fiscal Year 2012. Community identification signs are scheduled for Fiscal Year 2013.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Project Status: Released	Contact Information: Fuentes, Julio
Duration: 2003 - 2014	619-533-3092
Improv Type: Betterment	jfuentes@sanidiego.gov

Description: This project provides for improvements to the former State Route 274, which is Balboa Avenue. This project is divided into three phases. Phase I begins at Interstate 5 and ends at Interstate 805. Phase II begins at Interstate 805 and ends at Interstate 15. Improvements to both phases consist of roadway widening, construction of new curbs, gutters, and sidewalks, reconstruction of existing sidewalks and medians, installation of a new traffic signal(s), modification of existing traffic signals, and new bicycle routes. Phase III will install community signs at the Kearny Mesa Community boundaries.

Justification: This project is funded by a State contribution agreement as part of the relinquishment of State Route 274 to the City of San Diego.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Clairemont Mesa and Kearny Mesa Community Plans and is in conformance with the City's General Plan.

Schedule: Phase I - Preliminary engineering was completed in Fiscal Year 2005. Design began in Fiscal Year 2005 and was completed in Fiscal Year 2006. Construction began in Fiscal Year 2008 and was completed in Fiscal Year 2009. Council District: 3	Priority Score: N/A
Community Plan: Balboa Park	Priority Category: N/A
Project Status: Released	Contact Information: Darvishi, Ali
Duration: 2009 - 2012	619-533-5328
Improv Type: Betterment	adarvishi@sanidiego.gov

Description: This project provides for evaluation, design, and construction to repair a damaged storm drain that leads from Park Boulevard and the San Diego Zoo parking lot into the Florida Canyon creek bed.

Justification: This project repairs a damaged storm drain caused by erosion of a gully that spans the entire length of Florida Canyon, from Park Boulevard east to the creek bed. This project will repair the storm drain to prevent further erosion and allow a north-south trail access to continue through the west side of Florida Canyon.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Balboa Park Master Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2009. Construction began in Fiscal Year 2009 and was completed in Fiscal Year 2010. The five year mitigation and monitoring requirements for this project began in Fiscal Year 2011.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Drainage - Best Mgt Practices (BMPs)

Beach Area Low Flow Storm Drain Diversion / S00603

Council District: 1, 2	Priority Score: N/A
Community Plan: La Jolla, Pacific Beach	Priority Category: N/A
Project Status: Technically completed	Contact Information: Batta, Jamal
Duration: 1998 - 2010	619-533-7482
Improv Type: New	jbatta@sanidiego.gov

Description: This project provides for the beach area interception and diversion of sewer spills and storm drain low-flows. Federal grants are available for 55 percent of the construction costs for Phase II, which has 10 sites and Phase III, which has 11 sites.

Justification: This project provides for returning dry weather sewer overflows and low flow storm runoff to the sewer, preventing pollution in the beach areas.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the La Jolla and Pacific Beach Community Plans and is in conformance with the City's General Plan.

Schedule: Phase I, completed construction. Phase II, design completed in Fiscal Year 2004 and construction was completed in early Fiscal Year 2008. Phase III, design and construction were completed in Fiscal Year 2010.

Summary of Project Changes: This project has been completed and will be closed by the end of the fiscal year.

Project Status: Created	Contact Information: Batta, Jamal
Duration: 2010 - 2013	619-533-7482
Improv Type: Replacement	jbatta@sandiego.gov

Description: The Bear Drive Retaining Wall project will replace an approximately 55 foot long by 8.5 foot high damaged section of the existing retaining wall that supports the side of Bear Drive.

Justification: This project is needed in order to maintain the roadway and provide public safety.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Uptown Community Plan and is in conformance with the City's General Plan.

Schedule: Design and construction began in Fiscal Year 2011 and are scheduled to be completed in Fiscal Year 2013.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Bicycle Loop Detectors / S11058

Council District:	2, 3, 4, 7, 8, 9	Priority Score:	24
Community Plan:	Greater North Park, Uptown	Priority Category:	Low
Project Status:	Released	Contact Information:	Hughes, Duncan
Duration:	2011 - 2013		619-533-3141
Improv Type:	Betterment		dhughes@sandiego.gov

Description: This project provides for the installation of bicycle detection of 20 intersections at various locations within the Balboa Park, Barrio Logan, Centre City, College Area, Mission Beach, Otay Mesa-Nestor, Skyline-Paradise Hills, Southeastern and Uptown communities.

Justification: This project will promote bicycle safety and mobility by providing detection to enable bicycles to actuate traffic signals. All locations are in older parts of the City where the existing loop detection systems are not sensitive enough to detect bicycles.

Operating Budget Impact: None. The new detection systems will not require any more maintenance than the older existing systems.

Relationship to General and Community Plans: This project is consistent with the Balboa Park, Barrio Logan, Centre City, College Area, Mission Beach, Otay Mesa-Nestor, Skyline-Paradise Hills, Southeastern and Uptown Community Plans and with the City's General Plan (Mobility Element), and the City's Bicycle Master Plan.

Schedule: Design and construction began in Fiscal Year 2011. Construction was completed in Fiscal Year 2012.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Bicycle Master Plan / S00948

Council District: Citywide	Priority Score: N/A
Community Plan: Citywide	Priority Category: N/A
Project Status: Released	Contact Information: Pazargadi, Siavash
Duration: 2003 - 2011	619-533-3757
Improv Type: New	spazargadi@sandiego.gov

Description: This project updates the current Bicycle Master Plan that was completed in 2002. This update provides for documenting existing conditions and making recommendations for future bicycle facilities. It is an essential reference tool for updating community plans, and for use in reviewing development proposals and street improvement plans.

Justification: To facilitate grant fund applications, a new Master Plan is required to update the existing 2002 Bicycle Master Plan.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: The Request for Proposal was issued in January 2008 and the Master Plan project was completed in Fiscal Year 2011.

Summary of Project Changes: The project was completed and will be closed by the end of the fiscal year.

Project Status: Released	Contact Information: Johnson, Brad
Duration: 2006 - 2011	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides traffic calming measures to reduce speed and improve safety and walkability on La Jolla Boulevard. The project includes three modern roundabouts on La Jolla Boulevard and three mini roundabouts on connecting residential streets. La Jolla Boulevard will be reduced from four to two lanes. The project also includes 20 additional traffic calming measures on connecting residential streets.

Justification: This project will reduce traffic speed and improve traffic flow and safety on La Jolla Boulevard. The project also reduces speed and minimizes traffic on surrounding area streets. This project is in accordance with the La Jolla Public Facilities Financing Plan, Project T-13.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2004 and was completed in Fiscal Year 2007. Construction will be scheduled in two phases. Phase I construction was completed in Fiscal Year 2008 and Phase II was completed in Fiscal Year 2010 when the Notice of Completion was processed.

Summary of Project Changes: This project has been completed and will be closed by the end of the fiscal year.

Project Status: Released	Contact Information: Kuzminsky, Larry
Duration: 2007 - 2012	619-533-3065
Improv Type: Betterment	lkuzminsky@sandiego.gov

Description: This project provides for the development of bridge preventive maintenance assessments. It will provide an evaluation of 318 existing vehicular bridges, analyze current industry practices, and determine the cost benefits of program implementation.

Justification: Bridges identified in this assessment will be considered for participation in a future preventive maintenance construction contract. This will minimize structural deficiencies and extend bridge existence.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: The program began in Fiscal Year 2007 and continued through Fiscal Year 2012 per terms of the grant.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Bus Stop Improvements / AID00007

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Released	Contact Information: Celniker, Steve
Duration: 2010 - 2020	619-533-3611
Improv Type: Betterment	scelniker@sandiego.gov

Description: This project will provide for the installation of concrete pads in the roadways at bus stops city-wide. The project is funded by the City's share of bus stop advertising revenue. Funding for the project was provided per terms of an agreement with San Diego Metropolitan Transit System in Fiscal Years 2011, 2012 and 2103.

Justification: Asphalt street pavement at bus stops may be damaged by rippling and potholing caused by friction from bus tires when buses decelerate, accelerate or turn. This project provides for replacing asphalt paving at bus stops with concrete pads in the street that better withstand the wear from buses. This extends pavement life and reduces maintenance costs.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Project Status: Released	Contact Information: Fuentes, Julio
Duration: 2011 - 2013	619-533-3092
Improv Type: New	jfuentes@sandiego.gov

Description: This project will install curb, gutter, and sidewalk on Caliente Avenue from Otay Mesa Road to Airway Road.

Justification: The purpose of this project is to provide improved pedestrian access.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation and Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Design and construction were scheduled to begin and to be completed in Fiscal Year 2012.

Summary of Project Changes: Caltrans will design and construct this project as part of the South Route 905 construction and the City will reimburse the entire project cost to Caltrans upon completion. As a result of the cooperative agreement with Caltrans, funding for the project was reduced by \$579,840 per City Council Resolution R-307145, dated November 11, 2011. City share of the project is estimated to be \$100,160.

Trans - Roadway

Camino Del Sur (Bernardo Lakes / Lone Quail Rd) / RD11000

Council District: 1	Priority Score: N/A
Community Plan: Black Mountain Ranch	Priority Category: N/A
Project Status: Released	Contact Information: Abeyta, Angela
Duration: 2011 - 2012	619-533-3674
Improv Type: New	aabeyta@sanidiego.gov

Description: Design and construct a four-lane major roadway within a six-lane right-of-way. The project will be built in two phases. The first phase consists of the two northerly lanes between Bernardo Lakes Drive and Lone Quail Road that have been built as a subdivider improvement. The second phase consists of design and construction of the southerly two lanes and the median from Bernardo Lakes Drive to Lone Quail Road. This is project T-34.2 in the Black Mountain Ranch Public Facilities Financing Plan.

Justification: This facility is required to accommodate traffic generated by new development in Black Mountain Ranch and surrounding communities as well as existing sub-regional traffic needs.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Black Mountain Ranch Community Plan and is in conformance with the City's General Plan.

Schedule: Reimbursement to the developer is anticipated in Fiscal Year 2013.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Camino Del Sur-SR 56 to Carmel Valley Road / S00899

Council District: 1	Priority Score: N/A
Community Plan: Torrey Highlands	Priority Category: N/A
Project Status: Released	Contact Information: Tracanna, John
Duration: 2003 - 2014	619-533-3682
Improv Type: New	jtracanna@sandiego.gov

Description: This project provides for the construction of Camino del Sur between State Route 56 and Carmel Valley Road as a two-lane interim roadway (40-foot paved width) within the right-of-way for a future six-lane facility. Additional lanes may be required in the immediate vicinity of the interchange. This project will be constructed by the developer who will be reimbursed.

Justification: This project will accommodate the increase in vehicular traffic caused by development in the area and is funded by development within Torrey Highlands.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Torrey Highlands Subarea Plan and is in conformance with the City's General Plan. See Projects T2.1 and T2.2 in the Torrey Highlands Ranch Financing Plan.

Schedule: The initial four lanes of this project are complete and reimbursement to the developer is pending, contingent upon fees collected within the community and an amendment to the original reimbursement agreement. The final two lanes of the project within the six lane right-of-way are tentatively scheduled for Fiscal Year 2014 dependent upon the rate of development within the community.

Summary of Project Changes: Black Mountain Ranch Facilities Benefit Assessment funding will fund the cost of the final two lanes contingent upon fees collected within Black Mountain Ranch FBA.

Project Status: Released	Contact Information: Abeyta, Angela
Duration: 2006 - 2011	619-533-3674
Improv Type: New	aabeyta@sandiego.gov

Description: This project provides for reimbursement to a developer for the design and construction of wild-life crossings along Camino Ruiz between Santaluz and Resort Street.

Justification: This project is in accordance with the Black Mountain Ranch Public Facilities Financing Plan, Project T-7.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Black Mountain Ranch Subarea Plan and is in conformance with the City's General Plan.

Schedule: The wildlife crossing was completed in Fiscal Year 2006. Reimbursement to the developer is pending.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Project Status: Released	Contact Information: Tracanna, John
Duration: 2003 - 2011	619-533-3682
Improv Type: New	jtracana@san Diego.gov

Description: This project provides for reimbursement to a developer for the design and construction of Camino Ruiz between Santaluz and Camino del Norte.

Justification: This project is in accordance with the Black Mountain Ranch Public Facilities Financing Plan, Project T-5.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Black Mountain Ranch Subarea Plan and is in conformance with the City's General Plan.

Schedule: The road was built and completed in Fiscal Year 2006. Reimbursement, per terms of an existing reimbursement agreement, is contingent upon the rate of fees collected within the community.

Summary of Project Changes: Due to lack of Facilities Benefits Assessment (FBA) revenues, it is anticipated that the continuing appropriation funding will be reprogrammed based on the anticipated future update to the Black Mountain Ranch Subarea Plan.

Camino Ruiz from n/o of Reagan to Jade Coast / S01018

Council District: 5	Priority Score: N/A
Community Plan: Mira Mesa	Priority Category: N/A
Project Status: Released	Contact Information: Tracanna, John
Duration: 1990 - 2013	619-533-3682
Improv Type: New	jtracanna@sandiego.gov

Description: This project provides for widening Camino Ruiz from Gold Coast Drive to the east leg of Jade Coast Road and from the northern most boundaries of Miralani Business Park to Miramar Road, widening Camino Ruiz to a modified six-lane major street/primary arterial. The project includes Class II bike lanes between Mira Mesa Boulevard and Gold Coast Drive and within the project limits.

Justification: Widening this portion of Camino Ruiz will accommodate increased vehicular traffic generated by the Mira Mesa Community.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Mira Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Phase I has been completed. Phase II will be created as a new project.

Summary of Project Changes: This project has been completed and will be closed by the end of the fiscal year.

Camino Santa Fe-Del Mar Mesa Road to SR 56 / S00898

Council District: 1	Priority Score: N/A
Community Plan: Del Mar Mesa	Priority Category: N/A
Project Status: Technically completed	Contact Information: Tracanna, John
Duration: 2004 - 2010	619-533-3682
Improv Type: New	jtracanna@sandiego.gov

Description: This project provides construction of Little McGonigle Ranch Road and will be completed in two phases. Phase I has been completed for the construction of Little McGonigle Ranch Road (formerly Camino Santa Fe) (45'/65') from the northerly terminus of Carmel Mountain Road at Del Vino Court, north-westerly to the easterly terminus of Del Mar Mesa Road. The project includes a multi-use trail adjacent to the roadway. Phase II provides for the construction of Little McGonigle Ranch Road (40'/62') from Del Mar Mesa Road to State Route 56. The project will include a 100-foot bridge. A multi-use trail will also be constructed adjacent to the roadway.

Justification: This project is required to accommodate additional traffic in Del Mar Mesa and will provide access from Del Mar Mesa to adjoining communities.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Del Mar Mesa Specific Plan and is in conformance with the City's General Plan.

Schedule: Land acquisition, design and construction were completed by the developer for Phase I of the project. Phase II improvements are not anticipated for several years and will be contingent upon the availability of FBA funding; therefore, a new project will be created for Phase II.

Summary of Project Changes: Phase I of this project has been completed and will be closed by the end of the fiscal year.

Camino del Sur - SR-56 to Dormouse / S00872

Council District: 1	Priority Score: 42
Community Plan: Rancho Penasquitos, Torrey Highlands	Priority Category: Medium
Project Status: Released	Contact Information: Johnson, Brad
Duration: 1998 - 2017	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for the construction of Camino del Sur (formerly Camino Ruiz) as a four-lane major street with Class II bicycle lanes from SR-56 to 1,600 feet north of Park Village Road.

Justification: Camino del Sur is the major street connecting the southwest corner of Rancho Penasquitos to the future Carmel Mountain Road extension and to State Route 56. This street is required to accommodate traffic generated in Rancho Penasquitos, Torrey Highlands and surrounding communities.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: The Torrey Highlands Public Facilities Financing Plan was approved by City Council Resolution R-304935 on June 2, 2009 authorizing the appropriation of \$4,036,000 in the project. The project is also consistent with the Rancho Penasquitos Community Plan, and Torrey Highlands Subarea Plan, projects T31A, 32A, 31B and 32B and is in conformance with the City's General Plan.

Schedule: The Environmental Impact Report was completed in Fiscal Year 2006. Design was scheduled to begin in Fiscal Year 2012 contingent on funds being available. Construction is scheduled to occur in Fiscal Year 2017

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Camino del Sur-San Dieguito Rd to Carmel Valley Rd / S00710

Council District: 1	Priority Score: N/A
Community Plan: Black Mountain Ranch, Torrey Highlands	Priority Category: N/A
Project Status: Released	Contact Information: Tracanna, John
Duration: 2008 - 2010	619-533-3682
Improv Type: New	jtracanna@sandiego.gov

Description: This project provides for reimbursement to a developer for the design and construction of Camino del Sur between San Dieguito Road south to Carmel Valley Road as a two-lane interim facility within a six-lane right-of-way. It also provides a wildlife crossing, traffic signals and intersection widening at San Dieguito Road, B Street and Carmel Valley Road. A second phase of the project will construct two additional lanes on Camino del Sur from San Dieguito Road southward to Carmel Valley Road and modify the traffic signals accordingly.

Justification: This project is in accordance with projects T-10 in the Black Mountain Ranch Public Facilities Financing Plan, Council Resolution R-301005, November 1, 2005, and Project T-2.4 of the Torrey Highlands Public Facilities Financing Plan, Council Resolution 304935, June 2, 2009.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Black Mountain Ranch and Torrey Highlands Subarea Plans and the Torrey Highlands Public Facilities Financing Plan, and is in conformance with the City's General Plan.

Schedule: Phase I of this project was completed in Fiscal Year 2002, with reimbursement to developer ongoing, per the terms of an existing reimbursement agreement. A portion of Phase II was completed in Fiscal Year 2004. The remainder of Phase II construction began in Fiscal Year 2011 and is scheduled to be completed in Fiscal Year 2013 with reimbursement to the developer scheduled for Fiscal Years 2013 and 2014.

Summary of Project Changes: Reimbursement to the developer has been scheduled for Fiscal Year 2013 and Fiscal Year 2014.

Carmel Country Road Low Flow Channel / S00969

Council District: 1	Priority Score: 41
Community Plan: Carmel Valley	Priority Category: Medium
Project Status: Released	Contact Information: Palaseyed, Abi
Duration: 2009 - 2012	619-533-4654
Improv Type: New	apalaseyed@sandiego.gov

Description: This project provides for raising the elevation of an existing bike path crossing over Carmel Creek.

Justification: This project will provide for relief of water ponding under the Carmel Country Road Bridge and to the east of the bridge on the Palacio Del Mar property. This condition has created a health and safety issue for area residents.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Public Facilities Financing Plan (Project W-3) and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2013. Construction is scheduled to begin in Fiscal Year 2013. Advertise and award of the contract is scheduled for Fiscal Year 2014 with construction scheduled to begin in Fiscal Year 2014 and to be completed in Fiscal Year 2015.

Summary of Project Changes: Project scope has been revised from the construction of permanent low flow channel to an elevated bike path. The existing bike path runs through the drainage channel and is frequently impassable due to the presence of water. The schedule has been revised to reflect change in scope and the additional required environmental impacts.

Carmel Mountain Road to Del Mar Mesa Road / S00846

Council District: 1	Priority Score: N/A
Community Plan: Del Mar Mesa	Priority Category: N/A
Project Status: Released	Contact Information: Tracanna, John
Duration: 2003 - 2011	619-533-3682
Improv Type: New	jtracanna@sandiego.gov

Description: This project provides for the construction of Carmel Mountain Road as a two-lane collector street from the Carmel Valley Neighborhood easterly boundary to Little McGonigle Ranch Road (formerly Del Mar Mesa Road). The 4,050 linear feet of half-width road (FBA funded) which traverses open space will be 40-foot/62-foot. Also included as part of this project is a wildlife crossing under Carmel Mountain Road. The remainder (sub-divider funded) will be both 40-foot/62-foot and 50-foot/72-foot and will include left-turn lanes at intersections and major driveways as needed. A multi-use trail will be constructed as part of this project along the entire project length.

Justification: This project is required to accommodate the additional traffic generated as a result of development in Del Mar Mesa.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Del Mar Mesa Specific (Community) Plan and is in conformance with the City's General Plan.

Schedule: Project design and construction is to be completed by developer in accordance with a future Reimbursement Agreement (RA). The RA is anticipated to be completed during Fiscal Year 2013 with work moving forward shortly after.

Summary of Project Changes: Due to lack of Facilities Benefits Assessment (FBA) revenues, it is anticipated that the continuing appropriation funding will be reprogrammed based on the anticipated future update to the Del Mar Mesa Public Facilities Financing Plan.

Project Status: Released	Contact Information: Tracanna, John
Duration: 2008 - 2015	619-533-3682
Improv Type: New	jtracanna@sanidiego.gov

Description: This project provides for reimbursement to a developer for the design and construction of Carmel Valley Road from Lopelia Meadows place to Via Abertura as a four-lane facility within a 122 foot right-of-way that can accommodate six lanes in the future (Approx. 3,600 LF).

Justification: This project is in accordance with the Pacific Highlands Ranch Public Facilities Financing Plan, Project T-4.4. Companion Projects T-4.2 and T-4.3 for the other phases of this project.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch Community Plan and is in conformance with the City's General Plan.

Schedule: Phase I completion is scheduled for Fiscal Year 2012, if Pardee agrees to advance funding and will be reimbursed from the Pacific Highlands Ranch Facilities Benefit Assessment (FBA) under the terms of a reimbursement agreement. Reimbursement to the developer is programmed for Fiscal Year 2015. Subsequent phases are anticipated with adjacent subdivision development estimated to occur in Fiscal Year 2017.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Project Status: Released	Contact Information: Tracanna, John
Duration: 2003 - 2012	619-533-3682
Improv Type: New	jtracanna@sandiego.gov

Description: This project provides for the design and construction of two additional travel lanes in two increments. The first increment requires the widening along the frontage of Torrey Del Mar development. The second increment completes the remainder of the widening. Timing of each increment of widening will be based on the rate of development in Torrey Highlands.

Justification: This facility is required to accommodate traffic generated by new development in Black Mountain Ranch, Torrey Highlands and surrounding communities as well as existing sub-regional traffic needs.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Torrey Highlands Subarea Plan and is in conformance with the City's General Plan. See project T4.3 in the Torrey Highlands Public Facilities Financing Plan.

Schedule: Initial lanes have been completed. Widening to be completed by the developer per terms of the Reimbursement Agreement (RA). The Reimbursement Agreement and construction of the lanes adjacent to the Torrey Del Mar development are anticipated to be completed in Fiscal Year 2013.

Summary of Project Changes: It is anticipated that the developer will be reimbursed in Fiscal Year 2013.

Carmel Valley Road 4/6 Lanes s/o of Street A / S00900

Council District: 1	Priority Score: N/A
Community Plan: Torrey Highlands, Pacific Highlands Ranch	Priority Category: N/A
Project Status: Released	Contact Information: Tracanna, John
Duration: 2004 - 2010	619-533-3682
Improv Type: New	jtracanna@sandiego.gov

Description: This reimbursement project provides for the design and construction of Carmel Valley Road from the Camino Santa Fe Interchange to Pacific Highlands Ranch Parkway as a six-lane facility within a 146 foot right-of-way transitioning to a four-lane facility within a 122 foot right-of-way (4,000 linear feet). The expanded right-of-way will permit widening of up to 24 additional feet for a future transit oriented facility. In the interim, these two-lanes shall be landscaped and incorporated into the center median improvements.

Justification: Due to anticipated traffic volumes on Carmel Valley Road, the portion between SR-56 and Del Mar Heights Road will be constructed as a six lane facility, in two phases, as required by the Transportation Phasing. See Project T- 4.2 and Torrey Highlands Public Facilities Financing Plan Project T- 4.5.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch and Torrey Highlands Public Facilities Financing Plans and is in conformance with the City's General Plan.

Schedule: The developer (Pardee) provided advanced funding for this project and will be reimbursed from the Pacific Highlands Ranch Facilities Benefit Assessment under the terms of a reimbursement agreement.

Summary of Project Changes: It is anticipated that the developer will be reimbursed in Fiscal Year 2013.

Project Status: Released	Contact Information: Palaseyed, Abi
Duration: 1997 - 2014	619-533-4654
Improv Type: Replacement - Rehab	apalaseyed@sanidiego.gov

Description: This project provides for improving Carmel Valley Road to a modified two-lane collector street from 300 feet east of Portofino Drive to the Del Mar city limits. The improvements include construction of curb, gutter, sidewalks and drainage improvements as well as construction of a Class II bicycle lane on both sides of Carmel Valley Road.

Justification: This project will improve traffic flow and turning movements on this roadway and provide bike paths on Carmel Valley Road.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Community Plan and is in conformance with the City's General Plan.

Schedule: Design and construction of the project are complete. Environmental monitoring will continue through Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Trans - Roadway

Carmel Valley Road-Street A to Neighborhood Pky / S00906

Council District: 1	Priority Score: N/A
Community Plan: Pacific Highlands Ranch	Priority Category: N/A
Project Status: Released	Contact Information: Tracanna, John
Duration: 2005 - 2010	619-533-3682
Improv Type: New	jtracanna@sandiego.gov

Description: This project provides for design and construction of Carmel Valley Road from A-Street to the Neighborhood Parkway as a four-lane facility within a 122 foot right-of-way that can accommodate six lanes in the future. The two internal lanes will be left unimproved for future expansion to accommodate six lanes of traffic or another transit oriented facility. In the interim, these two lanes shall be landscaped and incorporated into the center median improvements. This section of Carmel Valley Road includes the pedestrian undercrossing at the Neighborhood Parkway. See Project T-4.3 in the Pacific Highlands Ranch Public Facilities Financing Plan. This project will be built by the developer who will be reimbursed.

Justification: Due to anticipated traffic volumes on Carmel Valley Road, the section between A-Street and Neighborhood Parkway will be constructed as a four-lane facility that can be expanded to six lanes in the future.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch Community Plan and is in conformance with the City's General Plan.

Schedule: Reimbursement to the developer will be made in accordance with the existing reimbursement agreement. This project is complete.

Summary of Project Changes: It is anticipated that the developer will be reimbursed in Fiscal Year 2013.

Carroll Canyon Rd-I-15 to Maya Linda Rd / S01019

Council District: 5	Priority Score: N/A
Community Plan: Mira Mesa	Priority Category: N/A
Project Status: Technically completed	Contact Information: McKee, Jerry
Duration: 1992 - 2015	619-533-3095
Improv Type: New	jmckee@sandiego.gov

Description: This project provides for widening the south side of Carroll Canyon Road from Interstate 15 to 150 feet east of Maya Linda Road in order to provide a right-turn lane with a Class II bike lane. See Project Number 7A in the Mira Mesa Public Facilities Financing Plan.

Justification: Due to growth in the community, increases to traffic volumes will require an exclusive right-turn lane to maintain and improve service levels for I-15 at Carroll Canyon Road.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mira Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary engineering was completed in Fiscal Year 2009. This project has been cancelled and will be closed by the end of the fiscal year. Project funding will be returned to the fund for reallocation.

Summary of Project Changes: This project has been cancelled and will be closed by the end of the fiscal year.

Carroll Canyon Road/Sorrento Valley Road - Dist 1 / S00841

Council District: 1, 5	Priority Score: 73
Community Plan: Mira Mesa, Torrey Pines	Priority Category: High
Project Status: Released	Contact Information: Palaseyed, Abi
Duration: 1988 - 2016	619-533-4654
Improv Type: New	apalaseyed@sandiego.gov

Description: This project provides for a modified four-lane collector street from Sorrento Valley Road, under Interstate 805 to Scranton Road as part of a joint project with Caltrans. Carroll Canyon Road will include Class II bike lanes and direct access ramps onto I-805 from Carroll Canyon Road to the I-5 interchange.

Justification: Canyon Road extension project is necessary in accordance with the community plan and the average daily trip forecast is 25,000 vehicles per day. Currently, there is no roadway and the traffic travels on Mira Mesa Boulevard which is over capacity. This project will improve traffic circulation in the area.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mira Mesa Community Plan and the Torrey Pines Community Plan and is in conformance with the City's General Plan.

Schedule: Land acquisition was scheduled in Fiscal Year 2005 and rescheduled to Fiscal Year 2009 due to changes in scope and alignment. Design was completed in Fiscal Year 2010. Construction began in Fiscal Year 2010 and is anticipated to be completed by Fiscal Year 2013, however, this schedule is dependent upon the availability of State funding for the Caltrans portion of the project.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Central Elementary School-Safe Route to School / S00741

Council District: 3	Priority Score: 48
Community Plan: Normal Heights (Mid-City)	Priority Category: Medium
Project Status: Released	Contact Information: Batta, Jamal
Duration: 2007 - 2011	619-533-7482
Improv Type: New	jbatta@sandiego.gov

Description: This project provides for pedestrian improvements in the vicinity of Central Elementary School. Proposed improvements include enhanced paved crosswalks, new pedestrian signals, and new sidewalk.

Justification: Improvements in the vicinity of Central Elementary School will provide traffic calming elements to reduce traffic.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mid-City Communities Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2009. Construction began in 2009 and was completed in Fiscal Year 2010.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Centre City Intersection Improvements / S00895

Council District: 2, 8, 9	Priority Score: N/A
Community Plan: Centre City	Priority Category: N/A
Project Status: Technically completed	Contact Information: Tracanna, John
Duration: 2002 - 2010	619-533-3682
Improv Type: Betterment	jtracanna@sandiego.gov

Description: This project provides for pedestrian curb pop-outs that will allow for greater pedestrian access and improved traffic control by widening the sidewalks or providing additional landscaped parkway strips.

Justification: Intersection pop-outs are needed to make pedestrian crossings shorter and reduce the visual width of long, straight streets. They also narrow the area of pavement in travel lane widths providing a visual cue to the driver that caution is necessary.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Centre City Community Plan and is in conformance with the General Plan.

Schedule: Since the project description is preliminary and the scope of work is not established, only planning and other preliminary activities have been performed to date. The project schedule for the design and construction will be established, once the scope of work is approved and the remaining funding identified.

Summary of Project Changes: Revisions to the Centre City Public Facilities Financing Plan, adopted April 1, 2005, do not include transportation projects as a component of the Centre City DIF. Funding in this project will be removed and the project closed by the end of the fiscal year.

Project Status: Released	Contact Information: Fuentes, Julio
Duration: 2010 - 2020	619-533-3092
Improv Type: Betterment	jfuentes@sanidiego.gov

Description: This annual allocation provides for corrections of miscellaneous erosion problems along the shorelines that affect City streets.

Justification: This project provides remedies for erosion caused by surf, weather, and surface runoff impacting City streets in various locations along the San Diego shoreline.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Phase I, completed in Fiscal Year 1994, studied the coastline that borders the City of San Diego and prioritized areas in need of restoration and enhancement. Phase II, also completed in Fiscal Year 1994, involved detailed analysis of the prioritized areas. Phase III will begin project planning and implementation on an annual basis.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Coastal Rail Trail / S00951

Council District: 1	Priority Score: 72
Community Plan: Torrey Pines, University	Priority Category: High
Project Status: Released	Contact Information: Palaseyed, Abi
Duration: 2002 - 2015	619-533-4654
Improv Type: New	apalaseyed@sandiego.gov

Description: This project provides for identifying the best alignment for a bikeway route of approximately 10 miles between Sorrento Valley/Carmel Valley Rd to the Gilman Drive/I-5 Intersection.

Justification: This project is part of a larger multi-jurisdictional project, which proposes a bikeway along the coast in the cities of Oceanside, Encinitas, Solana Beach, Carlsbad, Del Mar, and San Diego. It is intended to provide regional connectivity for both commuting bicylists and recreational activities.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Torrey Pines and University Community Plans and is in conformance with the City's General Plan.

Schedule: Preliminary engineering and preparation of environmental document began in Fiscal Year 2012. Design is anticipated to begin in Fiscal Year 2013. Construction is expected to begin in Fiscal Year 2014. This schedule will be revised once funding is identified to complete the project.

Summary of Project Changes: This project has been awarded \$489,507 in federal Regional Surface Transportation Program (RSTP) funds and \$63,429 in Transportation Development Act (TDA) funds. A City Council action was processed in Fiscal Year 2012 to accept and appropriate this additional funding to the project. Until appropriated, the grant funding will be shown as anticipated.

Duration: 2010 - 2020	619-533-3082
Improv Type: Betterment	lmarabian@sandiego.gov

Description: This annual allocation provides for miscellaneous engineering/architectural services by consultants for the improvement of streets.

Justification: Some projects require the services of a private consultant for minor design services or when the required level of expertise is not available from City staff.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Transportation & Storm Water

Drainage - Storm Drain Pipes

Coolidge Street Storm Drain / S11003

Council District: 6	Priority Score: 46
Community Plan: Linda Vista	Priority Category: High
Project Status: Created	Contact Information: Matter, Gene
Duration: 2011 - 2014	858-541-4346
Improv Type: Replacement	rmatter@sandiego.gov

Description: This project provides for improved flood control by upgrading the existing pipe and inlet along Coolidge Street.

Justification: This project will alleviate frequent flooding during normal storm events as a result of the current undersized storm drain.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Linda Vista Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2013. Construction is scheduled to begin in Fiscal Year 2013.

Summary of Project Changes: Deferred Capital Bond financing in the amount of \$175,000 will be allocated to this project in Fiscal Year 2013 for construction.

Trans - Signals - Traffic Signals

Cooperative Traffic Signal Projects / AIL00003

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Released	Contact Information: Hughes, Duncan
Duration: 2010 - 2020	619-533-3141
Improv Type: Replacement	drhughes@sandiego.gov

Description: This annual allocation provides for the City's share of the cost of traffic signal improvements undertaken in cooperation with others.

Justification: It is often beneficial for the City to share in the cost of traffic signal improvements undertaken in cooperation with other agencies. The most common situation involves the intersection of a City street with a State highway, County road, or street that is the responsibility of another jurisdiction. This project provides the flexibility necessary for timely initiation of these improvements.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: TransNet funding has been allocated to this project for Fiscal Year 2013. Future year funding will be allocated as projects are identified.

Expenditure by Funding Source

Transportation & Storm Water

Trans - Bicycle Facilities (All Class.)

Darkwood Canyon Connector Study / S00736

Council District: 1	Priority Score: N/A
Community Plan: Rancho Penasquitos	Priority Category: N/A
Project Status: Released	Contact Information: Pazargadi, Siavash
Duration: 2005 - 2011	619-533-3757
Improv Type: New	spazargadi@sandiego.gov

Description: The project provides for a feasibility study for a bike lane connection between the State Route 56 Bike Path and Park Run Road and is a part of the State Route 56 Corridor Study.

Justification: Bicyclists would otherwise only be able to access the bikepath from the adjacent freeway interchanges of Black Mountain Road or Camino Ruiz. Providing this direct connection would reduce the out-of-direction travel for accessing the bikepath and would also positively influence the potential usage by bicyclists.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: The project is consistent with the Rancho Penasquitos Community Plan and is in conformance with the City's General Plan.

Schedule: Project was completed in Fiscal Year 2010.

Summary of Project Changes: This project has been completed and will be closed by the end of the fiscal year.

Debt Service for TransNet Bond Funded Projects / S00874

Council District: Citywide	Priority Score: N/A
Community Plan: Citywide	Priority Category: N/A
Project Status: Released	Contact Information: Nassar, Mark
Duration: 1998 - 2011	619-533-3712
Improv Type: New	mnassar@sandiego.gov

Description: This project provided for debt service related to TransNet Bond funded projects (previously managed by the Engineering and Capital Projects Department).

Justification: Debt service payments for prior TransNet Bond issuances were required annually. This project reflects completely paid debt service payment requirements stemming from prior year issuances.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: No further debt service payment activity is expected for this project.

Summary of Project Changes: Project will be closed this fiscal year.

Project Status: Technically completed	Contact Information: Tracanna, John
Duration: 1992 - 2011	619-533-3682
Improv Type: New	jtracanna@sanidiego.gov

Description: This project provides for developer reimbursement, contingent upon approval of a reimbursement agreement, for the half-width improvement of Del Mar Heights Road north to Ashley Falls Neighborhood Park to a six-lane major arterial with Class II bike lanes.

Justification: The developer was required to build this road and will be reimbursed from Facilities Benefit Assessment funding by agreement. See Project Number T-6 in the Carmel Valley Public Facilities Financing Plan.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Community Plan and is in conformance with the City's General Plan.

Schedule: This project was constructed in prior years by the developer and reimbursement was scheduled for Fiscal Year 2010 contingent upon approval of the Reimbursement Agreement.

Summary of Project Changes: The project costs have been fully reimbursed to developer and project will be closed this fiscal year.

Project Status: Technically completed	Contact Information: Marabian, Linda
Duration: 2000 - 2012	619-533-3082
Improv Type: New	lmarabian@sandiego.gov

Description: This project provides for raised center decorative concrete medians on Del Mar Heights Road, between Mango Drive and the San Diego city limits. The future landscaping area is to be covered with landscape fabric and mulch above top soil, and irrigation sleeves under the vehicular area.

Justification: Construction of the median is required to control turning movements and reduce traffic conflicts.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Torrey Pines Community Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2004. Construction will be scheduled when remaining funding is identified and a new maintenance assessment district is created.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Project Status: Released	Contact Information: Nassar, Mark
Duration: 2009 - 2012	619-533-3172
Improv Type: New	mnassar@sandiego.gov

Description: This project provides for the necessary street and traffic improvements to include, but not limited to, flashing beacons, curb ramps, and traffic calming projects within the Carmel Valley Community. The current project will install a flashing beacon facing eastbound traffic on Del Mar Heights Road approximately 500 feet west of Seagrove Street.

Justification: The project provides for traffic safety improvements.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Public Facilities Financing Plan (Included in Project T-2) and is in conformance with the City's General Plan.

Schedule: Design and construction have been rescheduled to begin in Fiscal Year 2013.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Trans - Signals - Interconnections

Del Mar Heights Road Interconnect / S00745

Council District: 1	Priority Score: N/A
Community Plan: Torrey Pines, Carmel Valley	Priority Category: N/A
Project Status: Technically completed	Contact Information: Zhang, Dayue
Duration: 2006 - 2011	619-533-7409
Improv Type: Betterment	dzhang@sandiego.gov

Description: This project provides for the installation of traffic signal interconnect systems on Del Mar Heights Road from Mango Drive to Carmel Canyon Road, El Camino Real from Half Mile Drive to High Bluff Drive, and Carmel Country Road from Del Mar Heights Road to Townsgate Drive. The system will provide central communication to 16 traffic signals, improving traffic control.

Justification: This project will accommodate the need to centrally control heavily-traveled arterials and provide constant surveillance for efficient traffic signal operation and maintenance. The benefits include reduced stops, delays, fuel consumption and emissions.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley and Torrey Pines Community Plans and is in conformance with the City's General Plan.

Schedule: Design, including the purchasing of equipment, began November of 2005 and was completed in March of 2010. Construction by City Forces began in December 2010, and was completed in June of 2011.

Summary of Project Changes: This project has been completed and will be closed by the end of the fiscal year.

Del Mar Heights Road-4/6 Lanes / S00903

Council District: 1	Priority Score: N/A
Community Plan: Pacific Highlands Ranch	Priority Category: N/A
Project Status: Released	Contact Information: Tracanna, John
Duration: 2003 - 2012	619-533-3682
Improv Type: New	jtracanna@sandiego.gov

Description: This reimbursement project provides for construction of Del Mar Heights Road from Old Carmel Valley Road to the new alignment of Carmel Valley Road as a modified five-lane roadway within a 122 foot right-of-way for a future six-lane facility. The project includes an eastbound third lane as the roadway approaches Carmel Valley Road. This project includes the bridge crossing over the open space corridor. This is the second phase of the project and will provide local access to the central area of development. The developer will advance funding for this project and be reimbursed from the Pacific Highlands Ranch Facilities Benefit Assessment under the terms of a reimbursement agreement.

Justification: This facility is required to accommodate traffic being generated by new development in Pacific Highlands Ranch as well as by existing sub-regional traffic needs.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch Community Plan (Project T-3.2) and is in conformance with the City's General Plan.

Schedule: Construction of the project is complete. Reimbursements to the developer will continue through Fiscal Year 2013.

Summary of Project Changes: It is anticipated that the developer will be reimbursed in Fiscal Year 2013.

Del Mar Mesa Public Facilities / S00893

Council District: 1	Priority Score: N/A
Community Plan: Del Mar Mesa	Priority Category: N/A
Project Status: Technically completed	Contact Information: Tracanna, John
Duration: 2001 - 2010	619-533-3682
Improv Type: New	jtracanna@sandiego.gov

Description: This project provides for the construction of Del Mar Mesa Road as a two-lane rural residential road from Carmel Country Road to the future Carmel Mountain Road. The improvements also include a 16-inch water line and a multi-use trail. This roadway will provide access to the east until other road improvements are in place. This project was formerly named Shaw Ridge Road. This project will be constructed by three developers under three separate reimbursement agreements.

Justification: This project is required to accommodate the additional traffic generated as a result of development in Del Mar Mesa. See Project Number 43-3 in the Del Mar Mesa Public Facilities Financing Plan.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Del Mar Mesa Specific Plan and is in conformance with the City's General Plan.

Schedule: This project was constructed by developers in Fiscal Years 1999 through 2003. Reimbursements were made from the Del Mar Mesa Facilities Benefit Assessment fund as scheduled in the Public Facilities Financing Plan.

Summary of Project Changes: The project costs have been fully reimbursed to developers and project will be closed by end of fiscal year.

Trans - Roadway

Del Sol Boulevard-Central / S00858

Council District: 8, 9	Priority Score: 51
Community Plan: Otay Mesa	Priority Category: Medium
Project Status: Released	Contact Information: Johnson, Brad
Duration: 2004 - 2012	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for construction of the central section of Del Sol Boulevard from the eastern boundary of Palm Ridge through the Multiple Species Conservation Program (MSCP) open space, and along the frontage of the proposed community park, elementary and middle school site. The roadway will consist of 800 linear feet of a two-lane collector and 2,000 linear feet of a four-lane collector street.

Justification: The transportation element of the Otay Mesa Community Plan suggests that an integrated transportation network will provide mobility and accessibility for the residents and business travelers to, from and through the community. See companion projects T-4.1 and T-4.2 in the Otay Mesa Public Facilities Financing Plan.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Phase I will be constructed by the San Ysidro School District through an Facilities Benefit Assessment Reimbursement Agreement. Phase I will construct approximately 1,000 linear feet of new road along the frontage of a new school. Phase II will be designed and constructed by the City to complete the connection from Phase I to the existing westerly terminus. Design of Phase I was completed in Fiscal Year 2012. Construction of Phase I began and was completed in Fiscal Year 2012.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Drainage - Storm Drain Pipes

Drainage Projects / ACA00001

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Released	Contact Information: Matter, Gene
Duration: 2010 - 2020	858-541-4346
Improv Type: New	rmatter@sandiego.gov

Description: This annual allocation provides for reconstructing or replacing failed drainage facilities citywide.

Justification: This project provides for the high priority redesign and reconstruction of existing storm drain structures. There are currently over 900 miles of storm drains in the City of San Diego. These storm drains can fail because of a variety of reasons (system material, age, earth movement, etc). The Operations and Maintenance Section of the Storm Water Division regularly cleans these systems and performs minor repairs; however, storm drain systems that require redesign and reconstruction are often encountered.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: TransNet funding in the amount of \$723,350 has been allocated in Fiscal Year 2013. In addition, this project reflects \$37.7 million of bond financing within Fiscal Year 2013 Anticipated column. This amount includes \$14.6 million of bond financing from a Fiscal Year 2012 Council action routing for approval and a Fiscal Year 2013 bond financing amount of \$23.2 million. Approximately \$137.6 million of bond financing is scheduled for drainage projects through Fiscal Year 2017. Based on a drainage condition assessment conducted in November 2011, the City will need an additional \$85.5 million in unidentified funding to address the remaining deferred capital needs.

Transportation & Storm Water

Trans - Roadway

Eastgate Mall-Towne Centre to Miramar Road / S00848

Council District: 1	Priority Score: 36
Community Plan: University	Priority Category: Low
Project Status: Released	Contact Information: Marabian, Linda
Duration: 1992 - 2014	619-533-3082
Improv Type: New	lmarabian@sandiego.gov

Description: This project provides for widening Eastgate Mall to a four-lane collector street between Miramar Road and the San Diego Gas and Electric (SDG&E) easement. In addition, this project provides for Class II bicycle lanes.

Justification: These improvements will enhance traffic flow at this location. See project Number 34 in the North University City Public Facilities Financing Plan.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Schedule: The project description is preliminary and the scope of work is not established; only planning and other preliminary activities have been performed to date. The project schedule for the design and construction will be established once the scope of work is approved.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

El Cajon Blvd Commercial Revitalization / S00824

Council District: 3	Priority Score: N/A
Community Plan: Greater North Park	Priority Category: N/A
Project Status: Released	Contact Information: Johnson, Brad
Duration: 1994 - 2011	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for median landscaping and related improvements along El Cajon Boulevard between Park Boulevard and Interstate 805. The improvements are part of other revitalization activities in the area.

Justification: The El Cajon Boulevard landscaping project has been a part of the Mid-City Commercial Revitalization Program as a Community Development Block Grant funded activity.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Greater North Park Community Plan, and is in conformance with the City's General Plan.

Schedule: Construction of improvements from 30th Street to Illinois Street were completed in Fiscal Year 1996. Design for Texas Street to 30th Street was completed in Fiscal Year 1997. Project phases between Park Boulevard and Texas Street, and 30th Street and Interstate 805, have been completed.

Summary of Project Changes: This project has been completed and will be closed by the end of the fiscal year.

El Camino Real - Half Mile to Via De La Valle / S00856

Council District: 1	Priority Score: 53
Community Plan: Future Urbanizing Area - Subarea 2	Priority Category: Medium
Project Status: Released	Contact Information: Johnson, Brad
Duration: 1992 - 2016	619-533-5120
Improv Type: Widening	bjohnson@sandiego.gov

Description: This project provides for reconstruction and widening of the existing two-lane bridge to a four-lane bridge. It provides for widening the existing two-lane roadway to a modified four-lane major road and includes improvements on eastbound Via de la Valle as far as northbound El Camino Real.

Justification: The El Camino Real project proposes to modify the segment of el Camino Real between Via de la Valle and San Dieguito Road in order to improve the structural integrity of the bridge over the San Dieguito river, alleviate problems associated with high flood events, improve pedestrian and vehicular access to nearby coastal and recreational resources, relieve traffic congestion, and improve consistency with the adopted land use plan for the project area.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Fairbanks Ranch Country Club Specific Plan and the North City Future Urbanizing Area Framework Plan and is in conformance with the City's General Plan.

Schedule: The environmental review process began in Fiscal Year 2007 and is scheduled to be completed in Fiscal Year 2013. Design began in Fiscal Year 2012. Land acquisition is scheduled to begin in Fiscal Year 2013. Construction is scheduled to begin in Fiscal Year 2014 and to be completed in Fiscal Year 2016.

Summary of Project Changes: Developer Impacts Fees (DIF) in the amount of \$950,000 have been allocated to this project for Fiscal Year 2013.

Project Status: Released	Contact Information: Johnson, Brad
Duration: 2007 - 2014	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for completion of the construction of the existing El Camino Real between Half Mile Drive and San Dieguito Road as a four-lane major street within the existing, graded right-of-way.

Justification: This project is required in order to accommodate the additional traffic generated as a result of development in the surrounding communities, including Pacific Highlands Ranch, as well as the existing sub-regional traffic needs.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch and Black Mountain Ranch Public Facilities Financing Plans and is in conformance with the City's General Plan.

Schedule: This project was completed in Fiscal Year 2012.

Summary of Project Changes: This project will be closed by the end of the fiscal year.

Project Status: Released	Contact Information: Johnson, Brad
Duration: 2009 - 2012	619-533-4654
Improv Type: Betterment	apalaseyed@sandiego.gov

Description: The project provides a new pervious concrete bike path connector, a concrete driveway apron, associated drainage improvements, and re-vegetation areas on the east side of El Camino Real in order to provide access to the State Route 56 Bike Path.

Justification: This project is required in order to provide a safe method of bicycle access from street to trail.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Public Facilities Financing Plan (See project T-4) and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2011 and was completed in Fiscal Year 2012. Construction is scheduled for Fiscal Year 2013.

Euclid - Dwight to Isla Vista Sidewalk / S12027

Council District: 7	Priority Score: 42
Community Plan: Mid-City: Normal Heights	Priority Category: Medium
Project Status: Created	Contact Information: Nassar, Mark
Duration: 2013 - 2014	619-533-3712
Improv Type: New	mnassar@sandiego.gov

Description: This project provides the installation of approximately 850 square feet of new sidewalk, curb and gutter, a black vinyl coated chain link fence, and two pedestrian ramps. The location of missing sidewalk is adjacent to a canyon, necessitating an approximate 590 square foot retaining wall of various heights, a pedestrian rail and a metal beam guard rail.

Justification: Construction of this missing section of sidewalk provides safe access for pedestrians.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mid-City City Heights Community Plan and is in conformance with the City's General Plan.

Schedule: The project description is preliminary and the scope of work has not been established. Design and construction will be scheduled following definition of project scope.

Summary of Project Changes: The Redevelopment Agency funding for this project was allocated via City Council Resolution R-307099, dated November 17, 2011.

Euclid Avenue & Home Improvements / S00886

Council District: 3, 7	Priority Score: N/A
Community Plan: Normal Heights (Mid-City)	Priority Category: N/A
Project Status: Released	Contact Information: Batta, Jamal
Duration: 2002 - 2011	619-533-7482
Improv Type: New	jbatta@sandiego.gov

Description: This project provides for street improvements recommended in the Euclid Avenue Revitalization Program and the Mid-City Community Plan. Improvements will extend from Home Avenue to Thorn Street and will include curb, gutter, sidewalk, paving, traffic calming installations and landscape.

Justification: Euclid Avenue carries a traffic volume in excess of its design capacity, resulting in significant congestion, which impacts neighboring properties. Traffic speed, volume, and a deficiency in pedestrian infrastructure compromise pedestrian safety.

Operating Budget Impact: The landscape maintenance will be the responsibility of the landscape maintenance assessment district (MAD).

Relationship to General and Community Plans: This project is consistent with the Mid-City: Normal Heights Community Plan and is in conformance with the City's General Plan.

Schedule: All construction improvements are completed except the landscape which is pending formation of a maintenance assessment district. The street is operational and open for traffic.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Fashion Valley Road Restoration / S00610

Council District: 6	Priority Score: N/A
Community Plan: Mission Valley	Priority Category: N/A
Project Status: Released	Contact Information: Batta, Jamal
Duration: 2007 - 2011	619-533-7482
Improv Type: Replacement	jbatta@sandiego.gov

Description: This project provides for the replacement of the failed corrugated metal pipes under the roadway at the San Diego River Crossing and for the restoration of the roadway.

Justification: The road collapsed on December 30, 2004 due to the failure of six corrugated metal pipes under the roadway. The road is located in the floodplain zone and is, therefore, subject to inundation during heavy flows in the river as a result of high intensity rainfall. The road was repaired and in operation before the end of October 2005. The project is eligible for FHWA reimbursement.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mission Valley Community Plan and is in conformance with the City's General Plan.

Schedule: This project is complete and the road is fully operational.

Summary of Project Changes: This project has been completed and will be closed by the end of the fiscal year.

Transportation & Storm Water

Trans - Signals - Calming/Speed Abatement

Five Points Neighborhood Pedestrian Improvements / S00988

Council District: 2	Priority Score: 48
Community Plan: Uptown, Midway - Pacific Highway	Priority Category: Medium
Project Status: Released	Contact Information: Johnson, Brad
Duration: 2009 - 2013	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: The project provides for the construction of pedestrian curb extension, sidewalk, curb ramps, countdown pedestrian crossing signal system, modifies traffic signage and signals to allow for safe pedestrian crossing at the intersections of Hancock Street and Washington Street and San Diego Avenue and Washington Street.

Justification: This project is needed to address public concerns regarding pedestrian safety in the Five Points Neighborhood.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Midway Pacific Highway Corridor and Uptown Community Plans and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2009 and was completed in Fiscal Year 2012. Construction began and was completed in Fiscal Year 2012 with project close out activities occurring in Fiscal Year 2013.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Five Year CIP Planning / AID00003

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Released	Contact Information: Marabian, Linda
Duration: 2010 - 2020	619-533-3082
Improv Type: Betterment	lmarabian@sandiego.gov

Description: This annual allocation provides funding for preliminary engineering for future CIP projects.

Justification: Preliminary Engineering is required for all CIP projects to determine costs and feasibility.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects will be scheduled on a priority basis.

Summary of Project Changes: TransNet funding was not allocated to this project in Fiscal Year 2013. However, funding will be allocated for CIP planning activities as required in future years.

Florence Griffith Joyner Elem Safe Route to School / S10061

Council District: 3	Priority Score: 52
Community Plan: City Heights (Mid-City)	Priority Category: Medium
Project Status: Released	Contact Information: Johnson, Brad
Duration: 2010 - 2013	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project will provide for the installation of new sidewalks, intersection bulb-outs to decrease the street crossing distances, road humps, pedestrian ramps, and a new traffic signal.

Justification: Located in the City Heights Community, Florence Griffith Joyner Elementary School serves students from kindergarten through fifth grade who walk or bike to school, and are faced with crossing several wide intersections in the vicinity of the school. This project will provide traffic calming measures and will enhance pedestrian mobility.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mid-City: City Heights Community Plan and is in conformance with the City's General Plan.

Schedule: Design began and was completed in Fiscal Year 2011. Construction is scheduled to begin and to be completed in Fiscal Year 2013.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Project Status: Created	Contact Information: Qasem, Labib
Duration: 2011 - 2016	619-533-6670
Improv Type: New	lqasem@sandiego.gov

Description: This project provides for the installation of median improvements on Florida Drive. Improvements include the installation of a concrete center median and street lighting to enhance safety conditions for vehicles, bicyclists and other users of the roadway.

Justification: This project will enhance roadway conditions by reducing the occurrence of head-on collisions caused by vehicles crossing over the center median and adding street lights where non exist.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Balboa Park Master Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2012 and will be completed in Fiscal Year 2013. Construction is scheduled to begin in Fiscal Year 2013 and to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Friars Road/Pacific Highway Bicycle Path / S00947

Council District: 6	Priority Score: 76
Community Plan: Mission Valley, Linda Vista	Priority Category: High
Project Status: Released	Contact Information: Lundquist, James
Duration: 2001 - 2012	619-533-3045
Improv Type: New	jlundquist@sanidiego.gov

Description: This project provides for designing and constructing a Class I bike path connecting westbound (WB) Friars Road to northbound (NB) Pacific Highway. However, since the project did not provide for connecting south bound Pacific Highway to west bound Friars Road and due to lack of sufficient funding it was abandoned.

Justification: This project will provide shortcut access between the one-way Class II east-bound bike paths on Friars Road to a one-way Class II bike path northbound on the Pacific Highway bridge.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Linda Vista and Mission Valley Community Plans and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2007. This project has been abandoned due to environmental and financial constraints.

Summary of Project Changes: This project has been abandoned and will be closed by the end of the fiscal year.

Trans - Bridge - Vehicular

Genesee Avenue - Widen Interstate 5 Crossing / S00839

Council District: 1	Priority Score: 44
Community Plan: University	Priority Category: Medium
Project Status: Released	Contact Information: Schultz, Louis
Duration: 1990 - 2014	619-533-4668
Improv Type: New	lschultz@sandiego.gov

Description: This project provides for widening Genesee Avenue to six lanes plus dual turn lanes and replacing the existing Genesee Avenue overcrossing with a higher, wider (124-foot) structure and the modification of the existing ramps. The environmental document will also clear additional Interstate 5 Corridor improvements including auxiliary lanes on both sides of the freeway, north and south of Genesee Avenue and the replacement of the Voight Drive Overcrossing.

Justification: This project is needed to improve traffic flow. It is included in the Council-approved North University City Public Facilities Financing Plan as Project Number 24.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Schedule: The environmental document was completed in Fiscal Year 2011. Land Acquisition and Design are scheduled to be completed Fiscal Year 2013. Construction of the Genesee Overcrossing and ramps is scheduled to begin in Fiscal Year 2013. Construction of the additional corridor improvements is also contingent upon the identification of funding.

Summary of Project Changes: This project will be designed and constructed in partnership Caltrans. The City is the Implementing Agency for PS&E and Caltrans is the Implementing Agency for right of way and construction. It is currently anticipated the project funding responsibilities will be split between the City, SANDAG, Caltrans, and local property owners. The City will contribute a total of \$16.1 million to the project, SANDAG will contribute \$13.0 million, and SANDAG will contribute \$57.3 million. Local property owners will contribute \$7.7 million of property. FBA funding in the project will be reduced to bring the City's share in line with the agreement. Following the FBA reeduction the total project will be reflected closer to the estimate of \$94.1 million.

Trans - Roadway - Enhance/Scape/Medians

Genesee Avenue-Nobel Dr to SR 52 / S00852

Council District: 1	Priority Score: 13
Community Plan: University	Priority Category: Low
Project Status: Released	Contact Information: Palaseyed, Abi
Duration: 1992 - 2017	619-533-4654
Improv Type: Widening	apalaseyed@sandiego.gov

Description: This project provides for widening Genesee Avenue from Nobel Drive to State Route 52 to a modified six-lane major street north of Decoro Street and a modified six-lane primary arterial south of Decoro Street. The project includes a right-turn lane, eastbound to southbound, at the Genesee Avenue/Nobel Drive intersection; additional left-turn lane, including a traffic signal at State Route 52 interchange; and Class II bicycle lanes.

Justification: This project is needed to increase the capacity of this facility. See Project Number A in the North University City Public Facilities Financing Plan.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Schedule: City Council initiated a community plan amendment to delete this project from the community plan (R-301787, August 21, 2006). City Council Resolution R-302497, April 2, 2007, stipulates deletion of the project pending the preparation, consideration and certification of a project level Environmental Impact Report (EIR). This project will remain in the financing plan until the EIR is completed.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Trans - Bridge - Vehicular

Georgia Street Bridge Improvements / S00863

Council District: 3	Priority Score: 51
Community Plan: Greater North Park	Priority Category: Medium
Project Status: Released	Contact Information: Giandoni, Mark
Duration: 1994 - 2014	619-533-4618
Improv Type: New	mgiandoni@sandiego.gov

Description: This project provides for improvements of the bridge, the adjacent retaining walls, and the corresponding guardrails along the bridge walls.

Justification: This bridge has severe spalling due to age and has severe height limitations which need to be corrected. Trucks continue to hit the low arches of the bridge. The retaining walls on either side are an integral part of the bridge and also need restoration or replacement. The guardrails of the bridge and adjacent walls are deteriorating.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project implements the Greater North Park Community Plan and is in conformance with the City's General Plan.

Schedule: The environmental review process and design continued in Fiscal Year 2011 due to environmental delays and community outreach impacts. Construction is scheduled to begin in Fiscal Year 2013.

Summary of Project Changes: TransNet funding in the amount of \$500,000 has been allocated to this project for Fiscal Year 2013. Additionally, federal Highway Bridge Restoration and Rehabilitation (HBRR) funding is anticipated to be received for the project.

Guard Rails / AIE00002

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Released	Contact Information: Fuentes, Julio
Duration: 2010 - 2020	619-533-3092
Improv Type: Replacement	jfuentes@sandiego.gov

Description: This annual allocation provides for installing new and replacing old guard rails along streets where needed.

Justification: The City maintains an ongoing program to promote safety within the public right-of-way. Analysis of accident patterns at a particular location will occasionally show that some minor improvements in the area would help to reduce the number and/or severity of accidents. This annual allocation provides the flexibility necessary for timely initiation of such improvements.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Drainage - Storm Drain Pipes

Hayes Ave Storm Drain / S11002

Council District: 3	Priority Score: 41
Community Plan: Uptown	Priority Category: Medium
Project Status: Created	Contact Information: Batta, Jamal
Duration: 2011 - 2014	619-533-7482
Improv Type: Replacement	jbatta@sanidiego.gov

Description: This project provides for improved flood control by upgrading the existing pipe along Hayes Avenue.

Justification: This project will alleviate frequent flooding during normal storm events as a result of the current undersized storm drain pipe.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Uptown Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2011 and is scheduled to be completed in Fiscal Year 2013. Construction is scheduled to begin in Fiscal Year 2013 and is anticipated to end in Fiscal Year 2014.

Summary of Project Changes: Per City Council Resolution R-307085, dated November 1, 2011, \$280,000 in Uptown Developer Impact Fee (DIF) funding was reallocated to this project from the Uptown Community Storm Drainage project (S-10060) and the Drainage Projects annual allocation (A.CA-00001). Improvements proposed in the Uptown Community Storm Drainage project will be completed as part of this project.

High Accident Locations / AIL00006

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Released	Contact Information: Hughes, Duncan
Duration: 2010 - 2020	619-533-3141
Improv Type: Replacement	drhughes@sandiego.gov

Description: This annual allocation provides for traffic signal modifications and other minor improvements such as guardrails, regulatory signs, and striping at locations experiencing sudden increases in accident frequency.

Justification: The City maintains an ongoing program to promote safety within the public right-of-way. Analysis of accident patterns at a particular location often shows that some minor improvements in the area would help to reduce the number and/or severity of accidents. This annual allocation provides the flexibility necessary for timely initiation of such improvements.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: This annual allocation is no longer being funded. Traffic signal improvements at high accident locations are included in the annual allocation for traffic signal modifications/modernizations. Budget remaining in this annual allocation is related to active sublet projects and once the sublets are completed, this project will be closed.

Hillery Drive Improvements / S11064

Council District: 5	Priority Score: N/A
Community Plan: Mira Mesa	Priority Category: N/A
Project Status: Released	Contact Information: Palaseyed, Abi
Duration: 2012 - 2014	619-533-4654
Improv Type: Widening	apalasayed@sandiego.gov

Description: This project will provide for the widening of Hillery Drive and traffic calming on adjacent streets.

Justification: Caltrans is completing a high occupancy/transit freeway lanes project in the middle of Interstate 15, with a Direct Access Ramp (DAR) onto Hillery Drive to serve the Mira Mesa community. Traffic mitigation is required as part of this project.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Mira Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Design and Right of Way acquisition began in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2013. Construction is scheduled to begin in Fiscal Year 2013 and to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Hollister Street Widening / S00980

Council District: 8, 9	Priority Score: N/A
Community Plan: Otay Mesa - Nestor	Priority Category: N/A
Project Status: Released	Contact Information: Marabian, Linda
Duration: 2009 - 2012	619-533-3082
Improv Type: Widening	lmarabian@sandiego.gov

Description: This project provides for improvements to the west side of the 900 block of Hollister Street. Improvements include new curb, gutter, sidewalk, and asphalt pavement.

Justification: The project addresses the need for adequate drainage and pedestrian accessibility.

Operating Budget Impact: None

Relationship to General and Community Plans: This project is consistent with the Otay Mesa/Nestor Community Plan and is in conformance with the City's General Plan.

Schedule: This project was cancelled because it was determined that the new curb, gutter and sidewalk required placement in the ultimate location which meant widening the street and causing significant conflicts with the existing mobile home park and church facility. These issues substantially increased the cost of the project with no additional funding available.

Summary of Project Changes: This project has been cancelled and will be closed by the end of the fiscal year.

Holly Dr. Street Improvements / S11033

Council District: 4	Priority Score: 37
Community Plan: Encanto Neighborhoods (Southeastern)	Priority Category: Low
Project Status: Created	Contact Information: Johnson, Brad
Duration: 2011 - 2014	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for construction of curbs, gutters, sidewalks, driveways, curb ramps, and pavement on Holly Drive from South Willie James Jones Avenue to South Euclid Avenue.

Justification: This project will improve the street and sidewalk making them safer for pedestrians.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Encanto Neighborhoods Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2011 and was completed in Fiscal Year 2012. Construction is scheduled to begin in Fiscal Year 2013.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

I-5 / SR-56 Fiberoptic Relocation / S00708

Council District: 1	Priority Score: N/A
Community Plan: Carmel Valley	Priority Category: N/A
Project Status: Released	Contact Information: Johnson, Brad
Duration: 2004 - 2013	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: The Interstate 5/State Route 56 Fiber Optic Relocation project will abandon an existing fiber optic cable alignment adjacent and parallel to Interstate 5 between Carmel Valley Road and Del Mar Heights Road and will relocate the utility to the east of the existing alignment and into the public right of way.

Justification: The relocation is necessary to accommodate the future road widening of Interstate 5 that would affect the existing utility alignment.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Community Plan and is in conformance with the City's General Plan.

Schedule: Construction began in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2013.

Summary of Project Changes: Caltrans will be constructing the project utilizing federal funds. The City's share of the project is a contribution per terms of the cooperative agreement.

I-5 to SR-56 Freeway Connectors / S00707

Council District: 1	Priority Score: N/A
Community Plan: Carmel Valley	Priority Category: N/A
Project Status: Released	Contact Information: Johnson, Brad
Duration: 2003 - 2016	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for the preparation of a project report and environmental document (PR/ED) for northerly connections of the Interstate 5 and State Route 56 freeways. Alternatives under consideration include direct freeway to freeway connectors from westbound State Route 56 to northbound Interstate 5 and southbound Interstate 5 to eastbound State Route 56, an auxiliary lane alternative which proposes providing operational improvements on Interstate 5 between Del Mar Heights Road and Carmel Valley Road, on Carmel Valley Road between Interstate 5 and State Route 56 and on State Route 56 west of Carmel Country Road. The third alternative includes the direct freeway connectors from westbound State Route 56 to northbound Interstate 5 and the auxiliary lane alternative improvements on southbound Interstate 5, eastbound Carmel Valley Road and eastbound State Route 56.

Justification: State Route 56 opened to traffic in July 2004 and provided a new east/west connection between Interstates 5 and 15. This introduced a significantly new volume of traffic to the Interstate 5 corridor in Carmel Valley, some of which needs to travel to or from the north. This project will provide the improvements necessary to make these moves most efficiently and avoid the heavy use of local streets.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Community Plans and is in conformance with the City's General Plan.

Schedule: Preparation of the project report and environmental determination began in Fiscal Year 2004 and is scheduled to be completed in Fiscal Year 2014. Design and construction will be scheduled following completion of the prior phases.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Project Status: Created	Contact Information: Pazargadi, Siavash
Duration: 2011 - 2013	619-533-3757
Improv Type: Widening	spazargadi@sandiego.gov

Description: This project provides for widening the westbound approach on Home Avenue by narrowing and relocating the median to provide two left turn lanes onto the Interstate 805 south/Route 94 east on-ramp and two through lanes.

Justification: This project will improve safety by allowing additional capacity through this intersection.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mid-City Community Plan and the City Heights Facilities Financing Plan, and is in conformance with the City's General Plan.

Schedule: The project description is preliminary and scope of work has not been established. Design and construction will be scheduled following definition of project scope.

Project Status: Released	Contact Information: Qasem, Labib
Duration: 2009 - 2012	619-533-6670
Improv Type: New	lqasem@sandiego.gov

Description: This project will provide for the installation of twenty-one mid-block, high-pressure sodium streetlights on Imperial Avenue.

Justification: Installation of the additional streetlights will facilitate safe operation of traffic, give pedestrians a safer traveling environment, promote nighttime use of sidewalks, public transportation and commercial shopping areas.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Southeastern Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2009 and was completed in Fiscal Year 2011. Construction began in Fiscal Year 2011 and was scheduled to be completed in Fiscal Year 2012 with project close out activities occurring in Fiscal Year 2013.

Improv Type: New	spazargadi@sandiego.gov

Description: This project provides for a feasibility study and preliminary and environmental impact evaluation for providing improved bicycle access on India Street between Laurel Street and Washington Street.

Justification: This project is needed to determine the required modification to a roadway that has heavy bicycle use, heavy auto use, and poor visibility through a lengthy freeway underpass.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Uptown Community Plan and is in conformance with the City's General Plan.

Schedule: This project is complete and will be closed by the end of the fiscal year.

Interstate 15 Improvements / S00931

Council District: 1	Priority Score: 35
Community Plan: Black Mountain Ranch	Priority Category: Low
Project Status: Released	Contact Information: Tracanna, John
Duration: 2008 - 2015	619-533-3682
Improv Type: New	jtracanna@sanidiego.gov

Description: This project involved the design and construction of capacity improvements on the I-15 freeway between SR-56 and the northern City of San Diego limits near Lake Hodges which included auxiliary lanes, HOV lanes, managed lanes and widening of the northbound bridge over Lake Hodges.

Justification: This project is in accordance with the Black Mountain Ranch Public Facilities Financing Plan, Project T-55, Council Resolution R-301005, November 1, 2005.

Operating Budget Impact: The operating and maintenance funding for this project was included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Black Mountain Ranch Community Plan and is in conformance with the City's General Plan.

Schedule: This project was completed by Caltrans in Fiscal Year 2009 using City, State, and Federal freeway construction funds. Black Mountain Ranch, LLC. provided Caltrans a fair share of the funding in the amount of \$7,150,000 in Fiscal Year 2007, which was in turn reimbursed from the Black Mountain Ranch Facilities Benefit Assessment (FBA).

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Interstate 5 Underpass - Bikeway/Ped Connector / S00982

Council District: 1	Priority Score: 66
Community Plan: Carmel Valley	Priority Category: High
Project Status: Released	Contact Information: Pazargadi, Siavash
Duration: 2009 - 2012	619-533-3757
Improv Type: New	spazargadi@sandiego.gov

Description: This project will provide the (missing) link between two existing bike/pedestrian paths: the regional bike connection that runs parallel to State Route 56 corridor, and the Sorrento Valley Road multi-use bike/pedestrian path, and will pass under Interstate 5, just south of the Carmel Mountain Road interchange.

Justification: Currently cyclists and pedestrians must use the shoulders of Carmel Valley Road to access the west side of Interstate 5. High traffic volumes coupled with commercial driveways and freeway ramps make it difficult for pedestrians and cyclists to travel from one side of the freeway to the other.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Carmel Valley Public Facilities Financing Plan (Project T-5) and is in conformance with the City's General Plan.

Schedule: Design was rescheduled to begin in Fiscal Year 2012. Construction will be scheduled contingent upon timing/availability of funding. It is anticipated that State and federal grant funding will become available for this project.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Juan Street Concrete Street / S00602

Council District: 2	Priority Score: 73
Community Plan: Old San Diego, Uptown	Priority Category: High
Project Status: Released	Contact Information: Palaseyed, Abi
Duration: 2010 - 2020	619-533-4654
Improv Type: Replacement	apalaseyed@sandiego.gov

Description: This project provides for the replacement of the existing concrete pavement on Juan Street from Taylor Street to Sunset Road. The improvements include construction of curb, gutter, curb ramps, sidewalks (east and west sides), underground utilities, replacement of water main as well as construction of new storm drain system.

Justification: This project is needed to reconstruct the roadway due to deterioration of the existing roadway. This project location is one of the lowest rated non-residential concrete streets within the City based on Overall Condition Index (OCI) rating.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Old San Diego and Uptown Community Plans and is in conformance with the City's General Plan.

Schedule: Environmental document began in Fiscal Year 2011 and was completed in Fiscal Year 2012. Design began and is scheduled to be completed in Fiscal Year 2012. Construction is scheduled for Fiscal Year 2013.

Summary of Project Changes: TransNet funding was allocated to this project per City Council Resolution, R-307150, dated November 16, 2011. With this action the project is fully funded. No significant change to this project for Fiscal Year 2013.,

Project Status: Released	Contact Information: Tracanna, John
Duration: 2000 - 2011	619-533-3682
Improv Type: New	jtracanna@sandiego.gov

Description: This project provides for constructing Judicial Drive from Golden Haven Drive to Eastgate Mall as a four-lane major street, including an undercrossing at La Jolla Village Drive. The undercrossing will be funded by Facilities Benefit Assessment (FBA) funding.

Justification: This project is needed to improve traffic flow, and it is included in the Council-approved North University City Community Financing Plan and Facilities Benefit Assessment Document. See Project Number 33 in the North University City Public Facilities Financing Plan.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in October of 2002 and was completed in December of 2003. Construction began in May of 2005 and was completed in September of 2006.

Summary of Project Changes: The project costs have been fully reimbursed to the developer and the project will be closed by the end of the fiscal year.

Judy Lee Place Storm Drain Replacement / S10052

Council District: 7	Priority Score: 21
Community Plan: Mid-City: Eastern Area	Priority Category: Low
Project Status: Released	Contact Information: Batta, Jamal
Duration: 2011 - 2014	619-533-7482
Improv Type: Replacement	jbatta@sanidiego.gov

Description: This project involves replacement of existing deteriorated corrugated metal pipe and outfall and restores the adjacent slope.

Justification: Replacement is required to prevent flooding and potential damage to surrounding structures.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Mid City: Eastern Area Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2011 and was completed in Fiscal Year 2012. Construction is scheduled to begin in Fiscal Year 2013.

Summary of Project Changes: Proposition 1B Transportation Bond funding was reallocated to this project per City Council Resolution R-307145, dated November 30, 2011. This action increased total project budget by \$175,000.

Kearny Mesa Community Sign / S10044

Council District: 6	Priority Score: 21
Community Plan: Kearny Mesa	Priority Category: Low
Project Status: Released	Contact Information: Johnson, Brad
Duration: 2009 - 2019	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for the installation of community signs in Kearny Mesa.

Justification: The project is funded by a State contribution agreement as part of the relinquishment of State Route 274 to the City of San Diego and was requested by Council District 6.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Kearny Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Design has been completed. Construction schedule is to be determined.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Kearny Villa Road Bike Lane Improvements / S00961

Council District: 6	Priority Score: 91
Community Plan: Kearny Mesa	Priority Category: High
Project Status: Released	Contact Information: Martedi Gaetano
Duration: 2008 - 2014	619-533-5410
Improv Type: New	gmartedi@sandiego.gov

Description: This project provides for the resurfacing and repair of damaged bicycle lanes on Kearny Villa Road between Miramar Way and State Route 163.

Justification: The deteriorating asphalt in the bicycle lane causes bicyclists to ride close to the main travel lanes, where there are high volumes of high-speed traffic. This project will replace the existing bicycle lane with new asphalt and provide a safer route of travel for bicyclists.

Operating Budget Impact: The operating and maintenance funding for this project is included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Kearny Mesa Community Plan and is conformance with the City's General Plan.

Schedule: Design and construction began in Fiscal Year 2011 and was completed in Fiscal Year 2012.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Project Status: Released	Contact Information: Pazargadi, Siavash
Duration: 2008 - 2011	619-533-3757
Improv Type: New	spazargadi@sandiego.gov

Description: This project will provide for a feasibility study focusing on a long term solution to provide an alternative parallel facility to the existing bicycle lane on Kearny Villa Road, including possible operational improvements at the interchanges at State Route 163.

Justification: This project's goal is to increase bicycling as a viable commuting or recreational option.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Kearny Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: The study began in Fiscal Year 2010 and continued through Fiscal Year 2012.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Kelton Road Pedestrian Improvements / S10154

Council District: 4	Priority Score: 38
Community Plan: Southeastern San Diego	Priority Category: Low
Project Status: Created	Contact Information: Johnson, Brad
Duration: 2010 - 2015	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides the installation of bulbouts and an in-pavement lighted crosswalk on Kelton Road between Zircon Street and Luber Street, at the entrance to Johnson Elementary School.

Justification: This will provide traffic calming elements in the vicinity of Johnson Elementary School and will be designed to slow traffic speed. This will narrow the roadway, thus providing better visibility for pedestrians, bicyclists and automobiles. This measure will also shorten actual distance crossing on streets, thus reducing children/pedestrians' exposure to traffic, reducing accidents.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Southeastern Community Plan and the City's General Plan.

Schedule: Design began in Fiscal Year 2011 and was completed in Fiscal Year 2012. Construction was scheduled to begin and to be completed in Fiscal Year 2012.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

La Jolla Ecological Reserve Area of ASBS / S00607

Council District: 1	Priority Score: 28
Community Plan: La Jolla	Priority Category: Low
Project Status: Released	Contact Information: Batta, Jamal
Duration: 2008 - 2015	619-533-7482
Improv Type: New	jbatta@sandiego.gov

Description: This project provides low flow diversion systems for four storm drain outfalls that discharge directly into the La Jolla Ecological Reserve Area of Special Biological Significance (ASBS 29).

Justification: This project will divert non-storm water discharges during the dry season from reaching La Jolla Shores, which minimizes harmful pollutants from entering this significant biological and recreational resource.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Schedule: Design of the low flow diversion system began in Fiscal Year 2008 and was completed in Fiscal Year 2012. Construction was begun in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2013.

Summary of Project Changes: Funding was made available via the California Proposition 84 Grant. This funding was accepted by City Council Resolution R-307016, dated September 19, 2011. No significant changes are anticipated for this project in Fiscal Year 2013.

Project Status: Released	Contact Information: Palaseyed, Abi
Duration: 2008 - 2012	619-533-4654
Improv Type: New	apalasayed@sandiego.gov

Description: This project provides for the construction of a curb, gutter, and sidewalk on the east side of La Jolla Mesa south of Deer Hill Court.

Justification: This project is required in order to provide safer pedestrian access.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2009 and is scheduled to be completed in Fiscal Year 2013. Construction is scheduled to begin in Fiscal Year 2013 and to be completed in Fiscal Year 2014.

Summary of Project Changes: TransNet funding was allocated to this project for Fiscal Year 2013. Scope was revised to include drainage and retaining walls in conjunction with the sidewalk design. This added scope required the need for additional funds. Project cost has been increased by \$100,000.

La Jolla Mesa Vista Project UUD / S00695

Council District: 1	Priority Score: N/A
Community Plan: Torrey Pines	Priority Category: N/A
Project Status: Released	Contact Information: Reyes, Mario
Duration: 2004 - 2012	619-533-7426
Improv Type: Replacement	mreyes@sandiego.com

Description: This project coordinates, establishes and administers an Undergrounding Utility District for the La Jolla Mesa Vista area. The La Jolla Mesa Vista Underground Utility Assessment District No. 4098 outlines a process for SDG&E, AT&T and the cable companies to underground their facilities while installing new streetlighting and restoring roadway surfaces. Construction costs for undergrounding are paid by the utility companies in accordance with Public Utilities Commission Decisions 73078, 820118 and Case 8209

Justification: The California Public Utilities Commission (CPUC) Rule 20A mandates that local utility companies allocate funding for the undergrounding of their respective utility services at the direction of the local municipality. The City of San Diego must provide the necessary administrative expenses, conversion of City-owned streetlighting, and resurfacing of roadways associated with the undergrounding purpose.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Torrey Pines community plan and is in conformance with the City's General Plan.

Schedule: This project's Underground Utility Assessment District (No. 4098) was established in Fiscal Year 2008 and will continue to be active until all remaining deliverables are resolved on a priority basis or determined to be complete. This project was scheduled to be completed in Fiscal Year 2012.

Summary of Project Changes: It is anticipated that this project will be closed by the end of the fiscal year.

Project Status: Released	Contact Information: Palaseyed, Abi
Duration: 2001 - 2014	619-533-4654
Improv Type: Widening	apalaseyed@sandiego.gov

Description: This project converts the existing La Jolla Village Drive/Interstate 805 full cloverleaf interchange configuration to a partial cloverleaf configuration, including widening the overpass structure and approaches to provide three through lanes with an auxiliary lane in each direction. The project also provides for widening La Jolla Village Drive to eight lanes and constructing three lanes to the southbound on-ramp. Bike lanes will be included.

Justification: This project is needed to improve traffic circulation and safety in the University community per the North University City Public Facilities Financing Plan - Project C.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Schedule: Design and land acquisition began in Fiscal Year 2001. Design was completed in Fiscal Year 2004. Caltrans awarded the construction contract in Fiscal Year 2011. Road construction was completed in Fiscal Year 2012. There will be a five year plant establishment and monitoring period through Fiscal Year 2017.

Summary of Project Changes: No significant change to this project for Fiscal Year 2013.

Improv Type: Betterment	mnassar@sandiego.gov

Description: This project provides for improved flood control by upgrading the existing pipe inlet along Manhasset Drive.

Justification: This project will alleviate frequent flooding during normal storm events as a result of the current undersized storm drain.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water Department budget.

Relationship to General and Community Plans: This project is consistent with the College Area Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2011 and is scheduled to be completed in Fiscal Year 2013. Construction is scheduled to begin in Fiscal Year 2013 and is scheduled to be completed in Fiscal Year 2014.

Summary of Project Changes: Deferred Capital Bond financing in the amount of \$125,000 will be allocated to this project in Fiscal Year 2013 for construction costs.

Project Status: Released	Contact Information: Batta, Jamal
Duration: 2011 - 2014	619-533-7482
Improv Type: Replacement	jbatta@sanidiego.gov

Description: This project involves replacement of existing deteriorated corrugated metal pipe within the right of way easement.

Justification: Replacement is required to prevent flooding and potential damage to surrounding structures.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Uptown Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2011 and is scheduled to be completed in Fiscal Year 2012. Construction is scheduled to begin and be completed in Fiscal Year 2013.

Summary of Project Changes: This project received additional Proposition 1B funding per City Council Resolution R-307145 in Fiscal Year 2012. The project is now fully funded.

Description: This annual allocation provides for the installation and improvements of medians citywide.

Justification: This project provides for safety improvements where medians are warranted.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects will be scheduled on a priority basis.

Summary of Project Changes: TransNet funding has been allocated to this project through Fiscal Year 2017.

Midway Street Bluff Repair / S12005

Council District: 1	Priority Score: 80
Community Plan: La Jolla	Priority Category: High
Project Status: Created	Contact Information: Espinoza, Julian
Duration: 2012 - 2012	619-533-4384
Improv Type: Betterment	jespinoza@sandiego.gov

Description: This project provides for the repair of the coastal bluff; enhance support of the concrete paving and reconstruct protective barrier at the top of the bluff.

Justification: The coastal bluff at the west end of Midway Street in the Birdrock area eroded during the 2004-2005 storm season. The protective safety barriers at the bluff collapsed including portions of the concrete paving in the area. The area was temporarily barricaded to protect the public. This project provides for bluff repair and reconstruct protective barrier at the top of the bluff.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2013. Construction is scheduled to begin and to be completed in Fiscal Year 2013.

Summary of Project Changes: Deferred Capital Bond financing in the amount of \$65,000 in is anticipated to be allocated to this project in Fiscal Year 2013. Additionally, funding from a private donation has been received and will be appropriated to the project.

Minor Signal Improvements / AIL00007

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Released	Contact Information: Hughes, Duncan
Duration: 2010 - 2020	619-533-3141
Improv Type: Replacement	drhughes@sandiego.gov

Description: This annual allocation provides for minor improvements to existing traffic signals as necessary to improve traffic flow and safety.

Justification: It is often necessary to undertake minor improvements to existing traffic signals. Such improvements are generally needed to accommodate changing traffic patterns. This annual allocation provides the flexibility necessary for timely initiation of such improvements.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: This annual allocation is no longer being funded. Minor traffic signal improvements are included in the annual allocation for traffic signal modifications/modernizations. Budget remaining in this annual allocation is related to active sublet projects and once the sublets are completed, this project will be closed.

Mira Mesa Community Transit Center / S00847

Council District: 5	Priority Score: 68
Community Plan: Mira Mesa	Priority Category: High
Project Status: Released	Contact Information: Pazargadi, Siavash
Duration: 1991 - 2015	619-533-3757
Improv Type: New	spazargadi@sandiego.gov

Description: This project provides for installation of an off-street transit center at Hillery Drive and Interstate 15. Concrete pads, bus bays, a shelter and a 300-space park-and-ride facility will be constructed. The Mira Mesa Facilities Benefit Assessment (FBA) fund will contribute \$692,000 toward the project which is estimated to cost a total of \$6 million. The Metropolitan Transit Development Board (MTDB) will design and construct the facility.

Justification: The transit center will facilitate transfer activity between existing and planned routes, and will establish a central focal point for transit in the community. It may also tie into either the future Interstate 15 corridor rail or the high-speed express bus system, depending on the results of the Metropolitan Transit Development Board Interstate 15 advance planning study now underway.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Mira Mesa Community Plan, and is in conformance with the City's General Plan.

Schedule: Construction is scheduled to begin in Fiscal Year 2013 and to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Council District: 5	Priority Score: N/A
Community Plan: Mira Mesa	Priority Category: N/A
Project Status: Released	Contact Information: Batta, Jamal
Duration: 1999 - 2013	619-533-7482
Improv Type: New	jbatta@sandiego.gov

Description: This project provides for widening and extending Mira Sorrento Place to a four-lane collector street between Scranton Road and Vista Sorrento Parkway. It includes widening the Mira Sorrento Place/Scranton Road intersection.

Justification: This project is needed to improve traffic flow and is included in the Council-approved Mira Mesa Community Financing Plan and Facilities Benefit Assessment Document. See Project Number 56 in the Mira Mesa Public Facilities Financing Plan.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mira Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Design and land acquisition were completed in Fiscal Year 2002. Construction began in Fiscal Year 2004 and was completed in Fiscal Year 2008. The five year biological monitoring period ended in Fiscal Year 2012. A long term maintenance contract will be initiated in Fiscal Year 2013.

Summary of Project Changes: TransNet funding in the amount of \$100,000 has been allocated to this project for Fiscal Year 2013. This action will increase total project budget to \$12,788,683.

Miramar Road-Interstate 805 Easterly Ramps / S00880

Council District: 5	Priority Score: 71
Community Plan: University	Priority Category: High
Project Status: Released	Contact Information: Palaseyed, Abi
Duration: 2001 - 2014	619-533-4654
Improv Type: Widening	apalaseyed@sandiego.gov

Description: This project provides for widening Miramar Road to eight lanes from the Interstate 805 easterly on and off-ramps to 300 feet east of Eastgate Mall. It includes dual left-turn lanes at Eastgate Mall. Phase I work consists of the construction of road improvements west of Eastgate Mall. Phase II will construct an exclusive right turn lane on westbound Miramar Road approaching Eastgate Mall and an exclusive right turn lane on southbound Eastgate Mall.

Justification: This project is needed to improve traffic flow, and is included in the Council approved North University City Community Plan and Facilities Benefit Assessment Document per the North University City Public Facilities Financing Plan - Project 50.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Schedule: Phase I has been completed. Phase II Right of Way acquisition was scheduled for Fiscal Year 2012 and construction is scheduled for Fiscal Year 2013.

Summary of Project Changes: A project scope change was made to add an exclusive right turn lane on southbound Eastgate Mall.

Mission Bay Sewer Interceptor System / S01095

Council District:	1, 2, 6	Priority Score:	N/A
Community Plan:	Peninsula, Mission Beach, La Jolla, Ocean Beach	Priority Category:	N/A
Project Status:	Released	Contact Information:	Batta, Jamal
Duration:	2009 - 2019		619-533-7482
Improv Type:	New		jbatta@sanidiego.gov

Description: This project will upgrade 31 low flow diversion sites in Mission Bay. These sites divert storm water runoff from the storm drain to the sewer system during low flow conditions.

Justification: This project rehabilitates and upgrades various low flow diversion systems. The Mission Bay low flow diversions have been in operation since 1987 and need rehabilitation and upgrades to bring them up to current safety and operational standards. The sub-systems of 31 sites were identified to be in need of repair because of salt water corrosion, outdated instrumentation and control equipment, and poor access for maintenance personnel.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mission Bay Park Master Plan, the Mission Beach Precise Plan, and the La Jolla, Ocean Beach, and Peninsula Community Plans and is in conformance with the City's General Plan.

Schedule: Construction began in Fiscal Year 2010 and was completed in Fiscal Year 2011.

Summary of Project Changes: This project has been completed and will be closed by the end of the fiscal year.

Project Status: Released	Contact Information: Nassar, Mark
Duration: 2002 - 2012	619-533-3712
Improv Type: Replacement - Rehab	mnassar@sandiego.gov

Description: This project provides for preserving the life of the historic Mission Beach bulkhead from Balboa Court to Pacific Beach Drive. The project includes replacing the concrete deck, restoring the wall backfill, and replacing the parapet.

Justification: This project will preserve the life of the bulkhead which was built in 1928.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mission Beach Precise Plan and is in conformance with the City's General Plan.

Schedule: A study/evaluation report will be prepared to determine the integrity of the existing Mission Beach Seawall from the southern limits at south Mission Beach jetty to Thomas Avenue, a distance of approximately 2.4 miles. The study was scheduled to be completed in March 2012. Design was initiated in Fiscal Year 2012.

Summary of Project Changes: This project will receive \$1.0 million in Deferred Capital Bond financing from a Fiscal Year 2012 Council action.

Mission Beach Boardwalk Widening Project / S00860

Council District: 2	Priority Score: N/A
Community Plan: Mission Beach, Pacific Beach	Priority Category: N/A
Project Status: Released	Contact Information: Batta, Jamal
Duration: 1997 - 2015	619-533-7482
Improv Type: Betterment	jbatta@sandiego.gov

Description: This project increases public accessibility of the beach areas in Pacific and Mission Beach. Phase I of this project completed the widening of 1.34 miles of boardwalk along Oceanfront Walk and Ocean Boulevard from Ventura Place to Santa Rita Place. This included widening of the existing concrete boardwalk by nine feet and the creation of a three foot wide landscape buffer zone immediately to the east of, and adjacent to, the boardwalk. Phase II, which is complete, was a safety study. Phase III provides for the acquisition of the right-of-way at Santa Rita Place and from Pacific Beach Drive to Oliver Avenue. Phase IV will complete the widening from Santa Rita Place to Thomas Avenue.

Justification: This project will enhance public access to this section of beach.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water Department budget.

Relationship to General and Community Plans: This project is consistent with the Mission Beach Pre-cise Plan, Pacific Beach Community Plan, and is in conformance with the City's General Plan.

Schedule: Phase I was completed in Fiscal Year 2004 and the Phase II follow-up safety study was completed in the summer of 2003. Phases III and IV will be scheduled when funding is identified.

Summary of Project Changes: TransNet funding in this project was reduced per City Council Resolution R-307150, dated November 30, 2011.

Mission City Parkway/San Diego River / S00936

Council District: 6	Priority Score: 54
Community Plan: Mission Valley	Priority Category: Medium
Project Status: Released	Contact Information: Marabian, Linda
Duration: 1999 - 2010	619-533-3082
Improv Type: New	lmarabian@sandiego.gov

Description: This project provides for a new two-lane bridge extending Mission City Parkway from the intersection of Camino Del Rio North to the north over the San Diego River. Mission City Parkway would connect to Fenton Parkway, which was constructed by a developer as part of the Mission City Development. This project also provides for an additional entrance to QUALCOMM Stadium. This project description is preliminary and the amounts shown below only reflect the funding currently programmed. The total funding needs of the project will be determined once a final scope of work is established.

Justification: The bridge is part of the approved Mission City Plan and is being constructed from funding provided by H. G. Fenton as part of the settlement with the City implementing the Mission City Development, specifically for the construction of the bridge and roadway.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mission Valley Community Plan and is in conformance with the City's General Plan.

Schedule: The project description is preliminary and the scope of work is not established; only planning and other preliminary activities have been performed to date. The project schedule for the design and construction will be established once the scope of work is approved and the remaining funding identified.

Summary of Project Changes: No significant change to this project for Fiscal Year 2013.

Transportation & Storm Water

Trans - Roadway - Street Lighting

Mount Hope/Market Street Median and Street Lights / S10088

Council District: 4	Priority Score: 78
Community Plan: Southeastern San Diego	Priority Category: High
Project Status: Created	Contact Information: Shamloufard, Jim
Duration: 2010 - 2013	619-533-3160
Improv Type: New	jshamloufard@sandiego.gov

Description: This project provides for median improvements and the installation of street lights at and near Mount Hope and Market Street.

Justification: This project will improve street lighting and install median improvements to beautify and enhance the community.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Southeastern San Diego Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2010 and was completed in Fiscal Year 2011. Construction began in Fiscal Year 2011 and is scheduled to be completed in Fiscal Year 2013.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Transportation & Storm Water

Drainage - Storm Drain Pipes

Murphy Canyon Road Storm Drain Repair / S01098

Council District: 6	Priority Score: N/A
Community Plan: Kearny Mesa	Priority Category: N/A
Project Status: Technically completed	Contact Information: Batta, Jamal
Duration: 2009 - 2015	619-533-7482
Improv Type: Replacement	jbatta@sanidiego.gov

Description: The project provides for the replacement of approximately 1,150 linear feet of 54-inch storm drain pipe. The existing pipe is deteriorated and not functioning as required.

Justification: This project replaces the existing 54-inch deteriorated and failed storm drain pipe. It will eliminate flooding and maintenance clean-up.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Kearny Mesa Community Plan and in conformance with the City's General Plan.

Schedule: Design and construction were completed in Fiscal Year 2010.

Summary of Project Changes: This project has been completed and will be closed by the end of the fiscal year.

Transportation & Storm Water

Trans - Roadway

Napa Street from Linda Vista Rd to Morena Blvd / S00849

Council District: 6	Priority Score: 55
Community Plan: Linda Vista	Priority Category: Medium
Project Status: Released	Contact Information: Marabian, Linda
Duration: 1999 - 2010	619-533-3082
Improv Type: New	lmarabian@sandiego.gov

Description: This project provides for improved traffic flow at the Napa Street/Linda Vista Road intersection.

Justification: Napa Street is classified as a major street in the Linda Vista Community Plan. Current traffic volumes in excess of 19,000 average daily trips are beyond the desirable capacity of the existing facility. The proposed design would eliminate congestion.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Linda Vista Community Plan and is in conformance with the City's General Plan.

Schedule: The project description is preliminary and the scope of work is not established; only planning and other preliminary activities have been performed to date. The project schedule for design and construction will be established once the scope of work is approved and the remaining funding identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Trans - Signals - Interconnections

Navajo Road Interconnect / S00746

Council District: 7	Priority Score: N/A
Community Plan: Navajo	Priority Category: N/A
Project Status: Technically completed	Contact Information: Zhang, Dayue
Duration: 2006 - 2011	619-533-7509
Improv Type: Betterment	dzhang@sanidiego.gov

Description: This project provides for traffic signal communication between seven traffic signals on Navajo Road from Park Ridge Boulevard to Lake Murray Boulevard. Wireless interconnect systems will be used in order to avoid street trenching.

Justification: This project will accommodate the need to centrally control heavily-traveled arterials and provide constant surveillance for efficient traffic signal operation and maintenance. The benefits include reduced stops, delays, fuel consumption and emissions.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Navajo Community Plan and is in conformance with the City's General Plan.

Schedule: Design, including the purchasing of equipment, began in November, 2005 and was completed in September, 2010. Construction by City Forces Work began in September, 2010, and was completed in June, 2011.

Summary of Project Changes: This project has been completed and will be closed by the end of the fiscal year.

Transportation & Storm Water

Trans - Roadway

New Heritage Road (Otay Valley Road)-Central / S00876

Council District: 8, 9	Priority Score: N/A
Community Plan: Otay Mesa	Priority Category: N/A
Project Status: Technically completed	Contact Information: Tracanna, John
Duration: 2000 - 2011	619-533-3682
Improv Type: New	jtracanna@sandiego.gov

Description: This project provides for realigning a portion of the existing two-lane roadway by a private developer as an interim improvement. This work will be completed by an adjacent private developer and be reimbursed through Facilities Benefit Assessment credits.

Justification: The transportation element of the Otay Mesa Community Plan suggests that an integrated transportation network will provide mobility, accessibility and safety for the residents and businesses traveling to, from, and through the community. See Project Number T-21.3i in the Otay Mesa Public Facilities Financing Plan.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2000 and was completed in Fiscal Year 2002. Construction began in Fiscal Year 2002 and was completed in Fiscal Year 2004.

Summary of Project Changes: The project costs have been fully reimbursed to developer and project will be closed by end of the fiscal year.

Nobel Drive / I-805 Interchange / S00709

Council District: 1	Priority Score: N/A
Community Plan: University	Priority Category: N/A
Project Status: Technically completed	Contact Information: Palaseyed, Abi
Duration: 1987 - 2011	619-533-4654
Improv Type: New	apalaseyed@sandiego.gov

Description: This project provides for construction of Nobel Drive as a six-lane primary arterial from Shoreline Drive to Interstate 805, and as a four-lane major street from Interstate 805 to Miramar Road. It includes construction of one-half of a diamond interchange with ramps to and from the south at Nobel Drive and Interstate 805. The new overcrossing will provide four through-lanes plus dual left-turn lanes, bike lanes, and sidewalk on both sides. Two traffic signals will be constructed at both ramp terminals with Nobel Drive. Auxiliary lanes will be constructed on Interstate 805 from north of Governor Drive to Nobel Drive. The existing bridge over the AT&SF railroad tracks will be widened to accommodate these two additional auxiliary lanes on Interstate 805.

Justification: This project will improve traffic circulation in the University Community. See Project Number 21 in the North University City Public Facilities Financing Plan.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 1998 and was completed in Fiscal Year 2000. Construction began in Fiscal Year 2000 was completed in Fiscal Year 2002. A five year plant establishment period followed. This project is now complete.

Summary of Project Changes: This project has been completed and will be closed by the end of the fiscal year.

North Harbor Drive Navy Estuary Seismic Retrofit / S00728

Council District: 2	Priority Score: 74
Community Plan: Peninsula	Priority Category: High
Project Status: Released	Contact Information: Palaseyed, Abi
Duration: 1997 - 2015	619-533-4654
Improv Type: Replacement - Retrofit	apalaseyed@sandiego.gov

Description: This project provides for the seismic retrofit of the North Harbor Drive Bridge, which will consist of stabilizing the existing piers and joining the paired piers together at the waterline to increase support during seismic events. Televised the 87-inch force main.

Justification: The North Harbor Drive Bridge over Navy Estuary has been identified as a seismically deficient bridge by Caltrans.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Peninsula Community Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2007. Construction began in Fiscal Year 2009 and was completed in Fiscal Year 2010. The project is scheduled to be closed in 2015 after the five year mitigation and monitoring period.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

North Park Lighting Improvements / S00823

Council District: 3	Priority Score: 38
Community Plan: Greater North Park	Priority Category: Low
Project Status: Released	Contact Information: Qasem, Labib
Duration: 2005 - 2013	619-533-6670
Improv Type: New	lqasem@sandiego.gov

Description: This project provides for the installation of the final set of street lights within the boundaries of the North Park Maintenance Assessment District (MAD).

Justification: This project provides for street lights within the boundaries of the North Park MAD in accordance with the Assessment Engineer's Report.

Operating Budget Impact: The North Park MAD will provide for the maintenance and energy costs associated with the enhanced street lighting. Maintenance of the street lights is identified as an improvement in the North Park MAD Assessment Engineer's Report.

Relationship to General and Community Plans: This project is consistent with the Greater North Park Community Plan and is in conformance with the City's General Plan.

Schedule: North Park MAD-funded street light installation began in Fiscal Year 2004. The project was scheduled to be completed in Fiscal Year 2012 with project close out activities occurring in Fiscal Year 2013.

Summary of Project Changes: No significant change to this project for Fiscal Year 2013.

North Park Obstructed Curb Ramp Barrier Removal / S11049

Council District: 3	Priority Score: 66
Community Plan: Greater North Park	Priority Category: High
Project Status: Created	Contact Information: Nassar, Mark
Duration: 2012 - 2014	619-533-3712
Improv Type: Betterment	mnassar@sandiego.gov

Description: This project will provide eight curb ramps at the intersection of Utah Street and Monroe Avenue. It will also include new curb, gutter, sidewalk, and pavement.

Justification: The project location is a highly used area. One or more Americans with Disabilities Act (ADA) complaints have been received. The improvements are needed for disabled access in public right-of-way for compliance with current ADA standards.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Greater North Park Community Plan and the City's General Plan.

Schedule: The project description is preliminary and the scope of work has not been established. Design and construction will be scheduled following definition of project scope.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Trans - Bridge - Vehicular

North Torrey Pines Road Bridge/ Los Penasquitos / S00935

Council District: 1	Priority Score: 56
Community Plan: Torrey Pines	Priority Category: High
Project Status: Released	Contact Information: Palaseyed, Abi
Duration: 1992 - 2014	619-533-4654
Improv Type: Replacement - Retrofit	apalaseyed@sandiego.gov

Description: This project provides for demolishing and reconstructing the North Torrey Pines Road Bridge over Los Penasquitos Creek and for transitionally widening both road approaches from approximately 770 feet south of the bridge to 1,100 feet north of the bridge. Tidal action from Los Penasquitos Lagoon is compromising beach access. Tidal action has become an issue due to the new configuration of the bridge span over the lagoon. Scouring of the access point from the State parking lot is an issue for State maintenance vehicles and beach patrons.

Justification: This project is needed to replace the structurally deficient and functionally obsolete bridge. The new bridge will be designed to current standards.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Torrey Pines Community Plan and is in conformance with the City's General Plan.

Schedule: Environmental review was completed in Fiscal Year 2000. Design began in Fiscal Year 2000 and was completed in Fiscal Year 2003. Construction was completed in Fiscal Year 2006. Environmental mitigation and monitoring began in Fiscal Year 2012 and will continue until Fiscal Year 2016. Due to environmental obligations, a post construction ramp for access to Torrey Pines beach for state vehicles and beach patrons will be completed in Fiscal Year 2013.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Trans - Roadway

North Torrey Pines Road at Genesee Avenue / S00720

Council District: 1	Priority Score: N/A
Community Plan: University	Priority Category: N/A
Project Status: Released	Contact Information: Johnson, Brad
Duration: 1992 - 2013	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for the reconstruction of Genesee Avenue at Torrey Pines Road and John Jay Hopkins Drive. The proposed changes include rebuilding the intersection of Genesee Avenue/North Torrey Pines Road, widening Genesee Avenue and North Torrey Pines Road north of Genesee Avenue to a six-lane primary arterial, and widening North Torrey Pines Road south of Genesee Avenue to a six-lane major street. The limits of the widening are easterly to John Jay Hopkins Drive, southerly to Torrey Pines Scenic Drive and to 500 feet north of the North Torrey Pines Road/Genesee Avenue intersection. This project also provides for Class II bicycle lanes. See Project Number E in the North University City Public Facilities Financing Plan.

Justification: This project will improve sight distance through the intersection and provide additional left turn storage capacity on Genesee Avenue at John Jay Hopkins Drive and University of California entrance.

Operating Budget Impact: The operating and maintenance funding for this project is included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Torrey Pines and Community Plan and the City's General Plan Guidelines.

Schedule: Design was scheduled in Fiscal Year 1992. Land acquisition was scheduled to begin in Fiscal Year 1992. Construction was scheduled to begin in Fiscal Year 1993 and be completed in Fiscal Year 1994. This project was reinstated in Fiscal Year 2004 to reflect budget and funding adjustments. All work associated with this project was complete in Fiscal Year 2006. It is expected that easement acquisition will occur in Fiscal Year 2013.

Summary of Project Changes: This project completion is pending easement acquisition.

Project Status: Released	Contact Information: Schultz, Louis
Duration: 1998 - 2013	619-533-4668
Improv Type: Betterment	lschultz@sandiego.gov

Description: This project provides for median curb, gutter, drainage and landscaping improvements, from 600 feet north of Genesee Avenue to the State Reserve boundary including the Callan Road intersection.

Justification: This project will improve safety and drainage on North Torrey Pines Road per the North University City Public Facilities Financing Plan - Project D.

Operating Budget Impact: Eligible maintenance activities will be funded by the Genesee Avenue/North Torrey Pines Road Maintenance Assessment District.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary design was completed in Fiscal Year 2004. Design began in Fiscal Year 2008 and was scheduled to be completed in Fiscal Year 2012. Construction will begin late Fiscal Year 2012 and continue into Fiscal Year 2013.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Trans - Bicycle Facilities (All Class.)

Ocean Beach/Hotel Circle Bicycle Path / S00949

Council District: 2, 6	Priority Score: 59
Community Plan: Ocean Beach, Mission Valley	Priority Category: High
Project Status: Released	Contact Information: Handal, Mike
Duration: 2002 - 2013	619-533-7588
Improv Type: New	mhandal@sandiego.gov

Description: This project provides for a Class I bike path to connect the existing Ocean Beach bike path (at its easterly end) to Hotel Circle North, along the south side of the San Diego River.

Justification: This bike path is needed as a critical connection for bicyclists in this area in accordance with the Mission Valley Community Plan.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mission Valley and Ocean Beach Community Plans and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2004 and was completed in Fiscal Year 2006. Construction began in Fiscal Year 2008 and was completed in Fiscal Year 2010. The landscape maintenance phase was completed in Fiscal Year 2011. This project is scheduled to be closed in Fiscal Year 2013.

Summary of Project Changes: TransNet funding was reduced per City Council Resolution R-307150, dated November 11, 2011 and in accordance with the Regional Transportation Improvement Plan (RTIP).

Ocean Front Walk-San Fernando to Ventura / S00875

Council District: 2	Priority Score: 42
Community Plan: Mission Beach	Priority Category: Medium
Project Status: Released	Contact Information: Nassar, Mark
Duration: 1999 - 2012	619-533-3712
Improv Type: Replacement - Rehab	mnassar@sandiego.gov

Description: This project provides for the removal and replacement of the existing pile cap, parapet wall, lights, and walkway along Ocean Front Walk between San Fernando Place and Ventura Place to their original 1925 appearance, in accordance with the Secretary of the Interior Standard for the Treatment of Historic Properties.

Justification: These structures are significant to the history of San Diego. They were constructed in 1925 to protect and complement the John D. Spreckels Amusement Center, now named Belmont Park. Extensive patching of spalled concrete and asphalt overlay of the walkway have robbed these structures of their character. Patching is no longer an option to restore and preserve these structures.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mission Beach Precise Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2001 and was completed Fiscal Year 2007. Construction will be scheduled upon identification of funding.

Summary of Project Changes: TransNet funding in this project was reduced per City Council Resolution R-307150, dated November 30, 2011.

Ocean View Hills Parkway / S00882

Council District: 8, 9	Priority Score: N/A
Community Plan: Otay Mesa	Priority Category: N/A
Project Status: Released	Contact Information: Tracanna, John
Duration: 2000 - 2011	619-533-3682
Improv Type: New	jtracanna@sandiego.gov

Description: This project provides for reimbursing the developer for the City's share of the design and construction of Ocean View Hills Parkway (Phases II and III) from Dennery Road to Otay Mesa Road. The project includes approximately 5,200 lineal feet of a four-lane major street and 4,900 lineal feet of a six-lane major street. See projects T2.1, T2.2 and T2.3 in the Otay Mesa Public Facilities Financing Plan.

Justification: The transportation element of the Otay Mesa Community Plan recommends that an integrated transportation network will provide mobility, accessibility and safety for the residences and businesses traveling to, from and through the community.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Phases I and II were completed in previous years with reimbursements to date. Phase III design began and was completed in Fiscal Year 2005. Construction began in Fiscal Year 2006 and has been completed. Schedule is contingent upon the rate of development and fees collected in the community.

Summary of Project Changes: It is anticipated that the developer will be reimbursed in Fiscal Year 2013.

Trans - Roadway

Old Otay Mesa Road- Westerly / S00870

Council District: 8, 9	Priority Score: 66
Community Plan: Otay Mesa, Otay Mesa - Nestor	Priority Category: High
Project Status: Released	Contact Information: Palaseyed, Abi
Duration: 2008 - 2015	619-533-4654
Improv Type: Widening	apalaseyed@sandiego.gov

Description: This project provides for design and construction of Old Otay Mesa Road from the Princess Park Subdivision (Crescent Bay Drive) to the Remington Hills Subdivision (Hawken Drive). This project includes approximately 2,400 linear feet of a two-lane collector street, sidewalks, curb, gutter, street lighting, new roadway sections, guardrail and traffic calming facilities.

Justification: The transportation element of the Otay Mesa Community Plan suggests that an integrated transportation network will provide mobility, accessibility, and safety for persons traveling to, from, and through the community. This project is being funded with Facilities Benefit Assessment Fees because there is either no project fronting this roadway or the projects fronting the roadway are also public facility projects, e.g., school, park. Should the adjacent properties be developed, these properties shall reimburse the Facilities Benefit Assessment Fees Fund for the actual cost of the project as a condition of approval of their developments.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is required by and is consistent with the Otay Mesa and Otay Nestor Community Plans and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2008 and is scheduled to be completed in Fiscal Year 2013. Construction is anticipated to begin in Fiscal Year 2014. This schedule is contingent upon the rate of development and fees collected in the community

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Otay Mesa Truck Route Phase 3 / S00724

Council District: 8, 9	Priority Score: 54
Community Plan: Otay Mesa	Priority Category: Medium
Project Status: Released	Contact Information: Li, David
Duration: 2003 - 2012	619-533-5164
Improv Type: New	dli@sandiego.gov

Description: This Phase III project provides for an emergency lane and paved shoulder from Drucker Lane to the Port of Entry.

Justification: The Phase III additional lane will provide a dedicated emergency lane for Border Patrol, Police and other emergency vehicles.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Phase III design was completed in Fiscal Year 2010 and construction began in Fiscal Year 2010 and was completed in Fiscal Year 2011.

Summary of Project Changes: This project no longer includes Phase IV which is now a separate project. Phase III of the project is complete. In Fiscal Year 2012, City Council approved Resolution R-306552 to reallocate TransNet funding from this project to Otay Mesa Truck Route Phase IV.

Project Status: Released	Contact Information: Li, David
Duration: 2010 - 2017	619-533-5164
Improv Type: New	dli@sandiego.gov

Description: This phase IV project provides for the construction of an additional lane to the existing Otay Truck Route from La Media Road to Drucker Lane and for the extension of the Truck Route (two lanes) from Britannia Boulevard to La Media Road and along Britannia Boulevard from the border to Britannia Court.

Justification: The Phase IV additional lane and extension of the Truck Route will remove cargo traffic from local streets and further expedite international truck traffic southbound into Mexico at the Otay Mesa Port of Entry

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: The environmental process for Phase IV is scheduled for Fiscal Year 2012. The design is scheduled to begin in Fiscal Year 2013 and to be completed in Fiscal Year 2014. Right of way acquisition is scheduled for Fiscal Year 2014. Construction for Phase IV is scheduled to begin in Fiscal Year 2015.

Summary of Project Changes: TransNet funding in the amount of \$350,000 has been allocated to this project for Fiscal Year 2013.

Project Status: Created	Contact Information: Nassar, Mark
Duration: 2011 - 2014	619-533-3712
Improv Type: Betterment	mnassar@sandiego.gov

Description: This project will provide for curb ramps, curbs, gutters, sidewalks, street overlay, new curb inlets, cleanouts, Americans with Disabilities Act (ADA) pedestrian push buttons, a median curb and traffic striping at the intersection of Pacific Beach Drive and Mission Boulevard.

Justification: This project location is in a heavily used area. One or more ADA complaints have been received. The improvements are needed for disabled access in the public right-of-way for compliance with current ADA standards.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Pacific Beach Community Plan and is in conformance with the City's General Plan.

Schedule: The project description is preliminary and the scope of work has not been established. Design and construction will be scheduled following definition of project scope.

Trans - Bridge - Vehicular

Palm Avenue Interstate 805 Interchange / S00869

Council District: 8, 9	Priority Score: 53
Community Plan: Otay Mesa, Otay Mesa - Nestor	Priority Category: Medium
Project Status: Released	Contact Information: Palaseyed, Abi
Duration: 2002 - 2017	619-533-4654
Improv Type: Widening	apalaseyed@sanidiego.gov

Description: This project provides for improving the Palm Avenue/Interstate 805 interchange in three phases. The first phase has been completed. The second phase consists of repairs to the bridge approaches and abutments; bridge widening to the south; installation of sidewalk and signal; restriping; and signage modifications. The third stage consists of bridge widening to the north, relocation of north bound on and off-ramp, and widening of the two on-ramps. All three phases of the project provide improvements per the Otay Mesa Public Facilities Financing Plan - Projects T1.1, 1.2, 1.3, and 1.4.

Justification: This project is required to accommodate the additional traffic generated as a result of development in the Otay Mesa Community. Improvements to this interchange will also help to reduce traffic volumes on State Route 905.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa and Otay Mesa/Nestor Community Plans and is in conformance with the City's General Plan.

Schedule: Phase I is complete. Phase II and III environmental studies began in Fiscal Year 2010. Phase II design will be completed in Fiscal Year 2015 and construction is scheduled in Fiscal Year 2016. Phase III design is scheduled in Fiscal Year 2013. Construction for Phase III will be scheduled upon allocation of funding. This schedule is contingent upon the rate of development and fees collected in the community.

Summary of Project Changes: FBA funding has been revised to reflect allocations anticipated to become available in Fiscal Year 2013.

Paradise Hills Revitalization Project / S00829

Council District: 4	Priority Score: N/A
Community Plan: Skyline - Paradise Hills	Priority Category: N/A
Project Status: Technically completed	Contact Information: Palaseyed, Abi
Duration: 2001 - 2011	619-533-4654
Improv Type: Betterment	apalaseyed@sandiego.gov

Description: This project provides for a vision and implementation strategy for rehabilitating an older commercial strip development on Reo Drive between Albemarle Street and Cumberland Street in the heart of Paradise Hills. Phase I added crosswalks, pop-outs, and surface improvements on Reo Drive between Albemarle Street and Cumberland Drive. Phase II will widen Reo Drive from 60 to 80 feet, including diagonal parking, and surface improvements between Albemarle Street and Cumberland Drive.

Justification: Revitalization of this strip will encourage commercial opportunities in this underserved community.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Skyline/Paradise Hills Community Plan and is in conformance with the City's General Plan.

Schedule: This project was completed Fiscal Year 2009.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Pedestrian Bridge - Ted Williams Parkway / S00938

Council District: 5	Priority Score: N/A
Community Plan: Carmel Mountain Ranch	Priority Category: N/A
Project Status: Technically completed	Contact Information: Palaseyed, Abi
Duration: 2003 - 2011	619-533-4654
Improv Type: New	apalaseyed@sandiego.gov

Description: This project provides for construction of a pedestrian bridge along Shoal Creek Drive to facilitate crossing Ted Williams Parkway. This phase of the project includes design and environmental studies.

Justification: The intersection is in close proximity to Shoal Creek Elementary School and has a high volume of children crossing Ted Williams Parkway. This project will increase pedestrian safety and was requested by City Council and the community.

Operating Budget Impact: None

Relationship to General and Community Plans: This project is consistent with the Carmel Mountain Ranch Community Plan and is in conformance with the City's General Plan.

Schedule: This project is complete.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Pedestrian Master Plan / S00737

Council District: Citywide	Priority Score: N/A
Community Plan: Citywide	Priority Category: N/A
Project Status: Released	Contact Information: Gardiner, Maureen
Duration: 2007 - 2013	619-236-7065
Improv Type: New	mgardiner@sandiego.gov

Description: This project provides for the development of a comprehensive Pedestrian Master Plan to guide the way the City plans and implements pedestrian improvement projects to address safety, accessibility, connectivity, and walkability. The plan will identify and prioritize pedestrian improvement projects based on technical analysis and community input.

Justification: The plan will identify the City's pedestrian needs list, improve the City's ability to implement pedestrian projects using its limited resources as effectively as possible, and improve the City's position to receive grant funding to construct such projects.

Operating Budget Impact: None

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Earlier phases of the project have been completed. Phase III began in Fiscal Year 2007 and was completed in Fiscal Year 2012. Phase IV began in Fiscal Year 2011 and will be completed in Fiscal Year 2014. Subsequent phases will be scheduled if grant funding becomes available.

Summary of Project Changes: Grant funding anticipated for this project in Fiscal Year 2012 was not realized. No significant change is anticipated to this project for Fiscal Year 2013.

Project Status: Released	Contact Information: Pence, Gary
Duration: 2001 - 2013	619-533-3184
Improv Type: New	gpence@sandiego.gov

Description: This project provides for improvements along Pershing Drive at Redwood Street and Jacaranda Place, and at the entrance to the Morley Field Disc Golf Course in Balboa Park.

Justification: The re-configuration of this intersection will improve traffic control and safety for vehicles, bicycles, and pedestrians.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Balboa Park and Greater North Park Community Plans and is in conformance with the City's General Plan.

Schedule: Preliminary design began in Fiscal Year 2011 and was completed in Fiscal Year 2012. Design is scheduled to begin in Fiscal Year 2013. Construction will be scheduled upon identification of funding.

Summary of Project Changes: TransNet funding in the amount of \$100,000 has been allocated to this project for Fiscal Year 2013.

Point Loma/Ocean Beach Interconnect / S00742

Council District: 2	Priority Score: N/A
Community Plan: Peninsula, Ocean Beach	Priority Category: N/A
Project Status: Technically completed	Contact Information: Qasem, Labib
Duration: 2003 - 2009	619-533-6670
Improv Type: Betterment	lqasem@sandiego.gov

Description: This project provides for traffic signal interconnect and central communications to 35 traffic signals in the Point Loma and Ocean Beach areas. Fiber optic cable will be installed on Rosecrans Street (1,900 feet) and on Sports Arena Boulevard (5,008 feet). Twisted pair interconnect will be installed on Nimitz Boulevard (8,200 feet), Catalina Boulevard (6,600 feet), West Point Loma Boulevard (5,000 feet), Chatsworth Boulevard (2,800 feet), Sunset Cliffs Boulevard (2,500 feet) and Voltaire Street (700 feet). This system will connect to the fiber optic communication network on Pacific Highway.

Justification: This project will accommodate the need to centrally control heavily-traveled arterials and provide constant surveillance for efficient traffic signal operation and maintenance. The benefits include reduced stops, delays, fuel consumption and emissions.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Point Loma, Ocean Beach, and Peninsula Community Plans and is in conformance with the City's General Plan.

Schedule: Design began and was completed in Fiscal Year 2003. Construction began in Fiscal Year 2004 and was completed in Fiscal Year 2006. This project will be closed when the City and Caltrans complete the ongoing grant administration closeout process. This process was completed in Fiscal Year 2011.

Summary of Project Changes: This project has been completed and will be closed by the end of the fiscal year.

Project Status: Released	Contact Information: Tracanna, John
Duration: 2008 - 2015	619-533-3682
Improv Type: Betterment	jtracanna@sanidiego.gov

Description: This project involved improvements at the intersection of Pomerado Road and Willow Creek Road/Avenue of Nations as part of the construction of Thurgood Marshall Middle School. The improvements included a traffic signal, widening, striping and landscaping.

Justification: This project is in accordance with the Scripps Miramar Ranch Public Facilities Financing Plan, Project: 34-14, Council Resolution R-302405, March 5, 2007.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Scripps Miramar Ranch Community Plan and is in conformance with the City's General Plan.

Schedule: This project was completed by the San Diego Unified School District in Fiscal Year 2007, and reimbursement in the amount of \$1,260,158 was provided for the project from the Scripps Ranch Miramar Ranch Facilities Benefit Assessment (FBA) under the terms of a reimbursement agreement.

Summary of Project Changes: This project has been completed and will be closed by the end of the fiscal year.

Council District: 4	Priority Score: 49
Community Plan: Skyline - Paradise Hills	Priority Category: Medium
Project Status: Technically completed	Contact Information: Batta, Jamal
Duration: 2008 - 2011	619-533-7482
Improv Type: New	jbatta@sanidiego.gov

Description: This project provides for installation of a concrete sidewalk on Potomac Street along the west side of the road adjacent to the Paradise Hills Community Park.

Justification: The surrounding streets to the Paradise Hills Community Park, Potomac Street and Paradise Valley Road, have existing sidewalk except for the segment in front of the park site. The concrete sidewalk will improve pedestrian access to the park.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Skyline/Paradise Hills Community Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2009 and construction was completed in Fiscal Year 2010.

Summary of Project Changes: Project was completed in Fiscal Year 2010 and will be closed by the end of the fiscal year.

Poway Road Bicycle Path - Class I / S00943

Council District: 5	Priority Score: 56
Community Plan: Sabre Springs	Priority Category: High
Project Status: Released	Contact Information: Johnson, Brad
Duration: 1997 - 2014	619-533-5120
Improv Type: Widening	bjohnson@sandiego.gov

Description: This project provides for the construction of a Class I bicycle path (combined pedestrian and bicycle travel) easterly along the south side of Poway Road from the I-15/Poway Road interchange to Sabre Springs Parkway, approximately 1,950 feet in length. This project replaces the existing Class II bikeway located within the shoulder of Poway Road.

Justification: The Sabre Springs Community Plan encourages the development of a system of bikeways within the community, tying into the regional bicycle network.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Sabre Springs Community Plan and is in conformance with the City's General Plan.

Schedule: The Environmental Process began in Fiscal Year 2008 and was completed in Fiscal Year 2012. Design began and was completed in Fiscal Year 2012. Construction is scheduled to begin in Fiscal Year 2013 and will be completed in Fiscal Year 2014.

Project Status: Technically completed	Contact Information: Fuentes, Julio
Duration: 2008 - 2012	619-533-3092
Improv Type: New	jfuentes@sanidiego.gov

Description: This project provides for intersection improvements at Prospect Street and Silverado Street.

Justification: The arrangement of the existing intersection does not meet current geometric standards. This makes effective traffic circulation and pedestrian usage difficult. This project will address these issues through the installation of a roundabout or similar improvement.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Schedule: Design and environmental documentation began in Fiscal Year 2009.

Summary of Project Changes: This project has a low priority when compared to other similar projects. It has not been completed and will be closed by the end of the fiscal year.

Council District: 5	Priority Score: N/A
Community Plan: Rancho Bernardo	Priority Category: N/A
Project Status: Released	Contact Information: Qasem, Labib
Duration: 2003 - 2009	619-533-6670
Improv Type: Betterment	lqasem@sandiego.gov

Description: This project provides for traffic signal interconnect and central communications to 37 traffic signals in the Rancho Bernardo community. The project consists of installation of twisted pair interconnect on Pomerado Road (13,200 feet), Rancho Bernardo Road (10,800 feet), Bernardo Center Drive (6,900 feet), West Bernardo Drive (6,000 feet), Paseo Lucido (4,500 feet), Via del Campo (4,500 feet), Bernardo Heights Parkway (2,700 feet), and Camino del Norte (2,500 feet). Central communications will be achieved by wireless communication or by connecting to a proposed addition to the fiber optic network.

Justification: This project will accommodate the need to centrally control heavily-traveled arterials and provide constant surveillance for efficient traffic signal operation and maintenance. The benefits include reduced stops, delays, fuel consumption and emissions.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Rancho Bernardo Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2003 and was completed in Fiscal Year 2004. Construction began in Fiscal Year 2004, and was completed in Fiscal Year 2009. Duration: 2001 - 2012	619-533-7482
Improv Type: Replacement	jbatta@sandiego.gov

Description: This project provides for a replacement storm drain pipe at Darwin Way and Ransom Street. Approximately 490 feet of 42-inch and 610 feet of 24-inch corrugated metal pipe will be replaced with reinforced concrete pipe.

Justification: The existing corrugated metal pipe under Darwin Way and Ransom Street is badly corroded and has created sinkholes on Ransom Street. Replacement is needed to prevent flooding of the streets.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa/Nestor Community Plan and is in conformance with the City's General Plan.

Schedule: Design and construction were completed in Fiscal Year 2010.

Summary of Project Changes: This project has been completed and will be closed by the end of the fiscal year.

Regents Road Bridge / S00729

Council District: 1	Priority Score: N/A
Community Plan: University	Priority Category: N/A
Project Status: Released	Contact Information: Palaseyed, Abi
Duration: 1992 - 2015	619-533-4654
Improv Type: New	apalaseyed@sandiego.gov

Description: This project provides for an 870-foot bridge spanning the AT&SF Railroad and a portion of the flood plain. Additionally, this project provides for a four-lane major street with Class II bike lanes on Regents Road from the AT&SF railroad bridge to 100 feet north of Lahitte Court as well as widening the existing half width street to a four-lane major street from 100 feet north of Lahitte Court to Governor Drive, including Class II bike lanes. In addition, the project recreational improvements in the canyon, which include limiting noise to the greatest extent possible, traffic calming, walkability, profile/light penetration structure design, habitat restoration, recreational improvements for pedestrians, and bike access trails.

Justification: This project will complete Regents Road and provide continuous access to northern communities. This project is included in the Council-approved North University City Financing Plan and Facilities Benefit Assessment Plan - Project NUC-18.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Schedule: Project is on indefinite hold due to a vote not to proceed by the Land Use and Housing Committee.

Summary of Project Changes: No significant change to this project for Fiscal Year 2013.

Project Status: Released	Contact Information: Johnson, Brad
Duration: 2003 - 2015	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for widening Regents Road to a modified four-lane major street from Genesee Avenue to Executive Drive, relocation of the Genesee Avenue/Regents Road intersection to the east, and bike lanes.

Justification: This project is needed to improve traffic flow and is included in the Council-approved North University City Community Financing Plan - Project 13 and Facilities Benefit Assessment Document.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2012. Construction schedule will be established pending land acquisition from the University of California - San Diego (UCSD).

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Trans - Signals - Traffic Signals

Replace Obsolete T/S Controllers / AIL00010

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Released	Contact Information: Hughes, Duncan
Duration: 2010 - 2020	619-533-3141
Improv Type: Replacement	drhughes@sandiego.gov

Description: This annual allocation provides for replacing obsolete and/or out-of-production traffic signal controller units.

Justification: Present day requirements for coordinated signal operation, protected left turns, and emergency vehicle preemption are increasingly difficult or impossible to incorporate into some older controller units now in service. Older units function with moving parts and electrical contacts, both of which are subject to wear. Maintenance costs are increasing and parts are becoming difficult to find. The new controllers are solid-state, less costly to maintain, and more adaptable to today's needs.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: TransNet funding was not allocated to this project for Fiscal Year 2013. Funding will be allocated in future years as needed for the replacement of obsolete traffic signal controllers.

Resurfacing of City Streets / AID00005

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Released	Contact Information: Gefrom, Walter
Duration: 2010 - 2020	619-527-7509
Improv Type: Betterment	wgefrom@sandiego.gov

Description: This annual allocation provides for roadway resurfacing, repair and reconstruction.

Justification: Resurfacing, repair, and reconstruction of City streets are necessary to maintain the streets in serviceable condition and prevent deterioration of the roadway.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: This project reflects \$72.4 million of bond financing within the Fiscal Year 2013 Anticipated column. This amount includes \$30.6 million of bond financing from a Fiscal Year 2012 Council action routing for approval and a Fiscal Year 2013 bond financing amount of \$41.8 million. Approximately \$252.4 million of bond financing is scheduled for street projects through Fiscal Year 2017. Based on a streets condition assessment conducted in November 2011, the City will need an additional \$152.6 million in unidentified funding to address the remaining deferred capital needs.

Drainage - Best Mgt Practices (BMPs)

Rose & Tecolote Creeks Water Quality Improvements / ACC00002

Council District: 6	Priority Score: Annual
Community Plan: Clairemont Mesa	Priority Category: Annual
Project Status: Released	Contact Information: Matter, Gene
Duration: 2010 - 2015	858-451-4346
Improv Type: Betterment	rmatter@sandiego.gov

Description: This project proposes Storm Water Best Management Practices (BMP's) to address pollutants of concern in the Tecolote Creek sub-watershed. A green street consisting of several biofiltration basins will be constructed at various points in the neighborhood around Mount Abernathy Avenue. The basins will reduce the amount of storm water runoff that reaches the storm drain system.

Justification: This project addresses pollutants of concern within the Rose and Tecolote Creek watersheds which satisfies the watershed-based water quality activity requirements in the Regional Water Quality Board's Municipal Storm Water Permit.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with Clairemont Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2011 and is anticipated to be completed in Fiscal Year 2013. Construction is scheduled to begin in Fiscal Year 2013.

Summary of Project Changes: City Council Resolution R-307085, dated November 1, 2011, reallocated \$173,000 in Rose and Tecolote Creek Water Quality funding from Rose and Tecolote Creeks Water Quality Improvements (S-10002). This action consolidated the funding identified for this watershed improvement project. An additional \$50,000 from the General Fund has been allocated for Fiscal Year 2013. This funding will support the construction of the Mt. Abernathy Green Street project.

Rose Creek Bikeway / S00946

Council District: 2, 6	Priority Score: N/A
Community Plan: Mission Bay Park, Pacific Beach	Priority Category: N/A
Project Status: Released	Contact Information: Batta, Jamal
Duration: 2001 - 2014	619-533-7482
Improv Type: New	jbatta@sandiego.gov

Description: This project provides for design and construction of a pedestrian/bicycle bridge across Rose Creek and a paved Class I bike path to connect the westerly end of the new bridge to Pacific Beach Drive.

Justification: This project will close a gap in the existing network of bike paths and lanes in Mission Bay Park. The project will allow pedestrians and bicyclists to circumvent a much longer existing route along Grand Avenue.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project implements the Pacific Beach Community Plan and the Mission Bay Park Master Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2001 and was completed in Fiscal Year 2010. Construction began in Fiscal Year 2011 and is scheduled to be completed in Fiscal Year 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Rosecrans Street Corridor Improvements / S00830

Council District: 2	Priority Score: N/A
Community Plan: Midway - Pacific Highway, Peninsula	Priority Category: N/A
Project Status: Released	Contact Information: Fuentes, Julio
Duration: 2003 - 2015	619-533-3092
Improv Type: Betterment	jfuentes@san Diego.gov

Description: This project provides for improvements to the former State Route 209, which includes all or parts of Camino del Rio West, Rosecrans Street, Canon Street, Catalina Boulevard, and Cabrillo Memorial Drive. Camino del Rio West improvements consist of upgrading the sidewalk facilities, including installation of pedestrian ramps and traffic signal modifications, and construction of turn pocket and signal modifications on Rosecrans at Midway.

Justification: Redevelopment in the area resulted in increased traffic and pedestrian activity.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation and Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Peninsula and Midway Community Plans and is in conformance with the City's General Plan.

Schedule: Phase I of the project which includes traffic signal modifications, and installation of turn pockets began in Fiscal Year 2010. Construction of Phase I was completed in Fiscal Year 2011.

Summary of Project Changes: This project will be closed by the end of the fiscal year.

Project Status: Released	Contact Information: Martedi Gaetano
Duration: 2008 - 2014	619-533-5410
Improv Type: New	gmartedi@sandiego.gov

Description: This proposed project will install 3.25 miles of Class II Bikeways from Kearny Villa Road to Murphy Canyon Road and upgrade the existing Class III facility on Murphy Canyon Road between Aero Drive to city limits that will connect to Murphy Canyon Road Bike Path.

Justification: This project will provide north and south connectivity to other bikeways within the city and will provide a safer route of travel for bicyclists.

Operating Budget Impact: The operating and maintenance funding for this project is included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Kearny Mesa Community Plan and is in conformance with the City's General Plan. This Study is consistent with the Bicycle Master Plan, which was passed by Council Resolution R-296581.

Schedule: Design began in Fiscal Year 2010 and was completed in Fiscal Year 2011. Construction will be completed in Fiscal Year 2012

Summary of Project Changes: TransNet funding in this project was revised per City Council Resolution, R-307150, dated November 30, 2011. Total project cost was increased by \$31,000. This project will be completed and closed by the end of the fiscal year.

SR56 / I-15 Interchange / S00920

Council District: 1	Priority Score: N/A
Community Plan: Pacific Highlands Ranch	Priority Category: N/A
Project Status: Technically completed	Contact Information: January, Frank
Duration: 2007 - 2010	619-533-3699
Improv Type: New	fjanuary@sandiego.gov

Description: This project provides for the design and construction of a loop ramp in the southeast quadrant of State Route 56 at Interstate 15 in Rancho Penasquitos for eastbound to northbound movements to eliminate the need for making left turns at the existing traffic signal. It will also widen the southbound to westbound ramp and the eastbound to southbound ramp. (See Project T-1.6 and Black Mountain Ranch PFFP Project T-56.)

Justification: This facility is required to accommodate the additional traffic generated as a result of development in the Interstate 15 Corridor, with Pacific Highlands Ranch contributing its fair share based on percentage of increased traffic.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch Public Facility Financing Plan and is in conformance with the City's General Plan.

Schedule: Construction was completed in Fiscal Year 2011.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Improv Type: New	spazargadi@sandiego.gov

Description: This project provides for development of a public education campaign to promote safe use of streets by motorists, pedestrians, and bicyclists.

Justification: This project will result in a guide for a multi-media ad campaign to raise public awareness of the interactions of motorists, pedestrians, and bicyclists on City streets. Various aspects of the public education campaign will target specific elements of the traveling public. Additional funding will be required for campaign implementation.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: This project was implemented in Fiscal Year 2009 and will continue through Fiscal Year 2014, pending award of additional grant funding.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Project Status: Released	Contact Information: Pazargadi, Siavash
Duration: 2000 - 2011	619-533-3757
Improv Type: New	spazargadi@sandiego.gov

Description: This project provides for constructing 0.2 mile of Class I bikeway from Avenida del Rio easterly to the existing San Diego River Bike Path at Hazard Center Drive.

Justification: This project will provide for a link to the San Diego River Bike Path.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mission Valley and Navajo Community Plans, and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2001 and is now complete. Construction began in Fiscal Year 2002 and was completed in Fiscal Year 2004. Landscape maintenance began in Fiscal Year 2004 and continued through Fiscal Year 2006.

Summary of Project Changes: TransNet funding in this project was revised per City Council Resolution R-307150, dated November 30, 2011. This project has been completed and will be closed by the end of the fiscal year.

Trans - Bicycle Facilities (All Class.)

San Diego River Multi-Use Path / S00958

Council District: 6	Priority Score: 56
Community Plan: Mission Valley	Priority Category: High
Project Status: Released	Contact Information: Giandoni, Mark
Duration: 2006 - 2012	619-533-4618
Improv Type: New	mgiaandoni@sandiego.com

Description: This project provides for a multi-use pedestrian and bicycle path under State Route 163 from Hazard Center Drive to Fashion Valley Mall on the north side of the San Diego River. The project includes a paved bicycle and pedestrian path, grading, fill, striping, signage, bollards, and lighting for the path including the State Route 163 undercrossing.

Justification: This project is part of the Bicycle Master Plan to guide the development and the creation of a firm foundation for a bicycle-friendly environment to serve bicyclists and pedestrians throughout the City. These improvements will benefit the community by increasing the mobility and safety through the enhancement of the bicycle path environment.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mission Valley Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary engineering and planning began in Fiscal Year 2006 and was completed in Fiscal Year 2008. The environmental review process began in Fiscal Year 2009 and was completed in Fiscal Year 2011. Design began in Fiscal Year 2008 and was completed in Fiscal Year 2011. Construction began in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2013.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Duration: 2008 - 2011	619-533-3575
Improv Type: New	spazargadi@sandiego.gov

Description: This project provides for various bikeway projects along the San Diego River Bike Path between Mission Trails Park and Mission Bay.

Justification: This project will provide an alternate to Old Town, Ocean Beach, Friars Road and Mission Gorge Road for bicyclists and pedestrians along the San Diego River and Navajo Community Plan.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mission Valley and Navajo Community Plans and is in conformance with the City's General Plan.

Schedule: This project has been cancelled and will be closed by the end of the fiscal year. Project funding will be returned to the fund for reallocation.

Summary of Project Changes: This project has been cancelled and will be closed by the end of the fiscal year.

Drainage - Storm Drain Pipes

San Remo Way Storm Drain / S11004

Council District: 2	Priority Score: 44
Community Plan: Peninsula	Priority Category: Medium
Project Status: Created	Contact Information: Batta, Jamal
Duration: 2011 - 2014	619-533-7482
Improv Type: Replacement	jbatta@sanidiego.gov

Description: This project provides for improved flood control by upgrading the existing pipe along San Remo Way.

Justification: This project will alleviate frequent flooding during normal storm events as a result of the current undersized storm drain.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Peninsula Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in 2011 and is scheduled to be complete in Fiscal Year 2013. Construction is scheduled to begin in Fiscal Year 2013 and to be complete in Fiscal Year 2014.

Summary of Project Changes: Deferred Capital Bond financing in the amount of \$75,000 will be allocated to this project in Fiscal Year 2013 for construction.

Project Status: Technically completed	Contact Information: Batta, Jamal
Duration: 1999 - 2010	619-533-7482
Improv Type: Replacement - Retrofit	jbatta@sanidiego.gov

Description: This project provides for eliminating the submerged outfall and for relocating and/or modifying the existing control system at the Storm Water pump station at Santa Clara Point in Mission Beach.

Justification: This project will improve the reliability of the pump station, thus preventing potential flooding of City streets.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mission Beach Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 1999 and was completed in Fiscal Year 2002. Construction began in Fiscal Year 1999 and was completed in Fiscal Year 2002. Environmental monitoring was completed in Fiscal Year 2010.

Summary of Project Changes: This project has been completed and will be closed by the end of the fiscal year.

Saturn Blvd Roadway Improvements / S11028

Council District: 8, 9	Priority Score: 41
Community Plan: Otay Mesa - Nestor	Priority Category: Medium
Project Status: Created	Contact Information: Nassar, Mark
Duration: 2011 - 2014	619-533-3172
Improv Type: Betterment	mnassar@sandiego.gov

Description: This project provides for the widening of the west side of Saturn Boulevard, north of Grove Street. The project includes new pavement, with approximately 980 linear feet of new curb, gutter and sidewalk, pedestrian ramps, retaining wall, drainage improvements and relocation of existing above ground utilities.

Justification: The project is located adjacent to a school where students disembark from a school bus and then walk to school via this route. This project would provide a safer pedestrian route for the students and also improve surface drainage.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa-Nestor Community Plan and is in conformance with the City's General Plan.

Schedule: Design was scheduled to begin in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2013. Construction is scheduled for Fiscal Year 2013.

Summary of Project Changes: TransNet funding in the amount of \$477,866 and Developer Impact Fee (DIF) funding in the amount of \$350,000 has been allocated to this project for Fiscal Year 2013.

Community Plan: Otay Mesa - Nestor	Priority Category: Medium
Project Status: Released	Contact Information: Palaseyed, Abi
Duration: 1994 - 2015	619-533-4654
Improv Type: Betterment	apalasayed@sandiego.gov

Description: This project provides for widening the west side of Saturn Boulevard to a four-lane collector street from Palm Avenue to Coronado Avenue. Improvements include construction of concrete curb, gutter, sidewalk, drainage facilities, asphalt concrete pavement, and landscaping as necessary.

Justification: This project is needed to widen the existing southbound traffic lanes to a four-lane collector and to standardize the street width to accommodate the increase in traffic volume.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa/Nestor Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary design was completed in Fiscal Year 1995 and design was completed in Fiscal Year 2002. Construction is scheduled to begin upon identification of funding. Design standards were updated in Fiscal Year 2011.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

School Traffic Safety Improvements / AIK00002

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Released	Contact Information: Fuentes, Julio
Duration: 2010 - 2021	619-533-3092
Improv Type: New	jfuentes@sanidiego.gov

Description: This annual allocation provides for the installation of traffic control devices, sidewalks, signal modifications and other improvements that will serve to improve safety surrounding schools. This allocation can also be used to match State or Federal grants for this purpose.

Justification: The Public Safety and Neighborhood Services Committee of the City Council requested that this program be instituted in order to proactively respond to school traffic safety problems in the City.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects will be identified each year based on the priorities identified by the Engineering and Capital Projects Department.

Summary of Project Changes: Prior year TransNet funding was reallocated from this project per City Council Resolution, R-307150, dated November 30, 2011. Additional TransNet funding has been allocated to this project through Fiscal Year 2017.

Trans - Roadway - Enhance/Scape/Medians

Scripps Ranch/Mira Mesa Medians Project / S00838

Council District: 5	Priority Score: 37
Community Plan: Scripps Miramar Ranch	Priority Category: Low
Project Status: Released	Contact Information: Palaseyed, Abi
Duration: 2001 - 2012	619-533-4654
Improv Type: Betterment	apalaseyed@sandiego.gov

Description: This project provides for median improvements on Scripps Ranch Boulevard between Hibert Street and Mira Mesa Boulevard and on Mira Mesa Boulevard from Interstate 15 to Scripps Ranch Boulevard. Bike lanes will also be added along Mira Mesa Boulevard. The improvements on Mira Mesa Boulevard will be done by a developer reimbursement agreement, and includes a new traffic signal and mid-block crosswalk at the Hibert Street driveway, restricting u-turns during peak hours for east bound to west bound Mira Mesa Boulevard at Scripps Ranch Boulevard, and accommodating u-turns at the Scripps Ranch Boulevard and Erma Road intersection. The City will be responsible for the improvements on Scripps Ranch Boulevard.

Justification: This portion of Scripps Ranch Boulevard and Mira Mesa Boulevard is classified as a four-lane major street. The median improvement will improve vehicle access and operations per the Scripps Miramar Ranch Public Facilities Financing Plan - Project 34-2A.

Operating Budget Impact: The operating and maintenance funding for this project is included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Scripps Miramar Ranch Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2004 and continued into Fiscal Year 2010. Construction of the Scripps Ranch Boulevard portion began in Fiscal Year 2012. Construction of the Mira Mesa Boulevard portion was scheduled to begin in Fiscal Year 2012, contingent upon approval of a reimbursement agreement and the completion of design by the developer.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Sea World Drive/Interstate 5 Interchange Imp / S00888

Council District: 2, 6	Priority Score: 74
Community Plan: Mission Bay Park	Priority Category: High
Project Status: Released	Contact Information: Palaseyed, Abi
Duration: 2007 - 2018	619-533-4654
Improv Type: Replacement	apalaseyed@sandiego.gov

Description: This project proposes to realign and widen the southbound off-ramp, reconfigure the off-ramp intersection to eliminate the free right turn onto Sea World Drive, widen the eastbound approach to the southbound on-ramp, and increase storage on the overcrossing for the eastbound to northbound left turn at the northbound on-ramp. In addition, this alternative proposes to provide a loop on ramp to northbound Interstate 5 from eastbound Sea World Drive. The eastbound and westbound approaches would be modified to provide required storage and the entire interchange would be relocated approximately 30-feet to the south to accommodate phased construction of a new overcrossing. In addition, when funding is identified, Sea World Drive will be widened to six lanes between Sea World Way and Interstate 5.

Justification: Widening Sea World Drive to six lanes and improving the Sea World Drive/Interstate 5 interchange are necessary to meet existing and forecasted traffic volumes.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mission Bay Park Master Plan and is in conformance with the City's General Plan.

Schedule: Project study report was completed in Fiscal Year 2011. Preliminary engineering and preparation of environmental document were scheduled to begin in Fiscal Year 2011 but have been put on hold due to funding constraints. Design and construction will be scheduled contingent upon availability of funding.

Summary of Project Changes: Through the Project Study Report (PSR) process eight conceptual alternatives were developed to address year 2035 traffic and three were determined to be viable Minimum Build, Loop ramp and no build alternatives. Funds for the ultimate improvements have not been fully identified. Total design, environmental, Right of Way, construction support and construction engineering is \$106 million (\$23.9m design, R/W, environmental and \$82.2 M for construction support and construction).

Seismic Retrofit West Mission Bay Drive Bridge / S00937

Council District: 2	Priority Score: N/A
Community Plan: Mission Bay Park	Priority Category: N/A
Project Status: Released	Contact Information: Palaseyed, Abi
Duration: 2003 - 2011	619-533-4654
Improv Type: Replacement - Retrofit	apalaseyed@sandiego.gov

Description: This project provides for the seismic retrofit which will consist of stabilizing the existing piers and joining the paired piers together at the waterline to increase support during seismic event.

Justification: The West Mission Bay Drive Bridge over Mission Bay Channel has been identified as a seismically deficient bridge by Caltrans.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mission Bay Park Community Plan and is in conformance with the City's General Plan.

Schedule: Construction activities were completed in Fiscal Year 2004. Post Construction Environmental Obligations were completed in Fiscal Year 2011. This action is pending the successful creation of an Eel Grass Mitigation Ban, of which the project will need to contribute \$4,200. This payment is a stipulation of an environmental permit.

Summary of Project Changes: This project has been completed and will be closed by the end of the fiscal year.

Project Status: Released	Contact Information: Gefrom, Walter
Duration: 2010 - 2021	619-527-7509
Improv Type: New	wgefrom@sandiego.gov

Description: This annual allocation provides for the replacement of damaged sidewalks, curbs and gutters Citywide.

Justification: This project replaces damaged sidewalks, curbs and gutters along streets in areas where children are required to walk to school and contributes to the City's ongoing efforts to promote walking as a mode of transportation.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the appropriate community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis and as funding is identified.

Summary of Project Changes: General Fund Contributions in the amount of \$400,000 have been allocated to the project for Fiscal Year 2013.

Skyline Drive Improvements / S00912

Council District: 4	Priority Score: 49
Community Plan: Skyline - Paradise Hills	Priority Category: Medium
Project Status: Released	Contact Information: Johnson, Brad
Duration: 2007 - 2013	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for improvements along Skyline Drive from 58th Street to Cardiff Street. These improvements include hardscape medians, traffic signal modifications, pavement enhancements, street lights, bus stops, pedestrian crossing improvements, traffic calming, and community signs.

Justification: The hardscaped medians, street lighting, and other proposed improvements will provide reduction in vehicle travel delay at many intersections. In addition, the proposed improvements will increase pedestrian and vehicular safety, particularly near many schools along the corridor. The project will also improve corridor walkability and add bicycle lanes that will provide connectivity to existing bicycle lanes.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Skyline/Paradise Hills Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary Design was completed in Fiscal Year 2008. Design began in Fiscal Year 2009 and was completed in Fiscal Year 2011. Construction began in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2013.

Summary of Project Changes: In Fiscal Year 2012, an additional \$400,000 in Transnet funding and \$719,921 in grant funds were added to the project through City Council Action R-307070, dated October 25, 2011. There are no significant changes to this project for Fiscal Year 2013.

Skyline Drive at Cardiff Improvements / S00927

Council District: 4	Priority Score: 37
Community Plan: Skyline - Paradise Hills	Priority Category: Low
Project Status: Released	Contact Information: Johnson, Brad
Duration: 2008 - 2013	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for a pop-out on the northwest corner of Skyline and Cardiff.

Justification: This project is required in order to provide traffic calming and safer pedestrian crossing.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Skyline/Paradise Hills Community Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2011. Construction was scheduled to begin in Fiscal Year 2012.

Summary of Project Changes: Improvements scheduled in this project will be included in the Skyline Drive Median and Parkway Improvements project, S-00912.

Soledad Mountain Road Emergency Repair Project / S00932

Council District: 2	Priority Score: N/A
Community Plan: La Jolla	Priority Category: N/A
Project Status: Released	Contact Information: Batta, Jamal
Duration: 2008 - 2011	619-533-7482
Improv Type: Replacement	jbatta@sandiego.gov

Description: This project provides for the reconstruction of Soledad Mountain Road. On October 3, 2007, a landslide occurred on Mt. Soledad and destroyed a large section of the 5700 block of Soledad Mountain Road and Desert View Drive Alley.

Justification: Soledad Mountain Road is classified as a four-lane major street with approximately 8,470 average daily traffic volume. The road is heavily utilized as a through access to and from La Jolla.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Schedule: The construction of Soledad Mountain Road has been completed and the road re-opened to traffic. Repairs to the landslide of the slope affecting Desert View Alley (S-00979) are also complete.

Summary of Project Changes: No significant change to this project for Fiscal Year 2013.

Project Status: Released	Contact Information: Doringo, Edric
Duration: 2007 - 2016	619-533-4655
Improv Type: New	edoringo@sandiego.gov

Description: This project provides for a new freeway interchange to address traffic congestion. The project will be constructed in coordination with Caltrans and the Federal Highway Administration. Land acquisition is required.

Justification: Traffic is at Level of Service I and is severely impacted by stoppage for trains at the Coaster Station.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mira Mesa and Torrey Pines Community Plans and is in conformance with the City's General Plan.

Schedule: Preliminary design began in Fiscal Year 2007 and was completed in Fiscal Year 2008. Design began Fiscal Year 2009 and is scheduled to continue through Fiscal Year 2013. Construction schedule is contingent upon identification of funding.

Summary of Project Changes: TransNet funding in the amount of \$625,000 has been allocated to this project for Fiscal Year 2013.

Sports Arena Blvd-Rosecrans to Midway / S00721

Council District: 2	Priority Score: 27
Community Plan: Midway - Pacific Highway	Priority Category: Low
Project Status: Released	Contact Information: Fuentes, Julio
Duration: 1992 - 2011	619-533-3092
Improv Type: Widening	jfuentes@sanidiego.gov

Description: This project provides for modifying the intersection of Sports Arena Boulevard, Rosecrans Street and Camino del Rio West and widening Sports Arena Boulevard to a six-lane major street between Midway Drive and Rosecrans Street by modifying the median and restriping the street. This project description is preliminary and the amounts shown below only reflect the funding currently programmed. The total funding needs of the project will be determined, once a final scope of work is established.

Justification: The eastbound traffic on Sports Arena Boulevard will be able to continue eastbound through the intersection of Sports Arena Boulevard/Rosecrans Street/Camino del Rio. Widening Sports Arena Boulevard will improve the traffic circulation. The average number of daily trips forecast for this segment of Sports Arena Boulevard is 50,000.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation and Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Midway/Pacific Highway Corridor Community Plan and is in conformance with the City's General Plan.

Schedule: The project description is preliminary and the scope of work is not established; only planning and other preliminary activities have been performed to date. The project schedule for the design and construction will be established once the scope of work is approved and funding identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Spring Canyon Road-Scripps Ranch to Pomerado Road / S00832

Council District: 7	Priority Score: 42
Community Plan: Scripps Miramar Ranch, Rancho Encantada	Priority Category: Medium
Project Status: Released	Contact Information: Qasem, Labib
Duration: 2004 - 2015	619-533-6670
Improv Type: New	lqasem@sandiego.gov

Description: This project provides for the installation of traffic signals at three locations and the construction of raised medians at a number of intersections to reduce cut-through traffic on local collector streets. The project includes interconnection of the traffic signals in the segment. Specific locations will be determined by a traffic study which is included in this scope of work. The Community Planning Committees of Miramar Ranch North and Scripps Ranch approved a two phase plan as a result of the scheduled traffic study: Phase I: Install a traffic signal on Spring Canyon Road at Spruce Run Drive and median chokers on Spring Canyon Road at Semillon Boulevard and Sunset Ridge Drive. Phase II: Further evaluation of traffic calming, roadway safety, capacity enhancement and traffic control features on Spring Canyon Road, which may include a traffic signal interconnect, additional traffic signals and electronic speed monitoring signs.

Justification: The traffic signals will allow pedestrians to cross at controlled intersections. The raised medians at the three intersections will provide additional control of the traffic movements. The additional raised medians at specific intersections will reduce cut-through traffic on local collector streets. Interconnecting the traffic signals will be an effective means of controlling traffic speeds without sacrificing roadway capacity.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Rancho Encantada Precise Plan and Scripps Miramar Ranch Community Plan, and is in conformance with the City's General Plan.

Schedule: The traffic study was done in Fiscal Year 2009. Design of Phase I traffic improvements began in Fiscal Year 2011 and was completed in Fiscal Year 2012. Construction was scheduled to begin in Fiscal Year 2012 and to be completed in Fiscal Year 2013.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Duration: 1995 - 2015	619-533-4618
Improv Type: New	mgiandoni@sandiego.gov

Description: This project provides for the construction of a Class II and Class III bikeway along State Route 15 from Landis Street to Adams Avenue.

Justification: This project provides the needed bikeway/bike path parallel with State Route 15 from Landis Street to Adams Avenue.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project implements the Mid-City: City Heights Community Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2010. Construction began in Fiscal Year 2011 and was completed in Fiscal Year 2012. Project will be closed out in Fiscal Year 2013.

Summary of Project Changes: No significant change to this project for Fiscal Year 2013.

State Route 163/Clairemont Mesa Blvd Interchange / S00905

Council District: 6	Priority Score: 71
Community Plan: Kearny Mesa	Priority Category: High
Project Status: Released	Contact Information: Palaseyed, Abi
Duration: 2005 - 2014	619-533-4654
Improv Type: Widening	apalaseyed@sandiego.gov

Description: This project provides for improving Clairemont Mesa Boulevard/State Route 163 to six-lane prime arterial standards. Phase I of the project consists of bridge widening and ramp realignment on the eastern side of the interchange. Phase II consists of ramp realignment on the western side. The interchange will be re-configured to eliminate existing loop on-ramps. The ramps will be re-configured to intersect Clairemont Mesa Boulevard at standard signalized intersections. High-occupancy vehicle/bus bypass lanes will be incorporated on the on-ramps.

Justification: These improvements will eliminate existing pedestrian/bike high-speed crossings and all vehicle, bike and pedestrian moves will be controlled, thus improving safety. Transit movement through the interchange area will be greatly enhanced.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Kearny Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2010 and was completed in Fiscal Year 2012. Construction is scheduled to begin in Fiscal Year 2013 and to be completed in Fiscal Year 2014.

Summary of Project Changes: TransNet funding in the amount of \$314,000 has been allocated to this project for Fiscal Year 2013. Total project cost has been reduced due to adjustments to TransNet funding per the RTIP.

State Route 163/Friars Road / S00851

Council District: 6	Priority Score: 61
Community Plan: Mission Valley	Priority Category: High
Project Status: Released	Contact Information: Palaseyed, Abi
Duration: 1990 - 2019	619-533-4654
Improv Type: Widening	apalaseyed@sandiego.gov

Description: This project provides for construction of a new southbound State Route 163 to westbound Friars Road off-ramp, widening of the Friars Road overcrossing structure to eight lanes extending to Frazee Road, construction of a third westbound lane on Friars Road to Fashion Valley Road, the addition of an exclusive right-turn lane on southbound Frazee Road to westbound Friars Road, other modifications to the existing on and off-ramps, and improvements to the existing State Route 163 southbound travel lanes to improve the weaving problems. This project also includes an auxiliary lane on southbound State Route 163 from Genesee Avenue to westbound Interstate 8, which requires major structural work to widen the bridge over the San Diego River. Additionally, over 5,300 feet of retaining walls will need to be constructed along State Route 163 and Friars Road, including one that is over 30 feet high. Friars Road widening and ramp improvements at Friars Road will be constructed with Phase I.

Justification: This project will alleviate some of the severe traffic delays along Friars Road due to new development in Mission Valley and the backup that occurs on the existing southbound off-ramp because of the weaving situation with the southbound on-ramp.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mission Valley Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary engineering was completed in Fiscal Year 1996. Phase I design began in Fiscal Year 2002 and continued through Fiscal Year 2009. Final design began in Fiscal Year 2011 and is scheduled to be completed in Fiscal Year 2014. Right of way will be acquired in Fiscal Year 2014. Construction for Phase I is scheduled for Fiscal Year 2014 due to an extended and complex design process. Phase II and Phase III are scheduled to be constructed in Fiscal Years 2017 and 2019.

Summary of Project Changes: TransNet funding in the amount of \$3,100,000 has been allocated to this project for Fiscal Year 2013.

State Route 56 Bike Interchanges / S00955

Council District: 1	Priority Score: 90
Community Plan: Black Mountain Ranch, Del Mar Mesa, Pacific Highlands Ranch, Rancho Penasquitos	Priority Category: High
Project Status: Released	Contact Information: Pazargadi, Siavash
Duration: 2006 - 2014	619-533-3757
Improv Type: New	spazargadi@sandiego.gov

Description: This project will provide for a bicycle path interchange and community connection points at Black Mountain Road, Camino Del Sur, Rancho Del Sol Way, and Torrey Meadows Drive along State Route 56.

Justification: Bicyclists and pedestrians traveling the SR-56 bicycle path and needing to cross through the interchange areas have to contend with high volumes of conflicting vehicular traffic. This project will expedite the movements along the bicycle path through and connecting to the interchange areas.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Black Mountain Ranch, Del Mar Mesa, Pacific Highlands Ranch, and Torrey Highlands Subarea Plans and the Rancho Penasquitos Community Plan, and is in conformance with the City's General Plan.

Schedule: The project study report began in Fiscal Year 2006 and was completed in Fiscal Year 2008. Design and construction for SR-56 / Black Mountain Road began in Fiscal Year 2010 and were completed in Fiscal Year 2012. Future projects are dependent on financial resources.

Summary of Project Changes: Facilities Benefit Assessment funding anticipated in Fiscal Year 2012 was not realized due to economic factors.

Duration: 1991 - 2011	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for the State Route 56 freeway between the Carmel Valley and Rancho Penasquitos communities. A four-lane freeway will be constructed with interchanges at Black Mountain Road, Camino Santa Fe and Camino Del Sur. This project will provide the necessary right-of-way and prepare the grade for a six-lane freeway. In addition, this project provides for the bikepath through the State Route 56 corridor, and a future project is planned for a bikepath interchange at Camino Del Sur. The preparation of project report and environmental document for the remaining Interstate 5/State Route 56 connector ramps is budgeted under S-00707, Interstate 5/State Route 56 Freeway Connectors.

Justification: This project is needed to provide an east-west connection between Interstate 5 and Interstate 15.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Los Penasquitos Canyon Preserve Master Plan, the Sabre Springs, Rancho Penasquitos and Torrey Hills Community Plans, and the Torrey Highlands and Pacific Highlands Ranch Subarea Plans, and is in conformance with the City's General Plan.

Schedule: This project was completed in Fiscal Year 2010.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Transportation & Storm Water

Trans - Roadway - Street Lighting

Stockton Street Lights / S10130

Council District: 8, 9	Priority Score: 22
Community Plan: Southeastern San Diego	Priority Category: Low
Project Status: Created	Contact Information: Qasem, Labib
Duration: 2009 - 2013	619-533-6670
Improv Type: New	lqasem@sandiego.gov

Description: This project will install 25 streetlights in the Memorial, Stockton and Grant Hill neighborhoods of Southeast San Diego. The proposed method of installation requires resident and Council office approvals which are forthcoming.

Justification: The street lights will improve the safety of pedestrian route to the new Logan Heights Library, the Clay Street Park, the Memorial Recreation Center, and the Stockton Recreation Center.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Southeastern San Diego Community Plan and in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2011 and construction was scheduled to be completed in Fiscal Year 2012 with project close out activities occurring in Fiscal Year 2013.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Project Status: Released	Contact Information: Johnson, Brad
Duration: 2007 - 2015	619-533-5120
Improv Type: Betterment	bjohnson@sandiego.gov

Description: This project provides for safety/capacity improvements on Streamview Drive from 54th Street to College Avenue to reduce excessive speeds, increase safety, and enhance visual impacts.

Justification: This project provides for safety/capacity improvements on Streamview Drive from 54th Street to College Avenue to reduce excessive speeds, increase safety, and enhance visual impacts.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mid-City: City Heights Community Plan and is in conformance with the City's General Plan.

Schedule: Design was scheduled to begin and to be completed Fiscal Year 2012. Construction was scheduled to begin in Fiscal Year 2013 and has been rescheduled for Fiscal Year 2016 pending allocation of funding.

Summary of Project Changes: Project schedule has been revised to reflect availability of TransNet funding.

Street Light Circuit Upgrades / AIH00002

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Released	Contact Information: Gefrom, Walter
Duration: 2010 - 2020	619-527-7509
Improv Type: New	wgefrom@sandiego.gov

Description: This annual allocation provides for the replacement of obsolete street light series circuits.

Justification: Series circuits are over 70 years old and no longer meet current standards and they constantly have maintenance problems which impact a large number of lights.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: It is anticipated that this project will receive Deferred Capital Bond financing from a City Council action in Fiscal Year 2012.

Trans - Roadway - Erosion/Slope/Ret Wall

Talbot Street Slope Restoration / S00609

Council District: 2	Priority Score: 72
Community Plan: Peninsula	Priority Category: High
Project Status: Released	Contact Information: Batta, Jamal
Duration: 2007 - 2013	619-533-7482
Improv Type: Betterment	jbatta@sandiego.gov

Description: This project provides for the stabilization of the slope adjacent to Talbot Street at Martinez Street.

Justification: The winter storms of 2004 and 2005 eroded the steep slope adjacent to Talbot Street and threatened the houses at the top of the slope. This project is eligible for Federal Highways Administration (FHWA) reimbursement.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Peninsula Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2008 and was completed in Fiscal Year 2011. Construction is scheduled to be completed in Fiscal Year 2014.

Summary of Project Changes: TransNet funding has been allocated to this project for Fiscal Year 2013.

Trans - Bicycle Facilities (All Class.)

Taylor Street - Bikeway / S00965

Council District: 2	Priority Score: 56
Community Plan: Old San Diego	Priority Category: High
Project Status: Released	Contact Information: Lundquist, James
Duration: 2007 - 2012	619-533-3045
Improv Type: New	jlundquist@sanidiego.gov

Description: This project provides for the replacement of a bicycle lane on Taylor Street between Presidio Drive and Hotel Circle South, adjacent to Presidio Park.

Justification: Erosion has caused the cliffside at this location to destabilize. Temporary barriers are in place to prevent additional rockslide onto Taylor Street; however, these barriers have eliminated the bicycle lane. This project will re-establish the bike lane.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Old San Diego Community Plan and is in conformance with the City's General Plan.

Schedule: Construction schedule and funding were determined upon transfer to the Engineering & Capital Projects Department in Fiscal Year 2011 and will be incorporated in the cliff stabilization project.

Summary of Project Changes: TransNet funding in this project was revised per City Council Resolution R-307150, dated November 30, 2011. Total project cost was reduced by \$30,908.

Ted Williams Pkwy Bridge/Shoal Creek Dr / S00941

Council District: 5	Priority Score: 23
Community Plan: Carmel Mountain Ranch	Priority Category: Low
Project Status: Released	Contact Information: Palaseyed, Abi
Duration: 2008 - 2013	619-533-4654
Improv Type: New	apalaseyed@sanidiego.gov

Description: This project provides for construction of a pedestrian bridge along Shoal Creek Drive to facilitate crossing Ted Williams Parkway. This phase of the project includes design and environmental studies.

Justification: The intersection is in close proximity to Shoal Creek Elementary School and has a high volume of children crossing Ted Williams Parkway. This project will increase pedestrian safety and was requested by City Council and the community.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Carmel Mountain Ranch Community Plan and is in conformance with the City's General Plan.

Schedule: Environmental approval was received in Fiscal Year 2011. Design began in Fiscal Year 2008 and was completed in Fiscal Year 2012. Construction is scheduled to begin and to be completed in Fiscal Year 2013.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Torrey Meadows Drive Overcrossing / S10015

Council District: 1	Priority Score: 46
Community Plan: Torrey Highlands	Priority Category: Medium
Project Status: Created	Contact Information: Tracanna, John
Duration: 2010 - 2020	619-533-3682
Improv Type: New	jtracanna@sandiego.gov

Description: This project provides for the design and construction of a two-lane overcrossing of Torrey Meadows Drive over State Route 56. This project will include the bridge approaches on each side of the bridge, approximately 200 linear feet of a two-lane local collector road, together with any right-of-way not previously acquired as part of the State Route 56 project. The City is moving forward with a reimbursement agreement with developer to provide design and construction specifications for future construction of project.

Justification: This two-lane connection will provide access to the neighborhood park, elementary and high schools, and the local mixed use zone for those properties south of State Route 56. The project should alleviate traffic congestion on the Camino Del Sur Interchange and provide enhanced traffic flow.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Torrey Highlands Subarea Plan, the Torrey Highlands Public Facilities Financing Plan (Project T-9) and is in conformance with the City's General Plan.

Schedule: Design and the environmental review process began in Fiscal Year 2010. Project design and construction is to be completed by developer in accordance with a future Reimbursement Agreement (RA).

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Torrey Pines Improvements Phase I / S00613

Council District: 1	Priority Score: 58
Community Plan: La Jolla	Priority Category: High
Project Status: Released	Contact Information: Fuentes, Julio
Duration: 2010 - 2015	619-533-3092
Improv Type: Betterment	jfuentes@sanidiego.gov

Description: This project provides for improvements to Torrey Pines Road from La Jolla Parkway to Prospect Place. Improvements may include guardrails, median improvements, sidewalks, traffic signals and lighting, and installation of bikelanes and striping modifications.

Justification: Improvements are needed on the subject section of Torrey Pines Road in order to accommodate existing and future traffic volumes, and to provide for roadway features to enhance safety and traffic flow for vehicles, bicycles and pedestrians. A Corridor Study has been completed and potential improvements have been identified to enhance traffic safety and walkability along the Torrey Pines Road corridor.

Operating Budget Impact: Costs for operation and maintenance above and beyond the current levels within the project area will be included in the Transportation and Storm Water Department's budget during the final design phase.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary design was completed in Fiscal Year 2011. Phase I design will begin in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2013. Construction of Phase I improvements will be scheduled upon identification of funding.

Summary of Project Changes: No significant changes to this project for Fiscal Year 2013.

Project Status: Released	Contact Information: Batta, Jamal
Duration: 2000 - 2012	619-533-7482
Improv Type: Betterment	jbatta@sandiego.gov

Description: This project provides for reconstructing a 350-foot section of earthen slope along the south side of Torrey Pines Road between Little Street and Roseland Drive.

Justification: The existing slope is eroding. This project will eliminate the possibility of soil slough landing in the travel lane of a primary arterial street.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the La Jolla Community Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2012. Construction is scheduled to begin in Fiscal Year 2013 and to be completed in Fiscal Year 2014.

Traffic Calming / AIL00001

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Released	Contact Information: Fuentes, Julio
Duration: 2010 - 2020	619-533-3092
Improv Type: Replacement	jfuentes@sanidiego.gov

Description: This annual allocation provides for installing traffic control measures on an as-needed basis. These improvements respond to a variety of traffic concerns such as speeding motorists and shortcutting traffic. Solutions used may include the construction of flashing beacons and geometric design features such as road humps and traffic islands.

Justification: This annual allocation is needed to improve safety by mitigating traffic problems on streets such as speeding, shortcutting traffic, and the need for increased pedestrian safety.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: TransNet funding has been allocated to this project through Fiscal Year 2017.

Trans - Signals - Traffic Signals

Traffic Count Stations-Various Locations / S10098

Council District: 1, 2	Priority Score: N/A
Community Plan: Peninsula, Pacific Beach, University	Priority Category: N/A
Project Status: Created	Contact Information: Qasem, Labib
Duration: 2004 - 2011	619-533-6670
Improv Type: Betterment	lqasem@sandiego.gov

Description: This project provides a means to conduct traffic studies and counts at various locations in the Peninsula, North University City and Pacific Beach Communities.

Justification: This project provides traffic counts and studies necessary determining traffic conditions and for developing solutions for improving traffic safety.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Peninsula, Pacific Beach, and University Community Plans and is in conformance with the City's General Plan.

Schedule: Traffic counts and studies began in Fiscal Year 2010 and were completed in Fiscal Year 2011.

Summary of Project Changes: This project has been completed and will be closed by the end of the fiscal year.

Traffic Signals - Citywide / AIL00004

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Released	Contact Information: Fuentes, Julio
Duration: 2010 - 2020	619-533-3092
Improv Type: Replacement	jfuentes@sanidiego.gov

Description: This annual allocation provides for the installation of traffic signals at high-priority locations and the City's share of the costs of traffic signals undertaken in cooperation with others.

Justification: The City maintains an inventory of candidate intersections which are periodically surveyed for significant changes in operating conditions. Installing traffic signals in select intersections provides for the orderly movement of traffic, increased traffic handling capacity, reduced frequency of accidents, and for improved traffic flow. Signals also permit vehicles and pedestrians from a minor street to enter or cross continuous traffic on the major street. The criteria for installing traffic signals are governed by Council Policy 200-6.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: TransNet funding has been allocated to this project through Fiscal Year 2017.

Community Plan: Citywide	Priority Category: Annual
Project Status: Released	Contact Information: Tracana, John
Duration: 2010 - 2020	619-533-3682
Improv Type: Replacement	jtracana@sandiego.gov

Description: This project provides for installing traffic signals identified in the Development Impact Fees (DIF) needs lists for various urbanized communities.

Justification: The purpose of this project is to provide for construction of required traffic signals.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the appropriate community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled as funding is identified.

Summary of Project Changes: This annual allocation is no longer being funded. DIF funded traffic signal projects will be assigned individual CIP numbers as funding and locations are identified. Budget remaining in this annual allocation will be returned to the fund for reallocation.

Trans - Signals - Traffic Signals

Traffic Signals Modification / AIL00005

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Released	Contact Information: Hughes, Duncan
Duration: 2010 - 2020	619-533-3141
Improv Type: Replacement	drhughes@sandiego.gov

Description: This annual allocation provides for upgrading existing traffic signals as necessary to improve traffic flow and promote safety. Improvements may include conversion from post-mounted to mast-arm-mounted indicators, addition of pedestrian signals, and additional phases to accommodate separate turning moves.

Justification: The City maintains an ongoing program to promote safety within the public right-of-way. Analysis of accident patterns at a particular location often shows that some minor improvement would help to reduce the number and/or severity of accidents. In addition, increasing traffic volumes and changing traffic patterns typically reduce the effectiveness and efficiency of existing traffic signal controls at certain intersections, warranting upgrades.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: Developer Impact Fee (DIF) funding from various sources has been allocated to this project for Fiscal Year 2013. In addition, TransNet funding has been allocated to this project through Fiscal Year 2017.

Triple Pipe Crossing - Dennery Road / S10017

Council District: 8, 9	Priority Score: N/A
Community Plan: Otay Mesa	Priority Category: N/A
Project Status: Created	Contact Information: Tracanna, John
Duration: 2010 - 2020	619-533-3682
Improv Type: New	jtracanna@sandiego.gov

Description: This project provides for constructing a triple pipe arch culvert beneath Dennery Road where the road spans Dennery Canyon to maintain the continuity of the Dennery Canyon Open Space link with the Otay River Valley and to accommodate the existing wildlife movement.

Justification: The alignment of Dennery Road will bisect a key wildlife corridor within the Otay Mesa Community. In order to minimize the disturbance, a wildlife undercrossing is proposed to provide an unobstructed corridor for wildlife movement between Dennery Canyon and the Otay River Valley.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Otay Mesa Community Plan and is in conformance with the City's General Plan.

Schedule: The design and construction of the triple pipe crossing shall be performed by the subdivider responsible for the construction of Dennery Ranch Road and reimbursed from Facilities Benefit Assessment funding.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

University Ave/Alabama Bike & Ped Safety Imp / S00960

Council District: 3	Priority Score: 56
Community Plan: Greater North Park	Priority Category: High
Project Status: Released	Contact Information: Batta, Jamal
Duration: 2007 - 2014	619-533-7482
Improv Type: Betterment	jbatta@sandiego.gov

Description: This project provides for the restriping of University Avenue from east of Florida Street to the west side of Mississippi Street, including the two intersections of University Avenue at Alabama Street to provide a center refuge median and wider travel lanes to improve bicycle and pedestrian safety. This project will provide for the removal of parking on both sides of the street and eliminate left turns in and out of both intersections of University Avenue and Alabama Street.

Justification: This project will provide a center refuge median and wider travel lanes to improve bicycle and pedestrian safety.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Greater North Park Community Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2010. Construction was scheduled to begin in Fiscal Year 2012 and has been rescheduled pending receipt of funds.

Summary of Project Changes: Grant funding in the amount of \$630,000 anticipated to be received in Fiscal Year 2012 was not realized.

University Avenue Mobility Project / S00915

Council District: 3	Priority Score: 53
Community Plan: Greater North Park	Priority Category: Medium
Project Status: Released	Contact Information: Johnson, Brad
Duration: 2007 - 2014	619-533-5120
Improv Type: New	bjohnson@sandiego.gov

Description: This project provides for the University Avenue Mobility Project-Phase I (UAMP-Phase I), which is a subset of the improvements planned in the larger University Avenue Mobility Plan. Since funding for the entire project is not available at this time, the Phase I project was developed by combining selected portions of the UAMP that would provide the greatest benefits, focusing on the commercial core of the corridor. The major elements of the UAMP-Phase I are restriping to provide a painted median, left turn pockets at signalized intersections and improved lane widths, installation of raised landscaped medians in the core area, installation of enhanced pedestrian crosswalks, repainting of existing crosswalks, removal of parallel on-street parking, and re-striping to provide angle parking on both sides of the street.

Justification: This project will significantly improve safety and mobility along the corridor for pedestrians, bicyclists, transit, and automobile traffic.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Greater North Park Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary design began in Fiscal Year 2007. The environmental process began in Fiscal Year 2009 and is scheduled to be completed in Fiscal Year 2013. Design began in Fiscal Year 2012 and is scheduled to be completed in Fiscal Year 2013. Construction is scheduled to begin in Fiscal Year 2013 and be completed in Fiscal Year 2014. Later phases of UAMP will be determined as additional funding is appropriated.

Summary of Project Changes: TransNet funding in the amount of \$200,000 has been allocated to this project for Fiscal Year 2013.

University Avenue Sidewalk from 54th to 68th / S00910

Council District: 3, 7	Priority Score: 39
Community Plan: City Heights (Mid-City), College Area	Priority Category: Low
Project Status: Released	Contact Information: Fuentes, Julio
Duration: 2008 - 2012	619-533-3092
Improv Type: New	jfuentes@sanidiego.gov

Description: This project provides for the installation of approximately 16,000 feet of new concrete sidewalk and other roadway and safety/capacity improvements on both sides of University Avenue from 54th Street to 68th Street. In addition, a corridor study will be completed to analyze existing conditions and future traffic in order to determine other capacity and safety improvements.

Justification: The existing sidewalk has settled and cracked necessitating replacement in order to provide safe pedestrian access. Portions of University Avenue within the limits of this project are without sidewalks. New sidewalk will be constructed in these areas. In addition, a corridor study will be completed to analyze existing conditions and future traffic in order to determine other capacity and safety improvements.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the College Area and Mid-City: City Heights and Eastern Area Communities Plans and is in conformance with the City's General Plan.

Schedule: Preliminary engineering was completed in Fiscal Year 2012. Design was scheduled to begin and to be completed in Fiscal Year 2012 and construction is scheduled for Fiscal Year 2013. This schedule is dependent upon realization of funding.

Summary of Project Changes: Redevelopment Agency funding in the amount of \$1.75 million which had been anticipated for this project is now on hold and the budget has been removed from the project.

University Avenue and Front Street Pop Out / S00909

Council District: 3	Priority Score: N/A
Community Plan: Uptown	Priority Category: N/A
Project Status: Technically completed	Contact Information: Batta, Jamal
Duration: 2007 - 2011	619-533-7482
Improv Type: New	jbatta@sanidiego.gov

Description: This project will provide for pedestrian improvements at the corner of University Avenue and Front Street and will include the construction of a pop-out on the southwest corner and a new curb ramp on the north side of the intersection.

Justification: Installation of the pop-out will shorten the crossing distance on both University Avenue and Front Street, and make pedestrians more visible to vehicular traffic travelling east on University Avenue. The pop-out will also sharpen the angle at the southwest corner of the intersection, which should result in slower speeds for eastbound right turning vehicles and provide a safer walking environment for the community.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Uptown Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary design began and was completed in Fiscal Year 2009. Construction was completed in Fiscal Year 2010.

Summary of Project Changes: This project is complete and will be closed by the end of the fiscal year.

Utilities Undergrounding Program / AID00001

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Released	Contact Information: Reyes, Mario
Duration: 2010 - 2020	619-533-7426
Improv Type: Betterment	mreyes@sanidiego.gov

Description: This annual allocation provides for additional underground conversion projects to augment the California Public Utilities Commission (CPUC) Rule 20A projects as well as provides for the necessary administrative expenses, conversion of City-owned street lighting, and resurfacing of roadways associated with the undergrounding of utilities.

Justification: The CPUC mandates that local utility companies allocate funding for undergrounding of utilities at the direction of the local municipality. San Diego Gas and Electric (SDG&E), AT&T and the cable companies spend several million dollars annually to underground overhead facilities. The City must provide the utility companies with a priority listing of projects, aid coordination, establish underground utility districts and give informational support. Construction costs for undergrounding are paid by utility companies in accordance with Public Utilities Commission Decisions 73078, 820118 and Case 8209. If not provided with administrative support, millions of dollars of utility company construction money could go unused. Additional underground conversion projects are funded through the City Undergrounding Surcharge Fund. This fund is used solely for the undergrounding of utilities and cannot be used for other purposes.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Via de la Valle Widening / RD11001

Council District: 1	Priority Score: N/A
Community Plan: Black Mountain Ranch	Priority Category: N/A
Project Status: Created	Contact Information: Abeyta, Angela
Duration: 2011 - 2013	619-533-3674
Improv Type: Widening	aabeyta@sandiego.gov

Description: This project will reconstruct existing Via de la Valle between San Andres Drive and El Camino Real West to a modified four-lane major street to accommodate existing and projected sub-regional traffic. Modify signals at San Andres Drive and El Camino Real West as required and relocate existing overhead utilities to underground locations. Restripe Via de la Valle between San Andres Drive and Interstate 5 to six lanes. This is project T-32.1 in the Black Mountain Ranch Public Facilities Financing Plan.

Justification: This facility is required to accommodate traffic generated by new development in Black Mountain Ranch and surrounding communities as well as existing sub-regional traffic needs.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the black Mountain Ranch Community Plan and is in conformance with the City's General Plan.

Schedule: Preliminary engineering and design is on-going, with final design and construction currently scheduled for Fiscal Year 2013 and 2014.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2013.

Project Status: Technically completed	Contact Information: Lundquist, James
Duration: 2010 - 2020	619-533-3045
Improv Type: New	jlundquist@sanidiego.gov

Description: This project provides for the construction of one mile of Class III bicycle route on Villa La Jolla Drive from Nobel Drive to Gilman Drive.

Justification: The project will facilitate bicycle usage in the community, while conforming with the Bicycle Master Plan.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the University Community Plan and is in conformance with the City's General Plan.

Schedule: Design and construction began in Fiscal Year 2010 and were completed in Fiscal Year 2011.

Summary of Project Changes: This project has been completed and will be closed by the end of the fiscal year.

Village Loop Road / S00919

Council District: 1	Priority Score: N/A
Community Plan: Pacific Highlands Ranch	Priority Category: N/A
Project Status: Released	Contact Information: Tracanna, John
Duration: 2007 - 2010	619-533-3682
Improv Type: New	jtracanna@sanidiego.gov

Description: This reimbursement project provides for construction of Village Loop Drive, from the intersection of Del Mar Heights Road and Carmel Valley Road easterly to the property line (approximately 2,000 linear feet), as a four-lane collector roadway within a 108 foot right-of-way route providing access to the high school site and the core residential areas.

Justification: This project is dependent upon the development of the high school, community park, and core residential area including the village area of the community.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Pacific Highlands Ranch Public Facility Financing Plan and is in conformance with the City's General Plan.

Schedule: The developer (Pardee) advanced funding for this project and will be reimbursed from the Pacific Highlands Ranch Facilities Benefit Assessment (FBA) under the terms of a reimbursement agreement. Reimbursement is programmed from Fiscal Years 2006 through 2013. Project is complete.

Summary of Project Changes: It is anticipated that the developer will be reimbursed in Fiscal Year 2013.

Vista Sorrento Parkway Bike Lanes / S01097

Council District: 1, 5	Priority Score: N/A
Community Plan: Mira Mesa, Torrey Pines	Priority Category: N/A
Project Status: Technically completed	Contact Information: Johnson, Brad
Duration: 2002 - 2011	619-533-5120
Improv Type: New	bjohnson@sanidiego.gov

Description: This project provides for the construction of bike lanes on Vista Sorrento Parkway between Sorrento Valley Boulevard and Lusk Boulevard by widening the existing roadway.

Justification: Bicyclists along this section of Vista Sorrento Parkway currently must contend with heavy volumes and high speeds from vehicular traffic in common lanes. The proposed bike lanes will provide a separate venue for bicyclists to use, which is in accordance with the Torrey Pines and Mira Mesa Community Plans.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Torrey Pines and Mira Mesa Community Plans and is in conformance with the City's General Plan.

Schedule: Construction was completed in Fiscal Year 2010.

Summary of Project Changes: This project will be closed by the end of the fiscal year.

Washington Street Improvements Phase II / S00703

Council District: 2	Priority Score: 33
Community Plan: Uptown	Priority Category: Low
Project Status: Released	Contact Information: Johnson, Brad
Duration: 2001 - 2012	619-533-5120
Improv Type: Betterment	bjohnson@sandiego.gov

Description: This project provides for streetscape improvements on Washington Street between San Diego Avenue and India Street, and between Goldfinch Street and Dove Street.

Justification: The Mission Hills Community Plan group adopted the Washington Street Beautification Master Plan in Fiscal Year 1997. Streetscape improvements are being installed to revitalize the Mission Hills Business District.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project implements the Uptown Community Plan and is in conformance with the City's General Plan.

Schedule: Construction of Phase I was completed in Fiscal Year 1994. A community tree planting added 80 street trees to Washington Street in Fiscal Year 1998. Design of Phase II was completed in Fiscal Year 1999. Construction of Phase II, segment one, which included upgrades and public artwork in two medians, was completed in Fiscal Year 2000. Improvements to the intersection of Washington Street and Goldfinch Street were designed in Fiscal Years 2003 and 2004, updated in Fiscal Year 2007 including median improvements on Washington Street between Goldfinch and Falcon Streets and between Eagle and Dove Streets. Construction of these improvements was completed in Fiscal Year 2009. The design for median improvements on Washington Street between India Street and San Diego Avenue was completed in Fiscal Year 2011. Construction was completed in Fiscal Year 2012.

Summary of Project Changes: This project will be closed by the end of the fiscal year.

Drainage - Best Mgt Practices (BMPs)

Watershed CIP / ACC00001

Council District: Citywide	Priority Score: Annual
Community Plan: Citywide	Priority Category: Annual
Project Status: Released	Contact Information: Matter, Gene
Duration: 2010 - 2015	858-451-4346
Improv Type: Betterment	rmatter@sandiego.gov

Description: This project provides for the design and construction of watershed capital projects. These projects, in conjunction with non-structural water quality projects, address storm drain discharge water quality standards.

Justification: The purpose of these projects is to remove pollutants from storm water before it enters our public waterways or to reuse the storm water and keep it from entering public waterways. This results in reduced pollutants entering the ocean and various San Diego rivers and bays. These projects satisfy watershed-based water quality activity requirements in the Regional Water Quality Control Board's Municipal Storm Water National Pollutant Discharge Elimination System (NPDES) permit.

Operating Budget Impact: Maintenance cost of the structural watershed Best Management Practice (BMP) needs to be estimated and included in the storm drain infrastructure operating budget by Fiscal Year 2020.

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects will be scheduled to address pollutants of concern within high priority watersheds and are planned based on regulatory requirements and as funding is allocated.

Summary of Project Changes: For Fiscal Year 2013, total project costs have been increased by \$2,740,000 for the construction of several water quality improvement projects.

West Mission Bay Drive Bridge Over San Diego River / S00871

Council District: 2, 6	Priority Score: 70
Community Plan: Midway - Pacific Highway, Mission Bay Park, Peninsula	Priority Category: High
Project Status: Released	Contact Information: Palaseyed, Abi
Duration: 1997 - 2021	619-533-4654
Improv Type: Replacement	apalaseyed@sanidiego.gov

Description: This project provides for replacing the existing four-lane West Mission Bay Drive bridge with a six-lane bridge, sidewalk, bike lanes and shoulder improvements.

Justification: A six-lane facility is needed to accommodate both the existing and the projected future traffic volumes. It was determined that a bridge replacement was more cost effective than widening the existing bridge.

Operating Budget Impact: The operating and maintenance funding for this project will be included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the Mission Bay Park Master Plan, Midway - Pacific Highway Community Plan, and the Peninsula Community Plan, and is in conformance with the City's General Plan.

Schedule: Preliminary engineering was scheduled to begin in Fiscal Year 1998, however the scope changed from bridge widening to bridge replacement. Feasibility and environmental studies began in Fiscal Year 2001. Preliminary engineering and Environmental Document began in Fiscal Year 2009 and were scheduled to be completed in Fiscal Year 2013. Design is scheduled to begin in Fiscal Year 2012 and to be completed in Fiscal Year 2013. Construction is scheduled to begin in Fiscal Year 2014.

Summary of Project Changes: TransNet funding in the amount of \$2,500,000 has been allocated to this project for Fiscal Year 2013. It is anticipated that Federal Highway Administration (FHA) grant funding and donated funds will become available for this project in Fiscal Year 2013.

Project Status: Released	Contact Information: Batta, Jamal
Duration: 2004 - 2010	619-533-7482
Improv Type: Replacement	jbatta@sanidiego.gov

Description: This project provides for public improvements along West San Ysidro Boulevard on the block located between Cottonwood and Via de San Ysidro. The improvements are the initial revitalization activities for the area and will consist of sidewalk improvements, new street trees, and ornamental street lamps.

Justification: The City of San Diego Redevelopment Agency and San Ysidro Business Improvement District have identified this public improvement project as a priority for the San Ysidro commercial district to help eliminate blight, spark new development, and increase business activity.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the San Ysidro Community Plan and is in conformance with the City's Progress Guide and General Plan.

Schedule: Design began and was completed in Fiscal Year 2004. Project has been completed.

Summary of Project Changes: This project has been completed and will be closed by the end of the fiscal year.

Willow Elementary School-Safe Route to School / S00740

Council District: 8, 9	Priority Score: 38
Community Plan: San Ysidro	Priority Category: Low
Project Status: Technically completed	Contact Information: Batta, Jamal
Duration: 2006 - 2011	619-533-7482
Improv Type: New	jbatta@sandiego.gov

Description: This project provides for improved pedestrian safety around Willow Elementary School. The scope includes the construction of new sidewalks, curb ramps, and pedestrian countdown timers.

Justification: The area surrounding Willow Elementary School has high automobile, bicycle, and pedestrian injury rates. This project will provide a safer walking environment for both students and members of the community.

Operating Budget Impact: The operating and maintenance funding for this project has been included in the Transportation & Storm Water budget.

Relationship to General and Community Plans: This project is consistent with the San Ysidro Community Plan and is in conformance with the City's General Plan.

Schedule: Design was completed in Fiscal Year 2009. Construction was completed in Fiscal Year 2010.

Unfunded Needs List

Project	Project Total	Unidentified Funding	Percent Unfunded	Description
34th Street Storm Drain / S11001	183,000	108,000	59.0%	This project provides for improved flood control by upgrading the existing pipe and outfall along 34th Street. Design and construction phases of this project are currently unfunded.
Alvarado Canyon Road Realignment / S00894	5,729,556	5,140,000	89.7%	This project provides for the realignment of Alvarado Canyon Road from 380 feet east of the Fairmount Avenue and Camino Del Rio North intersection to the Fairmount Avenue and Mission Gorge Road intersection. The construction phase is currently unfunded.
Coastal Rail Trail / S00951	21,905,754	19,925,629	91.0%	This project provides for construction of a bicycle route between the San Diego-Del Mar city limit and Downtown San Diego. Design and construction of future phases of the project are currently unfunded.
Concrete Streets / AID00006	24,100,000	21,600,000	89.6%	This annual allocation provides for resurfacing, repair, and reconstruction of concrete streets which are necessary to maintain the concrete streets in a serviceable condition and to prevent deterioration.
Del Mar Heights Road Center Median / S00884	2,455,000	2,000,000	81.5%	This project provides for raised center decorative concrete medians on Del Mar Heights Road, between Mango Drive and the San Diego city limits. The construction phase is currently unfunded.
Drainage Projects / ACA00001	249,030,078	85,507,101	34.3%	This annual allocation provides for restructuring or replacing failed drainage facilities citywide. The unidentified funding amount reflects the funding needed to address the deferred capital needs of the City's General Fund supported drainage projects based on condition assessments.
El Camino Real - Half Mile to Via De La Valle / S00856	32,408,869	19,941,511	61.5%	This project provides for reconstruction and widening of the existing two-lane bridge to a four-lane bridge. The construction phase is currently unfunded.
Genesee Avenue - Widen Interstate 5 Crossing / S00839	102,300,000	7,700,000	7.5%	This project provides for widening Genesee Avenue and for Interstate 5 Corridor improvements. Construction of additional corridor improvements is currently unfunded.
La Jolla Village Drive and Regents Road / S00867	1,370,900	90,900	6.6%	This project provides for improved traffic flow at the La Jolla Village Drive and Regents Road intersection. A portion of the construction phase is currently unfunded.
Mission Beach Boardwalk Bulkhead / S00726	5,392,225	3,500,000	64.9%	This project provides for preserving the life of the Mission Beach Boardwalk bulkhead from Balboa Court to Pacific Beach Drive. Construction phase is currently unfunded.
Mission Beach Boardwalk Widening Project / S00860	3,163,500	2,753,000	87.0%	This project increases public accessibility to the beach areas in Pacific and Mission Beach, including the acquisition of the right-of-way at Santa Rita Place, Pacific Beach Drive to Oliver Avenue, and the widening of the boardwalk from Santa Rita Place to Thomas Avenue.
